ARE MAKING SALEM "A CITY BEAUTIFUL"

CHERRY CITY IMPROVEMENT LEAGUE HAS MEETING AND PLANS FOR MORE BEAUTIFYING IN IMPROVEMENTS.

The regular monthly meeting of the Cherry City Improvement League was held last evening at the Board of Trade building and a review of the work accomplished by the organization submitted and also plans with relation to further improvements discussed.

The finance committee submitted its report showing that \$198.25 had been expended in the improvement of the campus of the Willamette University. There is still some work to be done on the State street frontage, and as soon as it is completed the league plans on the improvement of the Twelfth street side.

A discussion was indulged in as to the best means of collecting the subscriptions of the league and a committee of five was appointed to take up this work.

It was also decided that an effort should be made to interest the teachers and school authorities in the improvement of the grounds of various schools in the city and a committee of three was appointed to interview them on the subject. This committee consists of Mesdames Raymond, Moores and Wheeler.

The advisability of improving a V shaped tract of land lying north of the sunken gardens that the Southern Pacific people are making at the depot, was considered and it was decided to labor in conjunction with the Southern Pacific people for the improvement of this whole tract and work will commence as soon as it is possible to make the arrangements.

X-RAYS AND SMILES.

It looks like the Jeffries-Johnson fight is a great big windy fake. Johnson is boozing and Jeff is bragging and the d-d fool press services, both the Western Union and United Press are peddling wash tubs full of hot air. The fight has all the earmarks of a money-making fake of immense proportions.

The big corporations holding wagon road and other big land grants, all object to paying taxes. Uncle Sam made a great mistake in giving them the taxes on it, and should take it away from them again or make them sell it, as they can for several times its assessed value, to citizens who would cultivate it, enhance its value, and pay the taxes on the larger value, too.

Kermit and Ethel have been invited to visit the keiser along with their pa. What's the matter with it being Prince Kermit and Princess Ethel after that?

There are all kinds of opportunities for the ambitious young American. A youngster only 19 years old has secured a two years' job in the penitentiary on the recommendation of Judge Knowles of La Grande.

Halley's comet is approaching the earth at the rate of 3,400,000 miles a day. Wouldn't that suit hit a "joy rider" in the mid rift.

At the rates charged by the railroads it would cost \$102,000 a day to ride on the comet, not counting the Pullman charges or the salaries you have to pay that company's employees. The acute brunette, train robbers, the Pullman company employs to hold up the public.

The co-eds at the California University are shocked at the nude figures "done in marble and highly artistic." Wonder if the co-eds ever took a bath?

Maybe the co-eds at Berkeley think those nude marble figures would look better with a wad of glue and hair, a four foot hat and two foot hat pins, high French heels and a tightly cinched corset hung or strapped, or built up on them.

Those fellows who pay for seeing the Johnson-Jeffries fight may be paying for a large sized gold brick.

Governor Benson would eliminate the tin horn from Fourth of July celebrations. And yet the gambler has as good a right to celebrate as anyone.

LANGFORD JOHNSON GO FRIDAY

LONG-ARMED AFRICAN WILL PROBABLY PUT ANOTHER "NOTCH IN HIS STICK" AS A REMINDER OF VICTIM JOHNSON

Los Angeles, Cal., April 13.—Primed and ready for the settlement of their long-standing disagreement, Sam Langford and Jim Barry today ventured expressions of the utmost confidence in the favorable result of their 25-round meeting at Vernon tomorrow.

Langford and his camp followers declare they can't by any stretch of imagination, see Barry on his feet after the 12th round. Manager Joe Woodman admitted that the Chicago might stand the bone-crusher's battering longer than did Jim Flynn, and he is sanguine that the battle will have the same result as Langford's encounter with the fireman.

"After tomorrow's fight," Woodman asserted, "we will go after Burns. If any heavyweight with a shade of a reputation wants to step in while we are looking for the Canadian, we will trim him just to keep in condition.

"With Barry and Burns out of the way, it will be a short step to Johnson. Langford can beat any man in the world, with the exception of Jeffries, and he will meet them all."

Barry is just as confident. He will enter the ring weighing 198 pounds, while his African opponent will raise the beam at about 165. He said today:

"Ten rounds is Lanford's limit. Some time shortly after the tenth session the Los Angeles sports will see the unusual spectacle of Sam on his back with the referee saying 'ten' above him. I have everything in my favor, and I surely expect to put Langford to sleep."

The seat sale for the bout has been heavy. Promoter McCarey believes his fighters will appear before a record crowd.

MARRIED.

WHEAT—WOOD.—At the minister's residence in Salem, Oregon, April 12, 1909, Miss Bessie Wood, of Howell Prairie, and Mr. Luther M. Wheat, were united in marriage. Rev. P. S. Knight performing the ceremony.

The young people left on the evening train for a trip to California.

Salem Bank & Trust Company.

That is the name of the new banking firm which has been launched in the city, and which will open the doors of its institution to the public on June 1.

The bank is to be located in the Catlin & Linn building on State and Liberty streets, and will start off with a capitalization of \$50,000, but it is the intention of those interested in the enterprise to increase this amount to \$100,000 by the end of the year. The incorporators are W. G. East, E. S. East and J. L. Allen, but a number of local people will also be heavily interested. The new men are from Kansas, where they are well known as business men and bankers, and have boundless confidence in the city of Salem as a business and commercial center.

Notice of Intention to Improve Asylum Avenue.

Notice is hereby given that the common council of the city of Salem, Oregon, deems it expedient and proposes to improve Asylum Avenue to the city of Salem, Oregon, with concrete pavement from the east line of 14th street to the center line of 24th street, according to the plans and specifications adopted April 4, 1910, for such improvement, and to file in the office of the city recorder which said plans and specifications are hereby referred to for a more perfect description of said improvement; said improvement to be made at the expense of the adjacent and abutting property within the limits of said improvement.

This notice is published for 19 days pursuant to the order of the common council, and the date of the first publication thereof is the 13th day of April, 1910.

Remonstrances may be filed against said improvement within 10 days of the final publication of this notice.

By order of the common council, —W. A. Moores, City Recorder. 4-13-10

MOORE PLEADS GUILTY AND IS FINED \$1000

Portland, Ore., April 13.—Pleading guilty to one of the indictments charging him with receiving a deposit when he knew the Oregon Trust and Savings bank was insolvent, Walter H. Moore, the former president of the institution, was fined \$1,000 in the circuit court today.

In accordance with an agreement made with the state, District Attorney Cameron recommended that no jail sentence be imposed, and as soon as Judge Morrow had imposed the fine, all the other indictments against Moore, ten in number, were dismissed. Before he left the courtroom Moore was served with a subpoena to appear as a witness for the state in the case of W. Cooper Morris, cashier of the Oregon Trust, who is to face a jury on May 3.

Circuit Court Matters.

The case of R. Liekem against E. and L. Aimes is being heard this afternoon in the circuit court by Judge Burnett. This suit is brought by the plaintiff against the defendants, who constitute the firm known as the Silverton Sash & Door Factory for the purpose of recovering damages for personal injuries. The injuries are alleged to consist in the loss of the thumb and index finger on the right hand and to have been received by the plaintiff while operating the planer in the mill of the defendants.

Verdict for Defendant.

A verdict for the defendant was returned by the jury in the case of L. E. Peterson against Michael Gouger, a case which went to the jury late yesterday afternoon. This suit was brought for the purpose of recovering a commission amounting to about \$450 for the sale of a farm.

New Depot for Warren.

The Oregon Railroad commission today granted to the Astoria & Columbia Railroad company an extension of time for the improvement of its depot facilities at the town of Warren. The commission some time ago issued an order directing that they be improved and today it received a communication from the company saying that it would not only comply with it, but if given an extension of time until May 1, that it would construct a new depot, and it was granted.

the factory, and, after a hard fight with the terror-stricken inmates, succeeded in saving them from death.

When the fire department arrived the guards were still busy attempting to control the prisoners. An effort had been made to form a bucket brigade to fight the flames. The fire gained headway rapidly, and soon communicated to many of the jail outbuildings.

Shortly afterward the main building of the jail caught fire.

While the firemen were endeavoring to save the jail buildings the police, deputy sheriffs and militia arrived, and took the prisoners in charge. This gave the firemen a free hand in fighting the blaze.

Firemen Vaughn, Hussey and Neal were burned, and it is reported probably would die from their injuries.

Fireman Shugrue was trapped on the second floor of the main building and jumped, sustaining severe injuries.

Many firemen had narrow escapes.
