COAST STEAMER ARGO FOUNDERS IN STORM

Lifeboat Containing Captain Snyder and Ten Others Is Missing and Believed Lost.

ONE OF THE BOATS CARRYING MATE JOHNSON AND NINE OTHERS RESCUED

Boat Was Blown Ashore in Gale Last Night When Three Passengers Were Drowned While Being Landed—Fired Distress Rockets Early in Morning and Then Disappeared From View.

Tillamook, Or., Nov. 27.—The steamer Argo, which grounded on Tillamook bar yesterday afternoon, and afterwards floated herself, foundered at 9 o'clock last night. The 21 persons on board, including passengers and crew, were compelled to take to lifeboats. One of the lifeboats, containing Mate Johnson and nine others, stayed at sea and drifted for several hours, when it was finally picked up by the steamer Oshkosh, which had been in the vicinity for about 12 hours. The other boat, containing Captain Snyder and ten others, has not been located, and it is feared that they were drowned in the heavy seas.

The Oshkosh has been patrolling the scene for hours without sighting the endangered lifeboat, and it is believed that, if the boat and its occupants were safe it would have been heard from.

The steamer Roanoke was seen through binoculars, about eight miles off shore, picking up a small object. It is not known whether this

is the missing boat or wreckage from the Argo.

The steamer Argo, which plies between Portland and Tillamook, ran ashore on the south spit of Tillamook bay yesterday afternoon.

When the lifesaving crew was transporting several passengers to shore, three of these were drowned. The Argo soon floated herself, and with those on board, anchored outside Tillamook bay. She seemed to be in no danger.

At 9 o'clock last night she suddenly began to ship water, and Captain Snyder ordered the two lifeboats lowered. One was in charge of Captain Snyder and the other in command of Mate Johnson.

The one containing Johnson and nine others was picked up later by the steamer Oshkosh, but the one with Captain Johnson and ten others on board has not been sighted up to noon today.

Those picked up in the first boat are as follows: N. A. Oldig, whose wife was

drowned yesterday while being taken from the Argo, but who was then listed as unidentified.

Mate Johnson, W. C. King, George Hunter, Napa, Cal., whose daughter was drowned yesterday, J. Hollins, the negro cook, Howard Wolfe, A. E. Millard, E. Salmenson, Two Scandinavians, names unknown.

Signaled During Night.

Tillamook, Or., Nov. 27.—The steamer Argo has probably foundered off Tillamook with all hands on board. At 2 o'clock this morning she was seen to send up rockets, signifying that the vessel was again in distress, and then her lights went out. At dawn she was nowhere to be seen. The steamer Oshkosh, which has been standing by since yesterday, cannot cross the bar until high tide, and it is impossible to communicate with her on account of the life saving boat being smashed.

It is possible that the Oshkosh removed the remaining passengers and crew before the Argo foundered, but until the Oshkosh arrives at Tillamook it will be impossible to ascertain the fate of the persons on board the Argo.

The boat ordinarily carried a crew of eight men, none of which were taken off yesterday. It is not known how many passengers were still on board, but probably not more than six or eight.

The Argo was blown ashore yesterday and three passengers were drowned while being landed from a lifeboat. The Argo succeeded in floating herself, and was waiting off the Tillamook bar to be brought in when she disappeared.

BANQUET NOT TO BE

On account of Congressman Hawley having received telegraphic notice to start for Washington on Monday morning, the farewell banquet, which was to have been given in his honor Monday evening, at the Elite Cafe, by the Young Men's Republican Club, has been declared off.

WILD MAN CAPTURED NEAR UKIAH, CALIFORNIA

[UNITED PRESS LEASED WIRE.]

Ukiah, Nov. 27.—Emile Badoni, known in this section as "The Wild Man of Hopland," was captured last night by Constable Orr, of Cloverdale, and Game Warden Lee and Miller, who brought him to this city. Badoni has lived in a cave near Colinsky Station since last May, and had not spoken to any one for many months. During this time he had lived on sheep he has killed and food taken from cabins in the neighborhood.

Badoni was found by the officers sunning himself on top of Squaw rock and was captured before he could offer any resistance. Three rifles lay beside him and in his pocket was a loaded pistol. His cave was littered with watches, guns and various other articles he confessed to have stolen.

Badoni, who is about 60 years old, wears long hair and beard, his appearance being in keeping with that of the traditional "wild man." He does not appear to be insane. To the officers he said he was tired of living, and did not care if he was hanged.

AMERICANS DEFEATED IN TENNIS MATCH

Sydney, N. S. W., Nov. 27.—The American representatives competing in the tennis tournament for the Dwight F. Davis challenge trophy, were defeated in the singles this afternoon. McLaughlin and Long, the California representatives, were defeated in their matches with Brooks and Wilding, of Australia.

Brooks won from McLaughlin by the score of 6-2, 6-2 and 6-4. Wilding won from Long by 6-2, 7-5, 6-1.

FLOOD IS CAUSE OF LAWSUIT

One Man Arrested for Picking Up Cordwood Floated from the Place of Another.

Upon the complaint of W. C. Johnson, a resident on South Mill creek, Constable Ira Hamilton arrested Joseph Plunsky on the charge of the larceny of several sticks of cordwood, which the high water recently floated off Johnson's place down to defendant's property.

Johnson alleges that Plunsky dragged his wood from the creek after it had floated off his (Johnson's) place. The trial was set for 10 o'clock this morning, but owing to failure to introduce all the witnesses, the case was postponed until 2 o'clock this afternoon. Walter E. Keyes is appearing as counsel for the defendant while Walter Winslow is appearing for the state. The case is being tried in the justice court.

BRUTAL TRIPLE MURDER

Kansas Woman Assaulted and Herself, Husband and Infant Are Then Killed.

[UNITED PRESS LEASED WIRE.]

Pittsburg, Kas., Nov. 27.—William Bork, a farmer, and his wife and infant son were found murdered today at their home near here.

The body of Bork, who had been riddled with bullets, was found a short distance from the house. Two hours later the body of Mrs Bork was found near that of her husband. She, too, had been shot to death. Later the body of the infant was found in a buggy, three miles from the home. A revolver wound had caused the death.

Residents of Pittsburg are incensed at the crime and swift justice will undoubtedly be meted out in case the police succeed in apprehending the guilty parties.

The body of the infant evidently was placed in the buggy at the Bork home and started away. Bork's head was riddled with bullets while his wife was shot through the heart. The police say they have evidence which shows that Mrs. Bork was assaulted and that the others were killed to conceal the crime. Bloodhounds have been sent to the scene.

OFFICERS OF ARMY AND NAVY EXPECT TROUBLE

Would Not Be Surprised If Ordered to Embark for Nicaragua at Any Moment.

UNCLE SAM IS MAKING PREPARATION TO AVENGE EXECUTION OF SUBJECTS

War Vessels Already Dispatched to Scene of Hostilities and Army Held in Readiness for Orders—Cannon and Groce Brutally Tortured Before They Were Put to Death.

San Francisco, Nov. 27.—Army and navy officials announced today that they would not be surprised to receive orders from Washington at any time to send a regiment of troops and marines to Nicaragua.

The gunboat Princeton, now at the Bremerton navy yard, has been ordered to Corinto, where she will join the Vicksburg.

The army quartermaster department received a message from Washington yesterday instructing the delay of the transport Logan, which was to have sailed December 6 for Manila, and the preparations of the transports Buford and Crook for immediate use. These vessels are being rapidly prepared for sea. However, there have been no direct orders for these vessels to proceed to Nicaragua.

Army and navy officials here are of the opinion that the government is awaiting further advice before sending troop ships to Nicaragua. It would not surprise them, however, to receive definite orders at any time. At army headquarters there was a suppressed air of excitement all day. There are plenty of troops at the Presidio that can leave at a day's notice. In any event, it is unlikely that troops could be shipped to Nicaragua inside of a week, as it would take at least that long to get the transports Buford and Cook in readiness. The transport Logan, however, is ready to sail immediately, if orders should be received from Washington to that effect.

Caldera Not to Be Found.

—New Orleans, Nov. 27.—Friends here of Caldera for some time have been trying to communicate with him, but in vain.

Today's messages declared that President Zelaya imprisoned Caldera

because he wanted to hide from the government cruelties incidental to the execution of Cannon and Groce. It is known that the state department has been unable to get any replies to inquiries regarding the execution.

The passengers and crew of the steamer Paraismina declare that Cannon and Groce were captured in neutral territory, and were yoked together like oxen for hours before they were executed.

A hundred-pound weight was tied to the yoke, and the two men are said to have been beaten with a cat-of-nine-tails.

The officials of the Estrada government are aiding in the search for Caldera, but no trace of him has been found.

New Orleans Assigned to Duty.

—Vallejo, Cal., Nov. 27.—In accordance with orders just received at the navy yard, the New Orleans will leave for Yokohama via Honolulu and Guam. The vessel will be assigned to duty in the third squadron of the Pacific fleet in Asiatic waters. The Albany is en route here from Magdalena Bay, and will be docked for repairs, preparatory to following the New Orleans.

New Service Soon.

Superintendent Rollin K. Page, of the Portland Water, Light & Power company, was down from Salem Tuesday. He says the new line between Woodburn and Silverton will soon be in use and there will be no trouble on the light and power question. Mr. Page states that he will shortly have a complete transfer to him of the water works system here and will then start in on an extensive improvement of the system.—Woodburn Independent.

Salem's Greatest Store

That sells the goods and does the business offers several lines of goods at greatly reduced prices during this sale. Ladies' Coats, Suits, Millinery, One-piece Suits, Sweaters, Furs, Dress Goods and Silks, etc. This is a room-making sale to make place for our Xmas goods.

Now is your time if you want bargains.

Ladies' Suits and Coats

Now Selling at Half Price

\$15.00 Suits, now \$7.50
\$18.00 Suits, now \$9.00
\$25.00 Suits, now \$12.50
and so along the line.
\$10.00 Coats, now \$4.95
\$15.00 Coats, now \$7.50

We are now giving in this department the greatest values in up-to-date Suits and Coats that was ever offered in Salem.

Great Bargains in Fine Woolen Dress Goods and Silks

We show the most complete line in Salem and we sell Dress Goods and Silks at 25 per cent cheaper than any other store in this town.

Chicago Store

The Store that Saves You Money
