Beware of Ointments for Catarrh that Contain Mercury.

Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. WHY SALVES FAIL TO CURE ECZEMA

Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Gil of Wintergreen as compounded in liquid form known as D. D. O. Prescription. A trial bottle of this D. D. O. Prescription, at 25 cents will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons. J. C. Berry.

Saratoga Chips (Anti-Dyspeptic).

Most dishes requiring deep frying are denied the dyspeptic because they are usually fried in lard, and lard does not "agree." The following recipe will be welcomed by those of poor digestion:

Peel the potatoes and slice thin into cold water. Drain well, and dry in a towel. Fry a few at a time in hot Cottonseed. Salt as you take them out, and lay them on coarse brown paper for a short time.

The above recipe can be followed without the least fear of disagreeable after effects. The chips will be crisp and dry—not greasy, as when fried in lard. Cottonseed contains no bog fat, but is made of purest cottonseed oil; it is recommended by physicians generally.
