## OLD WELL MAY BE A GRAVEYARD

[UNITED PRESS LEASED WIRE.]  
Los Angeles, Cal., Dec. 1.—It is believed here today that another body reposes in the muddy waters of the old well on the deserted Crink law ranch. Late last night newspaper men dragged the bottom of the well with improvised hooks, and brought to the surface a large white object which resembled a body. Owing to the darkness it was impossible to ascertain positively whether it was another murder victim.

The police are working on the theory that the body of a murdered man removed from the well Monday may be that of former City Marshal J. H. Welch, of Alhambra, who disappeared in May of 1907. The last time Welch was seen he was following two alleged thieves, whom he had been watching for several days. He departed in the direction of Los Angeles and has not been seen since. The general measurement of the clothes found in the well corresponds in a general way to those of Welch. After searching for some time late night searchers brought up another piece of the black satin shirt which was worn by the victim when his body was dropped into the well. In

addition a gunny sack, which apparently had been wrapped around his head was found.

Efforts were made to pump the well dry yesterday, but it was discontinued on account of darkness. Another attempt to clear the well of water will be made today.

### BUTTE SWITCHMEN OUT ON A STRIKE

[UNITED PRESS LEASED WIRE.]  
Butte, Mont., Dec. 1.—About 250 switchmen are on strike in Montana today, and freight traffic is at a standstill. Passenger trains, however, are being moved as usual, as the trainmen do the switching necessary for them.

The roads affected in this state are the Northern Pacific, the Great Northern and the Chicago, Milwaukee & Puget Sound.

Freight trains have been left stalled on sidings at the nearest terminal point, when the strike order went into effect last night.

### COURT TO INVESTIGATE INTO RUEF'S CONDITION

[UNITED PRESS LEASED WIRE.]  
San Francisco, Dec. 1.—When the application of Abraham Ruef for bail was heard today before Judge Cabaniss, the court refused to accept certificates made by physicians selected by Ruef to report on his condition.

Judge Cabaniss announced that he would appoint three physicians to examine Ruef and make a report as to whether his incarceration in the county jail, pending the appeal of his case, is endangering his life, as claimed.

## WHEN THE STOMACH STOPS

Working Properly, Because There Is Wind In It, Use Stuart's Dyspepsia Tablets to Set It Going Again.

### A Trial Box Free.

THE DOCTORS call it flatulency, but unprofessional folks know it as "wind on the stomach," and a most distressing state of things it is. It is a serious condition of this great motor organ. Always annoying and painful in the extreme, at times often leading to bad and fatal results. The stomach embarrassed and hampered with wind, cannot take care of its food properly and indigestion follows, and this has a train too appalling to enumerate. The entire system is implicated—made an active or passive factor in this trouble and life soon becomes a questionable boon.

ALL THIS IS EXPLAINED in doctor books—how undigested food causes gasses by fermentation and fermentation in which process some essential fluids are destroyed—burnt up—wasted by chemical action, followed by defective nutrition and the distribution through the alimentary tract of chemically wrong elements and as a consequence the stomach and entire system is starved. Plenty of food, you see, but spoilt in preparation and worse than worthless.

A DERANGED STOMACH is the epitome of evil; nothing too bad to emanate from it, but the gas it generates is probably its worst primary effect and the only way to do away with this is to remove the cause. STUART'S DYSPESIA TABLETS go to the root of this trouble. They attack the gas making foods and render them harmless. Flatulency or wind on the stomach simply cannot exist where these powerful and wonder-working little tablets are in evidence.

THEY WERE MADE for this very purpose to attack gas making foods and convert them into proper nutriment. This is their province and office. A whole book could be written about them and then not all told that might be told with profit to sufferers from this painful disease, dyspepsia. It would mention the years of patient and expensive experiment in effort to arrive at this result—of failures innumerable and at last success. It would make mention of the different stomach correctives that enter in to this tablet and make it faithfully represent all.

STUART'S DYSPESIA TABLETS are not alone intended for the sick, but well folks as well, for the person who craves hearty foods and wants to eat heartily and run no risk of bad effects, they act like a charm and make eating and digestion a delight and pleasure. They keep the stomach active and energetic and able and willing to do extra work without special labor or effort. Don't forget this. Well people are often neglected, but the STUART DYSPESIA TABLETS have them in mind.

A FREE TRIAL PACKAGE will be sent any one who wants to know just what they are, how they look and taste, before beginning treatment with them. After this, go to the drug store for them; everywhere, here or at home, they are 50 cents a box and by getting the mat home you will save time and postage. Your doctor will prescribe them; they say there are 40,000 doctors using them, but when you know what is the matter of yourself, why go to the expense of a prescription? For free trial package address: F. A. Stewart Co., 150 Stuart Building, Marshall, Michigan.

P. S.—Better send for samples of the tablet. You will get quite a box of them.

Choked to Death is commonly said of babies who have died of the croup. How unnecessary this is. No child ever had the croup without having a cold or cough at the start. If you will stop the first symptom of the cough with Ballard's Horehound Syrup there is no danger whatever of croup. Sold by all dealers.

The man who reads the Bible and believes in a God who is the ever-present Helper of those who are in trouble has a basis from which to ask for rain, or anything else that he really needs. We want to call the attention of the Oregonian and other Doubting Thomas journals to the following passage of scripture: "I will go before thee, and make the crooked places straight; I will break in pieces the gates of brass, and cut in sunder the bars of iron."

### How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by all good druggists.

How many thousands of dollars are farmers going to lose during the coming winter by letting the stock run down?

### For that Dull Feeling After Eating

I have used Chamberlain's Stomach and Liver Tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating.—David Freeman, Kempt, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills but cost no more. Get a free sample at all good drug stores and see what a splendid medicine it is.

## WITHOUT BOOZE SEEK SOLACE IN TOBACCO

Temperance Wave Seriously Affects Government Revenue Realized from Taxes On Alcoholic Beverages

### [UNITED PRESS LEASED WIRE.]

Washington, Dec. 1.—The spread of the temperance wave has seriously affected the government revenues. According to the annual report of the commissioners of internal revenue, made public today, the receipts from taxes on whiskey were \$5,509,831 less during the fiscal year of 1909 than during the preceding year. On ales and beers the receipts were \$2,144,183 less than the previous year. It would appear from the figures that persons unable to obtain drink turned to tobacco for solace, as the revenue on tobacco increased during the same period by \$2,204,423.

### The Correct Time

to stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running on for some time the treatment will be longer, but the cure is sure. Sold by all dealers.

The Journal is collecting another edition of ten thousand facts for the big New Year's advertising edition.

## Grand Opera House

Jno. F. Cordray, Mgr.  
THURSDAY, DECEMBER 2  
John Cort Present a Mammoth New Production of
