PLANS TO UNITE WITH THE FARMERS

Washington, D. C., March 24.—Officials of the American Federation of Labor, the executive council of which is in session at Washington, are planning the formation of a national labor party.

It is understood that an alliance with the Farmers union is being planned by the two organizations, which it is hoped will be consummated by the first of June.

When the farmers' union meets in convention at St. Louis in May, President Samuel Gompers of the American Federation probably will address the convention in connection with the proposed alliance.

According to figures submitted by a member of the executive committee, the farmers' union has a membership of 4,000,000 men and the Federation a membership of 3,000,000, while other labor organizations not affiliated with the Federation have a total membership exceeding 1,000,000. It is proposed to join all these organizations into one political party, which will be along the lines laid down by a similar party in England.

X-RAYS AND SMILES

According to their own papers Billy Clarke and Addison Bennett, both fourth-class postmasters, are the only regular Republicans in the state.

Colonel Baldwin, of Salem, is one of the few genuine colonels in the state. He is an auctioneer, and has cried over 1000 sales, and, according to the rites and customs of that ancient order, wears the honors of the title.

The Chamber of Commerce Bulletin for March is devoted to market gardening, oat growing, bee keeping, and a great deal of development matter besides.

The Mt. Angel Magazine has a fine article in its Easter number about Salem. This magazine has a very large circulation, and its write-up of Salem will bring many people to this city.

Urban A. Walter, of Denver sends us several numbers of the Harpoon, the official organ of the railway mail clerks, and it is making a winning fight for the organization against unsanitary cars, long hours and poor pay. Success to it.

With an exposition at San Francisco, one at New Orleans and a little one at San Diego, all to celebrate the completion of the Panama canal, that famous ditch and everything about it except the multitudinous jobs, both French and American, should be thoroughly "exposed."

Port Townsend, Wash., is importing two carloads of Eastern lobsters which will be planted in Mats Mats bay, and Port Townsend will hereafter have lobsters to ship—but then lots of inland Oregon towns are in that condition.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Medicines Made From Roots and Herbs. In the good old-fashioned days of our grandmothers they depended upon medicines made from the roots and herbs of the field to cure disease.

Lydia E. Pinkham's Vegetable Compound, that standard remedy which is made from roots and herbs for woman's ills, had its origin in this way. For thirty years it has been redeeming its promises written on the label of every bottle by curing thousands of women of feminine ills. It's a good honest medicine.

FINE FOR FISHING ADDS TO HIGH COST OF LIVING

L. B. Wilson was fined \$25 by Justice Webster yesterday for catching trout out of season. He fished on Bitter Creek, five miles south of Salem last Sunday. The open season does not begin until April 1. He paid the fine and costs which in all amounted to about \$31. He had 11 fish which cost a trifle over \$3 apiece adding somewhat to Mr. Wilson's experience of the high cost of living. The arrest was made by Game Warden J. W. Rozell.

Raided Gambling House.

Los Angeles, Cal., March 24.—More than a score of white men and Oriental proprietors of gambling in Chinatown are under bond today to appear in court to answer to charges of violating the city's anti-gambling ordinance.

The men were arrested in a police raid in the Chinese section of Los Angeles shortly after midnight. The invading officers were led by Chief of Police Galloway. Fire axes and clubs were used to force entrance into the heavily barred dens. Doors were demolished, windows smashed and skylights shattered in more than a dozen buildings. Five games were broken up, and their proprietors compelled to furnish bail. Their cases will be heard tomorrow.

and the girl suggested that he shoot at her. She pulled down the barrel and pronounced it empty. He leveled it at his sister and pulled the trigger.

The screams of the children summoned neighbors, and doctors were hastily brought in. After an all-night operation the surgeons, Drs. Klotz and Peterson, found the bullet, but pronounced the child's recovery as hopeless. In view of the certain death, they decided that the child should not be moved from the house.

An Ideal Cough Medicine.

"As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Wiltshire, of Wyannville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough Remedy. It is a knowledge of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. As it contains no opium, chloroform or morphine it certainly makes a most safe, pleasant and efficacious remedy by all good druggists.

Easter Gifts

Have become popular and the custom is growing. These little gifts need not, of necessity, be large or expensive, as there are so many other gifts to be made during the year. It is, nevertheless, decidedly graceful and appropriate to remember one's friends on this, one of the most joyous festivals of the year. If flowers are appropriate, why not a handsome vase to put them in? We have some very dainty and beautiful vases in cut glass. They are not expensive and we will be pleased to show them to you.

SAN FRANCISCO IS BOOSTING FOR EXPOSITION

[UNITED PRESS LEASED WIRE.] San Francisco, March 24.—The "boosters" here who favor San Francisco as the site for the Panama-Pacific exposition in 1915 today are preparing to appeal to Governor Gillett for a call of a special session of the legislature.

The local men today began the work of raising \$5,000,000 for the operation of the fair, but realize that the state must help the city in making the exposition a complete success.

A meeting was ordered for today, at which the incorporation of the fair company will be perfected. As soon as this is done an open and widespread campaign for subscriptions will be begun.

A committee will be appointed this afternoon to proceed to Washington to lay before congress the claims of San Francisco for a federal appropriation. In the meantime, it has been suggested that April 18, the date of the fourth anniversary of the San Francisco disaster, would be an appropriate one on which to call a special legislative session to aid San Francisco.

One historian says the writing of history is not profitable. That may be the reason Dr. Cook wrote fiction.

Good Cough Medicine for the Res.

The season for coughs and colds is new at hand, and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when his cold the less risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. A., says: "I have never used anything other than Chamberlain's Cough Remedy for my children, and it has always given good satisfaction." This remedy contains no opium or other narcotic, and may be given as confidently to a child as to an adult. For sale by all good druggists.
