## UNION STOCK YARDS OFFER CHRISTMAS PRIZES OVER HALF A MILLION PAID FOR LIVE STOCK DURING MONTH OF NOVEMBER

D. O. Lively, general agent of the Portland Union Stock Yards, announces that the Portland Live Stock Exchange offers for the best Christmas cattle shipped to the Portland Union Stock Yards the following premiums:

1st 2d	2d
Car steers not less than 20	\$150 75
Car cows, not less than 20	150 75
Best single steer	25 15
Best single cow	25 15

Cattle to be judged morning of December 14, and sold at auction that afternoon. Judges, John F. O'Shea, Portland; Frank Brown, Carlton, Ore.; G. W. Gamble, Portland. This sort of encouragement should be an incentive for the breeder and feeder of cattle. It is in line with the educational work undertaken by this company, and to which the press of the Pacific Northwest is lending valuable aid.

Receipts at the Portland Union

Stock Yards for the months ending today have been: Cattle, 6518; calves, 584; sheep, 7549; hogs, 12,744; horses 274. These receipts are an evidence of the utility of a live stock market. The approximate value of the 457 cars that made up the receipts was \$567,500, a tidy sum that went into the pockets of the farmers and stock men of Washington, Idaho and Oregon.

The cattle market has been consistent throughout the month. Good cattle have brought good prices, especially in the instance of cows. Top price for steers was \$4.75; top price for cows, \$3.75 and Spayed heifers sold at \$4.000. Light calves have been in strong demand, with tops at \$5.25.

Sheep have come forward in light quantities and medium to poor quality. Good wethers, what few there were, sold at \$4.75 for yearlings and \$4.50 for 2-year-olds. Lambs sold

at \$5.75 for the best that were offered.

Hogs have come forward rather freely, and while during the first week in the month, prices sagged a little, the market promptly recovered, and has been strong and high. Tops were \$8.10, with bulk of sales at \$8. All of the prices herein quoted have been on good qualities for this market. Poor quality stuff has sold low, and the divergence between good and poor grades is constantly growing wider.

A good way to protect a bed of tender rose bushes is to bend them carefully down to the ground, hold them in position with stakes, and then cover with leaves, straw or earth. Use a heavy layer of leaves held in place by a wire strip of wire chicken netting laid flat on the bed and securely staked at the edges.

**How One Doctor Successfully Treats Pneumonia.**

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by all good druggists.

## NESMITH COUNTY PETITIONS

An initiative petition containing 11,900 signatures for the creation of Nesmith county was filed at Salem by R. M. Veatch and C. E. Stewart with the secretary of state. Solicitors found a general favorable tendency toward Nesmith county all over the state. A number of places took up the work without solicitation.

The petition asks for the creation of a new county from portions of Douglas and Lane counties.

Nesmith county, turned down by legislature, will be created by the popular vote almost unanimously.

### Ill Health Is More Expensive Than any Cure.

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all his sorrow, pain and anxiety and expense could have been avoided. Chamberlain's Cough Remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For Ill Health is More Expensive Than sale by all good druggists.

### Is Stove Wood Furniture?

Vancouver, Wash., Dec. 2.—"Is a stick of stove wood a piece of furniture?" This question has come up to Chief of Police John Seerist for settlement in connection with the enforcement of the new liquor ordinance which prohibits all chairs, tables and other furniture in the saloons. The chief was making the rounds of the liquor houses to see that all were obeying the new law when in one of them he noticed several individuals sitting on sticks of stove wood and warming themselves near a blazing fire. He eyed their upholstered settees and then hurriedly scanned the ordinance, a copy of which he had furnished the saloon keeper, but "sticks of stove wood" were not nominated in the band, hence he hurriedly retired to seek legal advice.

### Choked to Death

## PROBABLY OLDEST LADY IN THE COUNTY

Aumsville, Ore., Dec. 1.—We have the oldest lady in the county living here, in my opinion. Grandma Smith was 89 years on the 29th of November. She came to the county in 1846 and has been a widow for over 20 years, her husband having been Henry Smith. She is the mother of seven children, eight having crossed the river. She is active for her years, and a regular attendant at the Christian church. Mrs. Smith is still a companionable person, and takes a lively interest in everything. I have been her friend for over 40 years.

MARY E. OSBORNE.

many persons over 85 years old there are in this county, and the other counties of the Willamette valley. We would like to secure the names of as many as possible, as there would be no better way to advertise the county than to show that we have more person of that age than any other part of the United States. We hope our readers will send in the names of such persons, and let us make up a golden role of honor of the aged men and women who are living in our country and enjoying life in our wonderful climate, that we all believe so favorable to persons of advanced years.

### War With Japan

could not possibly make so many cripples as rheumatism does every year. And yet there is no reason why this disease should cripple anyone, if all sufferers will rub the affected parts night and morning with Ballard's Snow Liniment. Cures all aches and pains. Sold by all dealers.
