## PORTLAND REVIEW

### OF CURRENT EVENTS

Written by F. C. Denton for Capital Journal

It is said that the gentle land hog has already put out of business three railroads projected for Coos Bay. We will make his hogship pay for the real thing, the people's district road.

Nehalem is the last established port. There is timber land enough around Nehalem way to pay for all the improvement the Port of Nehalem will make in the next 100 years, and then, if properly conserved, there should be as much timber left.

Their lordships hate the land tax bill like the Old Nick hates holy water, but they have got to take it or leave the job.

The Oregonian says we have got as good as the single tax in Oregon now. We take "year by year," all the unearned increment which the single taxers have demanded, and have been taking it right along. A piece of property sold in Portland recently for \$40,000 above what it would have sold at last year. Who gets that "unearned increment?"

Marion county has some of the best land on earth for homes. It has some of the best homes on earth. It should have more.

The people of Marion county are mostly Republicans, because they believe in a government of the people, same as old Abe Lincoln. They have showed the politicians a few things in the past, and are ready to do some more showing.

If the people build one railroad in Oregon the railroad combines will build three. Push the people's road amendment.

The way the courts and the government are going after the Standard Oil and the sugar trust, the poor things will have to move to Mexico.

A river is a handy thing to have next door to you, but not when it spreads out like an old-fashioned skirt and crowds you onto the roof.

An electric line on this side and an electric line on that. Pretty soon the Oregon farmer will not be able to get out to milk the cows without crossing two or three of them.

The labor organizations always have something doing in Portland. Just now it is a lot of agitation about the leasing of the dry docks to a closer corporation; last week it was a resolution against the "assembly" plant; next week it will be a proposed land value tax, all same England, maybe. They keep the poor wretched millionaire guessing and hopping in the metropolises.

Salem is a little slow to catch onto the low line of the car of progress, but the way she can hitch onto the ship of state excites animosity of some of the small burghs.

Taxation kills or gives life, according to what is wanted. When the people of Oregon have found out how to swing the initiative club and the taxation lash there will be some ancient and dignified fly. The liberal party in England has found that they can whip the dukes and earls, lords and land grabbers into livelier expressions of interest in passing events than has ever been known before, and it is done by twisting up a land tax wire with the end of their lash. It cuts deep and scatters hair like a yearling colt in the warm days of spring.

Orchard \$2000 Per Acre.

A four-acre peach orchard at Ashland sold Saturday for \$8000 spot cash. The purchaser was a man from Dallas, Texas, and his purchase is known as the Albert Johnson orchard one of the finest and best-kept small orchards in the that section of the state.

Croup Cured and a Child's Life Saved.

"It affords me great pleasure to add my testimony to that of the thousands who have been benefited by Chamberlain's Cough Remedy. My child, Andrew, when only three years old, was taken with a severe attack of croup, and, thanks to the prompt use of Chamberlain's Cough Remedy his life was saved and today he is a robust and healthy boy," says Mrs. A. Coy, Jr., of San Antonio, Texas. This remedy has been in use for many years. Thousands of mothers keep it at hand, and it has never been known to fail. For sale by all good druggists.

Roseburg shipped out 42,000 pounds of turkeys this season. Oakland 35,000 pounds and other Douglas county points 10,000 pounds.

### Good Cough Medicine for Children and Grown Folks, Too.

The above shows the implicit confidence that many mothers place in Chamberlain's Cough Remedy, a confidence based on many years' experience in the use of it. No one need hesitate to use this remedy for it contains no chloroform, opium or other narcotics and may be given to a child as confidently as to an adult. For sale by all good druggists.

The Journal contest is growing greater each day.

Mrs. Louise Hite, 423 Outlen St., Danville, Ill., writes, October 1st: "Foley's Kidney Pills started me on the road to health. I was treated by four doctors, and took other kidney remedies but grew worse, and was unable to do my housework, and the doctor told me I could only live from two to six months. I am now so much better that I do all my own work, and I shall be glad to tell any one afflicted with kidney or bladder trouble the good results I received from taking Foley's Kidney Pills."
