

A SQUARE DEAL

THE GREATEST SALE EVER HELD IN SALEM

One-Half One-Half One-Half

Think of it! Right in the midst of the season, on high-class Suits, Dresses, Coats, Skirts. Your choice, less one-half.

Remember

Our stock consists of the best New York styles, the fabrics are the choice of experts, and are the best materials and patterns produced on two continents.

Don't Be Deceived

We buy direct from the maker, thus eliminating the middleman's profit and when we cut such high-grade merchandise right square in two, it's time for everyone to sit up and take notice.

You Are Warned

Against old stocks brought here and thrown on the market; also fake sales. Stick to the old reliable store and help make Salem's greatest store the GOOD GOODS store bigger and better. All garments are marked in plain figures: Children can figure the prices—divide by two.

What This Means

It means that we are sacrificing one of the finest stocks of merchandise in the northwest to protect our customers and as many others who wish to partake from being doped into buying second-grade, yes, third-grade merchandise and paying fancy prices. Believe us and we will more than deliver value with every dollar spent.

Old Friends With New Faces.

There is no more agreeable experience than to come upon an old friend who has somehow left his ailments behind him, and now looks the picture of healthful manhood. The old, haggard expression, the suggestion of premature old age, the appearance of weakness and lassitude, the irritability and tendency to melancholy views, have vanished. He now, indeed, seems a new man with pure, healthy blood flowing in his veins, and contentment written on his face. He is again fully alive and enjoys life instead of simply enduring it.

If you inquire what it is that has wrought such a striking change for the better—to what your friend attributes his health and vigor, it is more than probable he will answer in two words—Beecham's Pills.

When a remedy has been before the public for more than fifty years, when it has brought relief to thousands of sick all over the world, when it has brought hope to the despondent and strength to the weak, there is no experiment in its use for you. You know what it will do.

Beecham's Pills are innocent of harmful drugs and are compounded with great care of those pure herbs which act most beneficially on certain bodily organs—the stomach, liver, bowels and kidneys. These organs respond immediately to the healing stimulus and with their return to healthful action, the entire system undergoes a process of renovation. The difference between your physical condition before and after taking a course of Beecham's Pills will become remarkably apparent, not only to yourself but also to your friends.

Judge Pipes Raises Question.

Contending that the three supreme judges taking office after the assembly of the last legislature were entitled to decide upon the constitutionality of their appointments in the same degree that Chief Justice Moore and Justice Eakin, two old judges, was the contents of a brief filed today in the supreme court by Martin L. Pipes of Portland.

The brief is in the interest of the state vs. Cochran local option case in which the constitutionality of the five judges, or rather the addition of the two new justices, was brought to issue. Mr. Pipes conveys in his brief that in case the constitutionality should be decided by the body, Justices Eakin and Moore could render a decision representing the majority of the court of three former justices and that McBride, Slater and King could also return a mandate as being the majority of the present body.

Road Roller on Rails—

The big road roller belonging to the city was stranded for a few hours yesterday afternoon on the street car rails between Commercial street and Liberty on Ferry street. The engineer attempted to run it down Ferry street when he found the road too soft and guided his heavy roller upon the street car rails. After much twisting and puffing, the big engine was transferred to safe ground again, but it had to be done on top of steel.
