

# BELIEVE CLOCK CAN BE LIGHTED

### County Court Will Continue Efforts to Illuminate Dials By Reflection System.

Unless the electrician can arrange the electric lights on the court house timepiece in such a way that will present a more favorable appearance to the big face, the county court will let darkness reign over the gilded hands and letters, and let Salem people keep time by the sounds of the bell.

Mayor Rodgers gave the county court a clear description of the manner in which the lights are placed around the city clock in Butte, Montana, but from the appearance of the Marion county regulator last night, there has been a miscalculation. The mayor says that the Butte clock can be seen from any part of the city, and the time can be plainly told due to a simple reflection from incandescent lights.

The local clock last night resembled a full moon in the eclipse, and in order to tell the time, a very close look at the distance of a block and then a long guess was necessary. However, County Judge Bushey is of the opinion that the clock can be illuminated successfully with the reflection system, and further efforts will be made to perfect the Butte idea.

# HER PHYSICIAN ADVISED

### Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all woman's troubles, and I never forget to tell my friends what it has done for me."

**Another Woman Helped.**  
Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing peculiarities to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

Honolulu. Several prominent baseball men have been named as probable successors to Ewing. Among these are Fielder Jones, former manager of the Chicago White Sox and Bill Lang.

It is believed that Judge McCredie will propose the name of George F. Robertson, a former San Francisco boy, for the place. Ewing has declared that any capable baseball man will suit him.

Indications are that there will be a spirited discussion over the question of giving the Northwest League the right to remain in Portland for another year. It is generally believed that the votes of San Francisco and Oakland are split on this question.

# MUST NOT VIOLATE GAME LAWS

### Oregon Hunters Will be Forced to Observe Statutes of Sister State in Future.

As a result of the many complaints being made by the Californians residing in the northern part of the state near the Oregon line about Oregon hunters crossing the line into California and violating the game law, Governor Benson announced today that he will grant extradition papers for the violators of the California game laws in Oregon.

It has been a regular custom for years, along the line between Oregon and California, for Oregon sportsmen to cross the line and kill game contrary to the game laws of the lower state, and then cross the line back into Oregon, thus eluding the California officials. Governor Benson decided to look into the matter recently, and after a consultation with Attorney-General Crawford, gave out the announcement this morning that for all Oregon persons committing misdemeanors in California, by killing game out of season, he will grant extradition papers, and allow the California officials to prosecute them.

The constitution says that extradition papers may be granted for the return of all persons committing felonies or other crimes, which gives the chief executive permission to sign extradition papers for persons accused of misdemeanors, which is the term in law used for those violating the game laws.

# HAUNTED BY VISION OF HER VICTIM

[UNITED PRESS LEASED WIRE.]  
Auburn, Cal., Nov. 15.—Alma Bell will be the star witness in her own defense for the killing of her lover, Joe Armes, according to the statement today of Attorney L. L. Chamberlain, of the defense's counsel.

The girl is prepared to tell the court and jury of her love for Joe Armes, of her anguish when he failed to keep his promise to marry her, and the facts that led up to the killing. She will also relate how a lifeless child was born to her in jail.

She complained today that her cell was cold last night.

"I couldn't sleep at all during the night, I was so cold," she said. "There was a little oil stove going, but I couldn't keep warm, even after I piled all my clothes on the bed. I shivered all night."

"The night seemed like a month to me. I got to thinking about Joe and his pale face was there staring at me. I wonder if they keep his grave green."

The girl seemed to be fairly well, but is becoming more and more worried and nervous.

The elisor brought in 15 talesmen today, from the outlying districts. Most of them are Scotchmen and have heard little or nothing of the case, because they haven't visited the town lately.

It isn't difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old-fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong. Dr. Shoop first pointed out this error. "Go to the weak or ailing nerves of these organs," said he. "Each inside organ has its controlling or 'inside nerve.' When these nerves fall then those organs must surely falter.
