# PORTLAND REVIEW OF CURRENT EVENTS

Written by F. C. Denton for Capital Journal

Ever ask an empty lot for a donation to help get a widow a little something to eat? Try it.

Ever ask an empty lot to donate a little something for a fire company? Empty lots never burn down.

Ever ask an empty lot to please get out of the way and thus make the distance shorter for water pipes, gas pipes, telephone lines, etc.

Did you ever see a town amount to anything more than a plat on the wall that consisted of empty lots entirely?

How many lots does it take to fill a schoolhouse, or a church, or a warehouse, or a railroad depot? Why then do we look after the welfare of empty lots so assiduously?

Ever see a booster in the shape of an empty lot?

Ever see a knocker? Go look at the first ash and tin can covered lot in the heart of the city. It is the biggest knocker always. The bigger the lot the bigger the knocker.

Some county assessors have such a wonderfully strong liking for the tax dodgers that they simply are the limit. Down in Marshfield have been found tax dodgers that were not paying as much on a whole block of city property as some workman was paying on a single lot and shack further out from town.

Said a leading Granger in Portland the other day: "Most of the Grangers in Oregon are republicans, but they are not going to stand for the 'assembly' nor any machine."

The line to Falls City is said to have resulted in development in every section it crosses. More building and more new homes are going up than ever before known. The raise in land values created by this line will be sufficient to pay for it. The charges made for its services will pay for it in a very few years. Why could not the property owners have bonded their land and built the road themselves? Simply because an old provision of the constitution that was placed there to prevent the legislature selling out the state to some grafting company. The legislature cannot do it now because we have the referendum. Let the people rule, and if they want in any locality to build a road and pay for it once, why not let them do so, instead of now paying for a road over and over again, as we have in the Willamette valley?

The republican party rose to power and favor because it advocated progress and freedom. Suppose after the war that liberated 4,000,000 slaves it had "assembled" and endeavored to force the country back to the condition of 1850? The republican party in Oregon has long demanded a more close approach to a government "of, for and by the people," so cherished by its first president and the equal with Washington in the hearts of the multitude. It held the devotion of the people of Oregon because it demanded the election of the people's choice for United States senators. It endorsed and demanded the initiative, recall, and referendum, also the direct primary. The republican party gave these things to Oregon, and no "assembly" that is republican will seek to revert to old conditions. If the men who seek to do so wish to wreck the party they are proceeding along the right lines.

Some good people believe it would be a nice thing to exempt the logged over lands from taxation so as to encourage the reforestation of the devastated hills. It especially appeals to the man or company with a few thousand acres of such land. They would pay no taxes on any of it unless they cut the timber. They would not have to cut the timber for 100 years, and probably not for 600 years, so far as the proposed law seems to provide. That might be all right if the timber lands stayed timber lands. But suppose such a law to have been in force in 1890. The Ladd farms, now in the heart of Portland, could have been held a logged over lands and permit to grow timber. These lands are now selling for from \$800 to \$2000 a lot.

In England lands exempted from taxation in 1695 sell for \$10,000 an acre, and villages then have now grown to cities, cramped for room and smothering little children to death for want of space. Why should we be the fools the English have been?

In Portland the great and good have a scheme whereby it is expected that the small property owners in the outskirts will vote to have water mains laid at the expense of the water consumers all over the city instead of by the property owners benefited. The big business blocks need new mains and do not want to pay for them, and the big stretches in the outskirts of empty lots—fifty empty lots to one occupied—new water mains in order to sell them, for people are shy of lots without water. The increased water rates of the small home will be more in the course of a few years in the aggregate than the cost of the pro rata of paying for the mains now, but the small home owners are going to be made catpaws of to pull the chestnuts out of the fire for the land speculators and the big property owners. It is well worth the assiduous attention of the "assembly" government of Portland, and is likely to through without a hitch.

# DIGESTIVE DISORDERS

Cured by the Tonic Treatment as the Case of This Oregon Man Proves.

The experience of sufferers from stomach trouble, who have tried the tonic treatment with Dr. Williams' Pink Pills, has been that their trouble has disappeared as soon as the blood was made pure. The numerous disorders of the stomach, as catarrh of the stomach, acid stomach, nervous dyspepsia, neuralgia of the stomach, gastritis, and lack of tone, have the same underlying cause—impure blood. In each case the stomach is weak. Dr. Williams' Pink Pills supply the stomach with the strength it needs by enriching and purifying the blood. Pure blood gives tone to the nerves, muscles, and glands of the stomach and makes it capable of properly performing the work of digestion.

A recent cure of a severe case of stomach trouble is that of Mr. L. G. Coffin, of No. 27 North Mora street, Arleta, a suburb of Portland, Ore. He says:

"In the fall of 1906 I began to have stomach trouble, which gradually grew worse until I was not able to work steadily. I wasn't well for the following three years and for three months was unable to do any work at all. I didn't have any appetite and my stomach hurt me all of the time. It was sour and gas was constantly forming on it. I was troubled with constipation and often had sick headaches. I was greatly run down in flesh and strength.

"I was treated by two doctors but neither did me any good. They pronounced my trouble catarrh of the stomach and said I needed rest. I don't believe they knew what ailed me. Finally I began taking Dr. Williams' Pink Pills, a medicine which had been used in our family for a number of years. I felt good effects from their use right away and continued with them until cured. I am able to work every day now and feel much better every way."

Dr. Williams' Pink Pills are a general tonic and have cured such blood and nerve diseases as anemia, rheumatism, after-effects of the grip and fevers, sciatica, neuralgia, sick headaches, St. Vitus' dance and female troubles. All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, post-paid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

Mail Transmission.  
Assuming that the expedition of mail throughout the Willamette Valley is more important to the people than the prompt arrival of Southern Pacific trains, is the reason the S. P. Company gives for their train No. 19 arriving late in this city, and for which the Railroad Commission ordered an explanation.

Some time ago the commission notified the railroad people that their train No. 19 had been arriving here as much as two hours late regularly for the past few months, and owing to the distance from this city to Portland being but 52 miles, they could see no reason why the service should be delayed. The company answers that the O. R. & N.'s new fast mail is the cause for holding up No. 19 and that they permitted the delay in order to expediate the mail service through the Willamette Valley.

Good Cough Medicine for Children and Grown Folks, Too.

"We could hardly do without Chamberlain's Cough Remedy," says Mrs. Flora Despain, of Bloyd, Ky. "I found it to be so good for the croup and have used it for years. I can heartily recommend it for coughs, colds and croup in children and grown folks, too." The above shows the implicit confidence that many mothers place in Chamberlain's Cough Remedy, a confidence based on many years' experience in the use of it. No one need hesitate to use this remedy for it contains no chloroform, opium or other narcotics and may be given to a child as confidently as to an adult. For sale by all good druggists.

Mrs. Louie Hite, 428 Outien St., Danville, Ill., writes, October 1st: "Foley's Kidney Pills started me on the road to health. I was treated by four doctors, and took other kidney remedies but grew worse, and was unable to do my household, and the doctor told me I could only live from two to six months. I am now so much better that I do all my own work, and I shall be glad to tell any one afflicted with kidney or bladder trouble the good results I received from taking Foley's Kidney Pills."
