

### COOS COUNTY NOT ADAPTED FOR FRUIT RAISING

G. W. Taylor, county entomologist, has returned from a trip to Coos Bay and other coast points. "I was treated royally at Marshfield, and other Coos county towns," said Mr. Taylor, "and they showed me all they had in the orchard line. I found no moth or scale in that section, but the reason it isn't there is because there are no commercial orchards in the way we consider orchards here. When they commence to grow fruit in that section as we grow it here, they will have the moths as a surety. The moth thrives only in a section where fruit is grown extensively. It lives and propagates its species in the apple, and when apples are not grown extensively the codlin moth does not cut much of a figure. The Coos country is a coming one, however, but not as a fruit growing section, it has enough in its timber and

### A New Organ \$46

Delivered to Any Railroad Station or Boat Landing in Oregon

Here is a picture of one of the most perfectly finished organs now manufactured. It is the Pacific Queen, made especially for Billers Piano House. Choice of fancy walnut or selected oak cases. Fine, very large beveled plate mirror, perfectly finished, an ornament to any mansion. Numerous new and valuable improvements are embodied in this organ, making it at once one of the best and most durable organs manufactured in the United States. Built with special regard to Pacific Coast climate. Besides the regular reed tone, this instrument also has several octaves of the regular pipe effect, to be found in no other make.

**Great Special Offer**  
To more thoroughly introduce this organ we are making most exceptional concessions in our prices and terms and will deliver a strictly brand new, perfect and fully guaranteed organ, freight paid to any railroad station or boat landing in the state of Oregon for \$46, on payment of \$3 down and \$4 a month. The fancier styles, \$52, \$56, etc., on same terms. Write us today, as this offer is positively limited.

### RHODES SCHOLARSHIP GOES TO LYONS

University of Oregon, Eugene, Jan. 5.—The Rhodes Scholarship from Oregon for the present year has been awarded to Mr. Cecil K. Lyons, a graduate of the University of Oregon in the class of 1909. The award was made by the State Rhodes Scholarship Committee, which met in Salem last Saturday. Lyons will enter Oxford next September, and his scholarship will be good for three years thereafter, paying him an annual income of \$1,500. During his course at the University of Oregon, Lyons was an exceptionally strong student and took a prominent part in debate. He earned his own way through the university, and is now teaching in the Coquille High School. Rhodes Scholarships will again be open in 1911, 1913 and 1914. Scholarship from Oregon are now held by Edward Winans, of Willamette University and Wistar Johnson, of the University of Oregon.

### STUDENTS RETURNING TO THEIR STUDIES

The students have returned from their vacation trips and things are quite lively on the campus. With few exceptions all were in their places yesterday. Some who have been out on account of sickness have returned, among whom are Mr. Corder, Miss Salda Hornbrook and Mr. Forbes, but the latter will not be able to remain in school. Mr. Forbes would have graduated from the liberal arts in June, his loss will be keenly felt. Mr. Fulmer, who recently recovered from typhoid, has returned to his home in Pullman, and will not return until the beginning of the second semester.

Two new students have registered. Miss Gregson, recently from South Dakota, but whose home is now in Salem, entered the collegiate department. Mr. Jacob Raugust, from Odessa, Wash., entered the preparatory. Mr. Swain, who was here part of last year, will soon return to school.

### GOVERNMENT MUST DO SOME DREDGING

The entrance to Grays river is gradually choking up as a result of the development of the upper country and the logging operations. Unless this stream is entirely cut off from navigation it will soon be necessary for the government to do some dredging at its mouth. The steamer Wenona, which makes regular trips up the river, and is of a high draft as the service across the Columbia will permit, was stuck there on Monday from ten in the morning until six in the evening. Her master, Captain Hull, has been running the river for a number of years and is thoroughly familiar with the channel.—Astoria Daily Budget.

Jas. Crockett, of Crabtree, recently arrested on a charge of assault with intent to kill, has been discharged.

Probably the greatest coffee substitute yet produced is that now known to grocers everywhere as Dr. Shoop's Health Coffee. It actually goes a third farther than all others, and besides it is "made in a minute." No 20 to 30 minutes tedious boiling is at all necessary. Pure toasted grains, malt, nuts, etc. have been so cleverly blended as to give a wonderfully satisfying, true genuine coffee flavor and taste. And not a grain of real coffee is used. 100 cups, 25c. Sold by J. W. Harritt.

### TALKS WITH CAPITAL VISITORS

Mark Hurlburt of Albany, who has been named as a member of the State Fair Board by Governor Benson has served several terms in that capacity. He is a member of one of the old pioneer families, three generations of whom have attended state fairs at Salem. The Hurlburts are "Campers" and own a cottage on the camp ground. They are horse and cattle breeders, farmers of the most substantial class, and strongly sympathizing with the idea of making and keeping the State Fair at Salem a farmer's fair and as strongly opposed to removing it to Portland. Mr. Hurlburt will stand for a square deal all around and a progressive State Fair management. His appointment will prove generally satisfactory.

The new State Fair board will be composed of Wm. F. Matlock, Pendleton; J. H. Booth, Roseburg; H. W. Dourning, Sublimity; Frank Lee, Portland; Mark H. Hurlburt, Albany.

C. L. McNary, president of the Fruit Growers' union, appeared before the county court of Marion county, Wednesday and made a strong plea for better fruit inspection. Marion county is coming to have a tremendous fruit interest. Mr. McNary said he had no candidate for the office but wanted the county court to name an efficient man, who would get over the whole county. The idea was advanced that the inspector should make a map of the county, showing each fruit tract, the kind of fruit grown and keep a record of the treatment as to cultivation and spraying by each owner.

Mr. Phillips of Missouri, who has recently located in Salem is taking time before investing in lands to go over the Willamette valley some and inform himself about conditions. He marvels some at the prosperity of Salem. He does not believe that state institutions are the real basis of this condition, but that there must be greater resources in the soil in all directions around Salem. He proposes to take time this spring to get out into the country and post himself as to these resources, the various crops, the orchards, forests and mineral wealth. It will surprise him to know that he can drive in four loops from Salem of 100 miles each and not cross any road he drives on. The Willamette valley is a whopper.

Mr. Phillips has been a Democrat all his life, but speaks highly of the work of the Republican governor of that state. He says it is a good sign that men are not voting party lines as closely as formerly.

Ex-Judge G. P. Terrell of Mehana, has been in town for a few days watching the proceedings at the courthouse. He takes a live interest in all public matters if he is only assistant postmaster at the little summer resort town of Mehana, where he knows every man, woman and child, and there are few of them to whom he has not rendered a kindness. The Judge took an active part in the candidacy of Ella Zollner, a contestant for The Capital Journal. The Zollners are German people and have worked hard to get a foothold in the country.

**Simple Remedy for LaGrippe.**  
LaGrippe coughs are dangerous, as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough, but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Sold by J. C. Perry.

### EAGLE AND COYOTE HAVE BATTLE ROYAL

Marshall, near Fairfield Spokans county, was the scene of a terrific encounter between a golden eagle and a coyote, the latter emerging minus an ear.

The big bird and the coyote were captured in traps set close together by Ned Morrison. The eagle was heavily handicapped by the trap which held its left claw, but stood its ground well by using the right spur and beak. It died shortly after being released from the trap and will be mounted. The coyote was the largest ever seen in eastern Washington. The scratching on the frozen ground and the wounds on its hind legs indicate that the animal attempted to get away from its tormentor, but the trap held it firm.

Young Morrison, who witnessed the last part of the fight, says it was a lively skirmish, the battle continuing a half hour after he reached the scene, when he dispatched the coyote with a stick of cord wood. The presence of the coyote so near settlement is said to be due to the heavy snow in the mountains.

### LINN COUNTY SCHOOL FUNDS SHORT

Under the new law which was passed by the last legislature, fifty-eight of the school districts of Linn county will have to levy an additional tax to make up the required school fund. The law requires that each district must raise \$300 for school purposes, besides receiving the \$100 from the county fund, and that they must carry on a six-month term. Unless these districts vote the tax, the county court will make the levy and County School Supt. Jackson has been informed to make out the levy. In these districts it will vary from 2 mills to .0009 of a mill, to make up the deficit to reach the \$300 mark. Eighty-five of the schools out of the 125 have voted a tax of their own accord.

If your stomach, heart, or kidneys are weak, try at least, a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the stomach, nor stimulate the heart or kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. This plain, yet vital truth, clearly tell why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by Capital Drug Store.

The Wells Fargo Express Company announces that beginning January 10th, a new tariff will go into effect. It applies to all offices in Oregon.

**A Traveling Salesman.**  
H. F. Beers, 617-7th Ave., Peoria, Ill., writes: "I have been troubled for some time with kidney trouble, so severely at times I could scarcely carry my grip. After using one bottle of Foley's Kidney Pills I have been entirely relieved, and cheerfully recommend them to all." Foley's Kidney Pills are healing and anti-septic and will restore health and strength." Sold by J. C. Perry.

A Lane county man lost \$100 worth of hogs a few days ago by death, caused by eating bad swill which poisoned them.

**Rev. I. W. Williams Testifies.**  
Rev. I. W. Williams, Huntington, W. Va., writes us as follows: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble and am free to say that Foley's Kidney Remedy will do all that you claim for it." Sold by J. C. Perry.
