GRAND JURY SUGGESTS CHANGES

WOULD HAVE THE INTERIOR OF THE COURT HOUSE REMODELED, AND OTHER IMPROVEMENTS, SO LONG AS THEY DO NOT MAKE THE BEAUTY OF THE BUILDING.

After making a thorough inspection and investigation of the county court jail and the offices of the county officers in the Marion county courthouse, the grand jury at a late hour yesterday afternoon submitted its report to Judge Galloway, recommending that the courthouse be provided with a heating plant, that the county jail be so fitted up as to eliminate all danger of prisoners effecting their escape, and that the interior of the court house proper be so remodeled as to afford better accommodations for the county officers and its patrons in general.

Offices Inadequate. According to the report submitted the assessor's office is badly in need of a suitable cabinet for the storing away of the public records; and referring to the office of the county recorder, the report says that the jury found it in a congested condition because of the lack of working and vault room and that that officer has been compelled to store records on the floor, which has resulted in their damage.

The county clerk's office, the report also says, is crowded and in need of more room—both working and vault room—and the sanitary conditions are bad, as it is located over the kitchen of the sheriff's office, and that the odors from it find their way into the office.

Jail Totally Inadequate. The county jail says the report, is totally inadequate for a county having a population of about 50,000 people. It is set forth that it is provided with no quarters for female prisoners; that its ventilation is inadequate; that there are no quarters provided for the keeping of desperate prisoners, and that its walls are in such a condition that there is absolutely no bar against desperate criminals escaping.

The report also sets forth that there are no lavatories provided for female employees at the courthouse; that there is a lack of space in the surveyor's office, so that the grand jury room has been appropriated to help out. And summing up, the report finally recommends that the interior of the building be remodeled so as to meet all these needs; and that a heating plant be provided; but that the remodeling work must not go to that extent that it takes in the exterior of the building and thereby mar its "exterior architectural beauty."

Forced to Leave Home. Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "I cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the King or all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles. 50c and \$1.00. Trial bottle free at J. C. Perry's.

A NOTRE DAME LADY'S APPEAL. To all knowing sufferers of rheumatism, which muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery besides acts as a purifier of the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Sammers, Box B, Notre Dame, Ind.

JOY IN AFRICA.

There's joy throughout the jungles since The beasts have lost their plague. And everything's as quiet as A Sunday on The Hague. The noise of Shikarees no more Proclaims the daily hunt. Since Teddy's started homeward on A "Back from Elba" stunt. The lion walks forth fearlessly. Hyenas boldly prowl. The bongo goes his usual way. The monkeys, joyful, howl. The hippo wallows in his pool. The quagga ceases to roam; The elephant unpacks his trunk To spend the Spring at home.

The rhino, heedless, toots his horn. The stungas play; The giraffe hums an aria from "Giraffe-la-Giraffe-lay." The horned gau knows better now. The cheetah cheats in pride. For Teddy's started homeward with A "Back from Elba" stride.

The "giraffesses" gaily sport Their yellow polka dots While all the lady zebras shine In stripes, instead of spots. The ostriches wear brightest plumes Nor knew that Teddy laughed Because against his fashion views They wore their feathers—aft.

Grandma Gorilla opens up The hole her nose beneath. And does not fear "lese majeste." Because she shows her teeth. And all the "kids" of Jungleland Go wandering as they like Since Bwana Tumbo's left them, for A "Back from Elba" hike.

"THERE, NOW, TAKE THAT." Editors Who Give Columns of Abuse But Don't Take a Little Joke With Good Grace.

(Postmaster Addison Bennett in his paper, The Dalles Optimist.) "Little, hungry, snapping-turtle-brained editors, like Billy Clarke of Gervais and Addison Bennett of Irigoin, both stamp-lickers on commission, can't sleep nights out of pure solicitude lest the republican party be raped and outraged by such a man as Colonel Hofer being made governor."

We take the above from the Oregonian of March 25th. We thank the colonel for the mention of our name in his crazy-quilt newspaper. It is sure a great honor to be thus singled out, with our old friend, "Billy" Clarke, and called names! Of course the colonel might have complimented us—which would have been something terrible, for the colonel is so crooked that he sees ahead by looking backwards, and praise from him would be worse than curses from other editors. As for worrying about the colonel ever being governor, that is the purest fiction. Colonel E. Hofer of Salem stands about as much chance to be governor of Oregon, and would be about as fit, as Sim Dipp of Rabbitville. As an editor, the colonel is a joke. But his head is too thick and his brains too scant to ever see it.

X-RAYS AND SMILES.

To dream of a funeral is a sign of a wedding and to dream of a wedding is a sign of a funeral; to dream of both at once is—ought to be—a hint to hunt up a divorce lawyer.

If a young woman pins a four-leaf clover over the door, the first unmarried man who comes in the house under it will marry her. This is where the four-leaf clover is an emblem of bad luck—for the man.

If a person kills a snake and hangs it up, it will be fair; if he buries it, it will rain. If two snakes are killed, one buried and one hung up, it will do as it dog-goned please. Sleep with a piece of wedding cake under your pillow, and the crumbs will set you crazy.

The number of those who like to see their names in print is about a stand-off with the fellows who hustle around to keep it out.

The old darkey down south said that "a white man was always either wishin' for rain or hopin' it would clear up."

Helen Emory, daughter of Arch-deacon Emory of San Francisco, one year ago married a Jap. Now she has accumulated a rich experience and a slant-eyed kid of "elephant's breath" shade, she is going back to let her father share in the experience—and raise the kid.

Congressman Martin of Colorado says Attorney-General Wickersham is the foot of the sugar trust, and that he is assisting it to control the sugar lands in the Philippines. This seems improbable, but all things are possible in America in these modern commercial days.

Rheumatism. More than ten out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic and muscular rheumatism. For sale by all good druggists.
