There are too many things needed in the county in the way of roads, bridges and other necessary ernment has appropriated nearly \$400,000,000 for the army, navy and pension funds, and only \$13,000,000 for agricultural educational purposes, or 30 per cent more for the for the things most needed by this beautifies and preserves the and all other nations-a knowledge of how to raise more food for the teeth and imparts purity people. I have no quarrel with Wood- and fragrance to the breath. bpurn, or any other town, but I think it very unwise to spend money on an unneessary armory when our roads are in almost an impassible condition, thus retarding the developments of our vast and practically unknown resources. First give us the necessities of life, develop our splendld county and state, and then, if there is any money left, we can build armories and other showplaces to satisfy the vanity of a Christion people.
