## HOUSE LOCKS HORNS IN FIGHT ON CANNON

### Cannon Will Not Make Ruling and the Insurgents Force an All-Night Session--They Hold the Top Hand.

### CANNON IS BADLY WOUNDED

### Members Say: "If Cannon Refused to Rule He Must Be Deposed, and a New Speaker Placed in the Chair"—Then If Cannon Refused to Surrender the Gavel Anarchy Would Ensnare.

Washington, March 18.—Streaks of dawn filtering through the windows of the capitol this morning lighted up the weary eyes of stubborn fighting representatives, who for 18 hours had been locked in a struggle caused by an attempt to break the organization of the house of representatives, and enact new rules. At 2:30 o'clock this morning a number of Republican regulars left the house chamber and it was thought that the debate had been checked because less than a quorum was on hand.

Kentucky Democrat, rose and mildly suggested that Hollingsworth bring action against the whole Republican party. When he found out that warrants had been issued for all the absentees, Hollingsworth was somewhat pacified.

During the night Dalzell (R., Pa.) occupied the chair. At 6 o'clock this morning for transient members, Cannon sparred, and said he had signed warrants for the men. It developed that he had issued warrants only to Cannon, the Republican, and that Joseph Sinnott, Democrat, assistant sergeant-at-arms, had not been instructed to help bring in the absent members.

Cannon was accused of having attempted a personal filibuster. His tactics in refusing to allow Sinnott to bring in the absent representatives was declared an effort to keep away those who would join in the insurgent cause.

During the hours that the session raged there were hurried conferences in the cloak rooms and the effort to get the regulars and those Democrats whom the speaker's friends could rely on was doubled.

## TO GET EVEN

Munich, March 18.—The police today are in possession of evidence which tends to indicate that the series of automobile accidents in the suburbs were planned by a peasant who sought to avenge the death of a child who had been killed by a machine.

## UNINJURED BY TERRIFIC EXPLOSION

Washington, D. C., March 18.—After 24 hours of debate, recrimination and parliamentary delays the house today voted by a vote of 161 to 151 to take a recess until 4 o'clock this afternoon. The motion was made by Martin (Republican) of South Dakota and was for the purpose of giving the regulars time in which to frame a compromise upon the Norris resolution.

## DIAMOND RING FOUND IN GRAVEL

Del Duffess, a laborer in the employ of Contractor Van Patton, who is constructing the D'Arcy building on Court street, yesterday found a \$150 diamond ring while mixing mortar. Duffess was in the act of throwing gravel through a screen when he observed the ring. He had it examined by a jeweler who offered him the sum of \$150 for it and another jeweler who examined it also declared it to be of that value. The gravel in which the ring was found came from Minto's Island in the Willamette river and the ring is presumed to have been lost by some one visiting the island.

## ARRANGING FOR LOCAL BALL GROUND

There remains but one obstacle to be overcome by the Salem baseball promoters now before they can assure the Salem fans and baseball enthusiasts of the opportunity of witnessing the great national game this summer. The local promoters are determined to locate their ball field in reasonable walking distance of the city, and will not attempt to proceed with the undertaking until such arrangement can be made.
