New York's foremost fashions are modeled into these garments and they are pronounced by leaders of fashion as being correct. We buy direct from the makers, thus eliminating the middleman's profit, and when we offer such high class merchandise at such low prices it is time for economists to hurry, for the best and choice garments won't last long.

What This Means

—It means that we are protecting our customers and friends from fake sales, and old stocks brought here and thrown on the market. This town seems to be a popular dumping ground for old stocks, etc. **YOU ARE WARNED** in time, and if it's your pleasure to go and buy such junk and get Stung, then it is no fault of ours. The Old Reliable Store has hundreds, yes, thousands of followers who put their whole confidence into our methods and merchandise, and they are everyone satisfied and happy. If you don't believe it, just ask your neighbor.

We are sacrificing one of the finest stocks in Oregon,
and the wise ones will provide for many months to come

ONE Important point we want you to get clearly in mind about this store: We are here to serve you and give you satisfaction in clothes and other things to wear, not simply to sell and get the money and make our profit.

Hart Schaffner & Marx

Clothes do a community good; they help raise the tone of the town—that's why we're selling them; they do us all good.

You'll find them as profitable as we do; we both make money when you buy

SALEM PROPERTY CLIMBING

Real estate in Salem continues to move steadily at advancing prices. J. G. Graham, of this city, yesterday sold his piece of property on State street, adjoining the Methodist church on the east, to the Western Land Co. of this city, which Henry Meyers is president. The lot faces 100 feet on State street and 160 feet deep. The consideration was about \$8000. Mr. Graham purchased the same piece of property three months ago for almost \$7000.

WANT TO GRADE OLD JACKSON HILL

A party of residents from south of the city appeared before the county court yesterday afternoon and talked over the grading of Jackson hill on the Jefferson road. A petition was filed recently asking that the hill be cut down to a 10 per cent grade and the matter was brought to issue in court yesterday. The court will probably come to a decision on the disposition of the steep hill during this term.

the kindly police cared for him.
