### GOOD ROADS MEETING AT WOODBURN.

Saturday afternoon (March 19) there is to be a Good Roads demonstration at Woodburn. Judge Webster will present the County Bonding Amendment to the Constitution advocated by the Good Roads Association recently formed

at Portland. While we may not agree with that proposition, we welcome Judge Webster's compaign of education.

Friends of Good Roads will rejoice at any opportunity to carry on the work of agitation and discussion that creates Good Roads senti-

There should be a large attendance at Woodburn Saturday to hear Judge Webster present the matter.

Oregon is ripe for a Good Roads movement. The Tuttle law; the Johnston bill; the Crater Lake bill, have all failed to reach results.

The time has come for a state-wide movement that shall result in practical action and practical results.

Minor differences of opinion must not be allowed further to block the development of Oregon along the line of Good Roads construction.

### GREATEST NEED OF SALEM.

The first great need of Salem is public ownership of water. The plant can now be bought much cheaper than at any time in the future, and it is a business proposition to get possession now. The short-sighted policy of not buying Fairmount Park is deeply regretted by intelligent people.

It would be still more short-sighted and almost criminally foolish for

the Capital City not to get public ownership of water.
Five blocks and 14 acres around Fairmount reservoir were offered the
city for seventeen thousand dollars.

Today that property is worth twice as much.

The property of the Salem Water Co, can inside of two years be improved and capitalized for twice as much as it can be bought for to-

If the city bought it for \$400,000 and spent \$100,000 on filter plant and extensions, inside of two years, by the growth of the city and increased values of property, the plant would be worth a million dollars. The good name and fame of the city, for having done its duty from

a sanitary standpoint, would be preserved. Any intelligent person, comprehending the future growth and possibilities of this city will admit that what we say is true.

How Dr. Williams' Pink Pills Cured Her.

In most diseases of women weight is an index of progress or decline. A remedy that will increase the weight of the patient will assist to the first step toward recovery.

This is true also in the case of grow ing girls when pallor is accompanied by loss of weight and lack of development. Miss Gertrude Lines, of No. 389 East Forty-fifth street, Portland, Ore., owes her good health to Dr. Williams' Pink Pills and out of gratefulness tells of her cure, as follows:

"About two years ago I began to suffer from weakness common to girls of my age. I was greatly run down and weighed only 98 pounds. I had no ambition to do anything and was simply lifeless and weak. I had a great deal of pain through the temples and the back of my head. These headaches came on as often as two or three times a week. My stomach was out of order and I would see black specks before my eyes.

"I had been sick for about a year or more when I began to take Dr. Wilhams' Pink Pills for I knew that they had cured a relative of anamia. After taking a few boxes of the pills I was com-pletely cured. My headaches have disappeared and I have gained 17 pounds

to the needs of weak women of all ages and gives many helpful suggestions in regard to the care of their health. Dr. Williams' Pink Pills contain no

ster and bound over to the grand harmful or habit-forming drugs and the sufferer who gives them a trial, will avoid the danger so common in taking drugs which only deaden pain. pills have cured such blood and nerve diseases as amemia, rheumatism, stom ach frouble, nervousness, neuralgia and Vitus' dance and have been found Besides these, there are two oth- invaluable in partial paralysis and locomotor ataxia.

They are for sale by all druggists, or of larceny, and the case of the state against Charles Amidon, charged will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.
