Got Them All Going—
"The Virginian" has captured the public fancy more completely than any book play ever dramatized, and its exceptional success is now stage history. William L. Gibson, in the name part, has scored a tremendous personal hit by reason of his clever interpretation of Owen Wister's hero. Others in the cast are Marshal Farnum, Harry Halliday, J. R. Furlong, Mabel Wright and Jane Carleton. At the opera house tomorrow night.

Keep Your Sidewalk Clean—
SNOW! SNOW!! SNOW!!! Oregon has had more snow this winter than for years past. People grumble on the streets that it kills business. If we are going to have snow we must prepare for it. Keep the sidewalks clean and the crossings clear and business will go on as usual. What little snow falls here is easily removed and if every individual would attend to his or her particular piece of sidewalk, they could all be cleaned in an hour or less. Let the grumbling stop and the walks be cleaned and people will come out as usual.

A Small Blaze—
The home of N. L. Moffitt on East Union street caught fire this forenoon and had it not been for the fire department's timely action, the building would have been laid in ashes. The blaze started from a defective flue between the roof and the upstairs floor and quickly spread to bed clothing and other articles in the sleeping rooms. Several pieces of bed clothing including an entire bed was burned and other bric-a-brac was consumed by the flames. The department extinguished the conflagration by the use of the chemical and saved the contents of the lower rooms.

Washington Will Refuse License—
[UNITED PRESS LEASED WIRE.] Olympia, Wash., Feb. 22.—Licenses to kill birds will not be issued in Washington to taxidermists hereafter. The attorney-general has ruled that taxidermy is an art and not a science, and advises Game Warden Riseland to refuse such licenses.

NO INDIGESTION OR STOMACH DISORDER

Why not get some now—this moment, and forever rid yourself of stomach trouble and indigestion. A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take gas from the stomach and cleanse the stomach and intestines, and besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound healthy stomach will do it.

When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to take a little Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to become thoroughly cured at this time.

Remember, if your stomach feels out-of-order and uncomfortable now you can get relief in five minutes.
