### INDIAN LIQUOR LAW IS UPHELD BY COURT

That the state law forbidding the sale of liquor to Indians does not invade or trespass upon the provisions of the federal constitution was the decision yesterday of Judge Mitchell Gilliam. The declaration was made by the court that, though an Indian might be a citizen, and thus be entrenched in the rights granted under the constitution to all citizens, still the state, in the exercise of its police power, had the right to take cognizance of the dangerous effects of liquor on the Indian, and to forbid the sale of liquor to him where it was deemed best for the protection of civilization.

The question arose over the demurrer interposed in the case of the state against Tony Slmich, who is accused of selling liquor to a half breed Indian. It was urged by counsel for the defense that the law recognized an Indian who had departed from his tribal relations, and accepted an allotment of land, as a citizen of the United States.

A number of prosecutions of saloon keepers for selling liquor to Indians have been made recently, largely through federal agents.

Tony Slmich was arraigned after the decision on the demurrer, and pleaded not guilty.—Post Intelligencer, Oct. 5.

### IOWA WILD GRAPES DO WELL IN OREGON

The first annual meeting of the fruit growers of the Silverton district was held Tuesday at the opera house, where hundreds of Marion county fruit growers assembled to listen to addresses by some of Oregon's best authority on the question. There were exhibits from all over the country ranging from the choicest selected apples commercially packed just as they would appear on the New York market from the famous Reynolds orchard at Salem to fruit from some of the most diseased and unkept trees in the country.

Perhaps the most interesting exhibit was a few bunches of wild Iowa grapes, furnished by Tom Skaife. The little sprig that these grapes were grown from was sent in a letter to Mr. Skaife from Iowa over forty years ago, before the railroads were running into this country.—Silverton Appeal.

### Pleasant Party at Hartley Home.

Saturday evening a very pleasant evening was spent at the home of Mr. and Mrs. Charles Hartley, five miles east of Salem, when a house party was given in honor of their daughter, Miss Stella, it being her sixteenth birthday.

The decorations in the living room and parlor were entirely in white chrysanthemums and mistletoe, hanging from the wall vases and interlaced with great white satin bows. The dining room was beautiful in red and green, with dozens of red chrysanthemums and mistletoe with berries. The table was centered with a large bouquet of flowers.

Miss Stella received the guests at the door, and looked quite beautiful in her chic white lingerie gown.

The first part of the evening was spent in singing. Then a dainty luncheon was served in the dining room, after which Mr. Arthur Hartley gave some very good toasts. Then the guests retired to the parlor, and, by the light of the fireplace, told some very thrilling ghost stories. Those present were Misses Elma and Blanche Rice, Mr. J. and Leslie Rice, Mr. Lloyd Stiller, Mr. Merle Stiller, Minnie Pale, Mr. and Mrs. Harry Martin, Miss Alta Martin, Miss Verberna Harris, Miss Hazel Harris, Mr. Lewis Harris, Mr. Carl and Arthur Hartley, Miss Nomona Pate, Mr. Rex Hartley, Hazel McLean, Miss Irene Hartley, Mrs. Ada Hartley.

### Child Scalded to Death.

Hood River, Nov. 24.—A 29-months-old child of A. L. Davies died last night from the effects of being scalded in a pan of boiling water.

The accident was caused by the child's mother taking the pan of water off the stove and setting it on the floor while she put wood in the stove. The youngster climbed on a chair to reach for something on a table, and fell into the scalding water.

### THAT DOUBLE CHIN

Every woman who is fat, and especially every woman (or man) who has a hog-like double chin, will welcome this news paragraph. Your night masks and sticking-plaster strips and strokings are at an end. A method of reducing double chins (also fat abdomens and hips, shoulders, ankles and neck) that really does reduce them has been found.

And would you believe it, it is nothing more than a simple, harmless home receipt that any druggist will fill for you, viz: 1/2 oz. Marmola, 1/2 oz. Fluid Extract Cascara Aromatic, and 3 1/2 ozs. Peppermint Water, a teaspoonful of which after each meal and bedtime will take off up to a pound of fat a day. Try it—it is good for the stomach—strengthens that organ—so it turns the food into energy, bones, muscle, as it should, instead of into fat, as yours is doing now after each meal. Eat what you wish; drop exercising; be lazy even; this mixture will still trim up your figure. And it will do it evenly too, without causing wrinkles; removing the soggy fat, such as double chins and stout abdomens are made of first.

### WHEN THE STOMACH STOPS

Working Properly, Because There Is Wind In It, Use Stuart's Dyspepsia Tablets to Set It Going Again.

A Trial Box Free.

THE DOCTORS call it flatulency, but unprofessional folks know it as "wind on the stomach," and a most distressing state of things it is. It is a serious condition of this great motor organ. Always annoying and painful in the extreme, at times often leading to bad and fatal results. The stomach embarrassed and hampered with wind, cannot take care of its food properly and indigestion follows, and this has a train too appalling to enumerate. The entire system is implicated—made an active or passive factor in this trouble and life soon become a questionable boon.

ALL THIS IS EXPLAINED in doctor books; how undigested food causes gases by fermentation and fomentation in which process some essential fluids are destroyed—burnt up—wasted by chemical action, followed by defective nutrition and the distribution through the alimentary tract of chemically wrong elements and as a consequence the stomach and entire system is starved. Plenty of food, you see, but spoilt in preparation and worse than worthless.

A DERANGED STOMACH is the epitome of evil; nothing too bad to emanate from it, but the gas it generates is probably its worst primary effect and the only way to do away with this is to remove the cause. STUART'S DYSPESIA TABLETS get to the root of this trouble. They attack the gas making foods and render them harmless. Flatulency or wind on the stomach simply cannot exist where these powerful and wonder-working little tablets are in evidence.

THEY WERE MADE FOR this very purpose to attack gas making foods and convert them into proper nutriment. This is their province and office. A whole book could be written about them and then not all told that might be told with profit to sufferers from this painful disease—dyspepsia. It would mention the years of patient and expensive experiment in effort to arrive at this result—of failures innumerable and at last success. It would make mention of the different stomach correctives that enter in to this tablet and make it faithfully represent all.

STUART'S DYSPESIA TABLETS are not alone intended for the sick, but well folks as well; for the person who craves hearty foods and wants to eat heartily and run no risk of bad effects, they act like a charm and make eating and digestion a delight and pleasure. They keep the stomach active and energetic and able and willing to do extra work without special labor or effort. Don't forget this. Well people are often neglected, but the STUART'S DYSPESIA TABLETS have them in mind.

A FREE TRIAL PACKAGE will be sent any one who wants to know just what they are, how they look and taste, before beginning treatment with them. After this go to the drug store for them, everywhere, here or at home. They are 50 cents a box and by getting them at home you will save time and postage. Your doctor will prescribe using them, but when you know what is the matter of yourself, why go to the expense of a prescription? For free trial package address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

P. S.—Better send today for samples of the tablet. You will get quite a box of them.

### Children Cry FOR FLETCHER'S CASTORIA

One remedy never fails. Salem people rely upon it. That remedy is Doan's Kidney Pills. Salem testimony proves it always reliable.

P. W. Brown, 374 Summer street, Salem, Ore., says: "Three years of millwright work in a sulphur factory, when it was necessary to perform repairs in poisonous gases and to work in cramped position, and sometimes wet to the skin, caused my kidney trouble. I suffered from a lameness and soreness across the small of my back, and about two months ago, when in this condition, my attention was called to Doan's Kidney Pills. I went to Dr. Stone's drug store and procured a box and soon the backache and soreness across the loins entirely disappeared, as also did the other symptoms of my trouble. Doan's Kidney Pills are worthy of a trial by anyone annoyed with backache or kidney complaint."

Mrs. Louie Hite, 428 Outlen St., Danville, Ill., writes, October 1st: "Foley's Kidney Pills started me on the road to health. I was treated by four doctors, and took other kidney remedies but grew worse, and was unable to do my housework, and the doctor told me I could only live from two to six months. I am now so much better that I do all my own work, and I shall be glad to tell any one afflicted with kidney or bladder trouble the good results I received from taking Foley's Kidney Pills." ALBANY SATURDAY NIGHT.

Col Hofer thinks that an assembly that would make a platform and adopt resolutions endorsing the rule of the people and the expressed will of the people would help harmonize the party. So it would, Colonel, so it would. But what in thunder would that do to the big and little pie-hunters who have been running with the machine for forty years? Don't they need an office? Would not one of them rise and inquire "what are we here for if not for office?" Without an assembly nomination what hopes have any of them for office from constable to governor. Sho! Sho! Colonel; something must be done for these heroes who have run every primary since Lincoln was nominated.

WELL DESERVED.
