### A GREAT CAMPAIGN OF DEVELOPMENT.

The editor of this newspaper has been in five counties in the past ten days and has come in contact with a great many people.

He is impressed with the fact that there is the greatest era of development on in Oregon that any state has ever enjoyed.

The year 1910 will see more accomplished in the upbuilding of the state than any year in its history.

We were in Lincoln county boosting for a Port Commission for the people of Toledo who wish to improve their harbor channels.

We were in Benton county boosting for the development of Corvallis and Philomath and the fruit industry there.

We were at Scio, Shelburn and Aumsville boosting for the development of the Santiam country.

We went to Independence Friday night through pouring rains to help along a movement for a high school there.

We went to Donald on Saturday with Judge Bushey to talk for good roads.

We were at Butteville Saturday night at a meeting of the Tri-County Push club to help the movement for a bridge across the Willamette at that point.

We have no time to spend with people arguing politics or discussing obstacles or negative propositions.

Oregon is good enough morally and politically for any average citizen but we must improve in other ways.

We want better roads and streets, more steam and electric railroads, and better water transportation.

We expect to go into every city, town and village preaching the doctrine of development and progress.

### THE FARCE OF OFFICIALISM.

This office and many private citizens and business men are troubled by appeals and circulars to help the census department.

They should all be thrown into the waste basket, and the census officials should take the census as they are paid to do.

In other countries a census is taken in twenty-four hours and the returns published within a year after it is taken.

In our country it takes a month to enumerate the people, six months to take special census work, and ten years to publish it.

The perpetual, permanent, everlasting census bureau has been fastened upon the people by Congress at the cost of millions.

It grows more cumbersome, more complicated and more inefficient each year but it feeds officialism and pauperizes an educated class.

### COMES OUT OF THE FIRE SMILING.

The destruction of the Walter L. Tooze department store by fire at Falls City has not depressed the spirits of the owner.

He was the last man to go down fighting the fire and comes up for another round with the elements more dauntless than ever.

Mr. Tooze will rebuild a three-story brick or concrete building and is offered financial backing from all directions and will build.

After his own building was a hopeless ruin, Mr. Tooze rallied the business men of Falls City to save the town from destruction.

It is generally admitted that he saved the town from destruction and turned the tide at the critical moment to save the big hotel.

Such men as Mr. Tooze are never fully appreciated until the community is in danger and then they appear to get a little credit.

Few men would rally after such a blow but Mr. Tooze will come through the fire a bigger business man than he was before.

### AGAINST BONDING THE COUNTIES.

The first two meetings of Judge Webster in Marion county for Good Roads county bonding amendment to the constitution have been held, and the sentiment developed is not favorable to bonding.

If each county could be induced to issue a half million of bonds for macadamized roads that would not settle anything.

Half a million dollars might be a small matter to a rich county like Marion but it would only build 100 miles of road at \$5,000 a mile.

That would be two roads across the county and the whole county would be taxed for those two roads, and forever to maintain them.

The two roads would be a good thing across the county and would be a grand object lesson on the value of permanent highways.

If we had two such roads built it would add millions to the value of property and would probably solve the problem of road building as the people would find ways to build all roads like those two.

The Capital Journal believes the state must have a system that will be adopted and can be put into operation all over the state.

### THE BUSINESS MAN'S PROTEST.

The business men of Oregon are signing the protest almost unanimously against carrying Oregon for Constitutional Prohibition.

They do not believe Prohibition is practical in large cities.

Their reasons do not appeal to the theorist and agitator who imagines he can force men to become sober by edict of a majority.

Reason, moral suasion and Christianity must reform men.

If there is any principle involved in the Oregon Local Option law, the visionary and theorist cannot see that it is to be upset.

You cannot make them believe a wet community can't be made dry. State wide Prohibition absolutely contravenes and knocks in the head the principle that each community must deal with this problem.

They overthrow Prohibition with Local Option and then reverse.

The protest of the man of principle who stands by a law because the people have enacted it is as nothing to the radical Prohibitor.

With moral disorder in a city like Eugene they want more disorder.

What do they care that a large residence city like Salem has perfect order with saloons confined to three blocks and vice to half a block?

They would scatter vice and bootlegging like thistle-down.

Salem is a city of homes and schools and has the best moral conditions ever established in a city of this size in the world.

The mad imagination of Prohis picture Salem a moral cesspool.

The appeal of the business men is for orderly management of a city's affairs but it is wasted on the theorists who want disorder.

In the long run the business man's protest will win.

### Little Soldiers

In your blood are the millions of corpuscles that defend you against disease.

To make and keep these little soldiers healthy and strong, is simply to make and keep the blood of the right quality and quantity.

This is just what Hood's Sarsaparilla does—it helps the little soldiers in your blood to fight disease for you.

It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, dyspepsia, general debility, and builds up the whole system.

### ACT QUICKLY.

Delay Has Been Dangerous in Salem.

Do the right thing at the right time.

Act quickly in times of danger.

Backache is kidney danger.

Doan's Kidney Pills act quickly.

Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this.

F. A. Sutton, Hoyt & West Sts., Salem, Ore., says: "For 10 or 12 years, rheumatism and kidney trouble were the plague of my life. I suffered intensely from a pain in the small of my back and was often unable to move. I doctored and tried a number of remedies but to no avail, and I was in a bad way when I procured Doan's Kidney Pills at Dr. Stones Drug Store. They benefited me at once and after I had taken the contents of three boxes, I was free from every symptom of kidney complaint. My health is now of the best. I cannot recommend Doan's Kidney Pills too highly." (Statement given Jan. 31, 1906.)

Re-Endorsement.

On November 22, 1909, Mr. Sutton confirmed his former statement, saying: "I willingly reiterate all I have previously said in favor of Doan's Kidney Pills. This remedy cured me three years ago and I have had no return of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

# EDISON

We do not live by bread alone. Even a busy man gets bored sometimes. What we all want is a congenial method of relaxation—something that will amuse us. The less effort required to secure the amusement, the better. For such a purpose the Edison Phonograph is ideal. It is right there and always ready—the ever-present entertainer.

It is just as good for entertaining your friends as it is for entertaining yourself, even though they do not like the same things you do. The marvelous versatility of the Edison Phonograph is only equaled by its marvelous ingenuity. Hear it.

# WALTHAM WATCHES

The Authentic American Watch

When you buy a watch it pays to buy a good one. A watch is something that should last a life time and longer. If you buy a Waltham Watch you will know that you are safe on this point.

When you buy a watch go to a jeweler whom you know or know about, and tell him you want a Waltham Watch and one that is adjusted to temperature and position, and then have him regulate it to your personal habit and occupation. You will then have a watch that will keep time under all conditions.

When you buy a watch remember not only that Waltham Watches are the best, but that they were the first American Watches. Every watch making device and invention of importance in use has originated in the Waltham Watch Factory.
