

LANGFORD REMAINS AT THE TOP

HIS FIGHT WITH BARRY, WHOM HE KNOCKED OUT IN SIXTEEN ROUNDS, WAS JUST AMUSEMENT—HAS HIS EYE ON THE BOOZE-FIGHTER, JOHNSON.

[UNITED PRESS LEASED WIRE.] Los Angeles, Cal., April 15.—Having cleaned up two aspiring mitt artists in Los Angeles, Sam Langford will leave for Philadelphia to prepare for his ten-round battle with Stanley Ketchel, scheduled to take place in the Quaker City.

Langford last evening received a telegraphic offer of a match with Al. Kubiak, of Pittsburg, on May 4. He stated that he probably will accept.

The Boston demon showed hardly a scratch after his battle yesterday with Barry. Many of the local fight fans who saw the mill refuse to dignify the affair by calling it a battle. One man who sat at the ringside declared that the encounter was nothing short of a felonious assault by Sam Langford. Barry, as was Flynn, is being accorded his due of praise for the game struggle he put up. At no time did he appear to have a chance with the big black terror, but he fought on manfully, despite rapidly closing eyes, and falling strength. Barry was beaten hopelessly from the first going, but so well did he succeed in keeping the fight "closed" that Langford had little opportunity to land the final touch until the sixteenth round.

Langford's showing in his two real fights in this city has been an eye-opener to the fans. His local admirers, and they include almost every man who saw either the Flynn or Barry fight, are confident that he could dispose of Ketchel with ease in a 25-round fight, and many are not backward in prophesying that the champion middleweight will have his hands full if he weathers the six rounds of the coming Philadelphia scrap. Langford declared today that three days of training after he reaches Philadelphia will comprise his preliminary work for Ketchel. He expects to return to the Pacific coast after his Eastern engagements are filled.

"After we clean up there it is back to the coast," declared Manager Woodman today. "We want Tommy Burns next and then Jack Johnson. With the exception of big Jeff, they all look alike to Sammy."

SUFFRAGISTS HISSSED THE PRESIDENT

GAVE THEIR CAUSE A DECIDED SETBACK IN PUBLIC OPINION—DR. ANNA SHAW SAYS IT WAS "OUTSIDERS."

[UNITED PRESS LEASED WIRE.] Washington, April 15.—Suffragists and others interested in their movement, today agree that hissing President Taft last night when he addressed the convention of the National Women Suffrage association, is one of the worst setbacks the "cause" has received in many a day.

Dr. Anna Shaw, an officer of the association, today declares that the hissing was done by outsiders and that the delegates took no part in it. At any rate the incident has opened unpleasantly the convention, and it is being discussed on all sides today.

The mark of disfavor greeted the president when he declared that if suffrage should be granted it would be exercised by the "least desirable" element. Taft declared that not all women were interested in the movement and not all of them desired the ballot.

Then the hissing started and it took some minutes for the presiding officer, Mrs. Rachel Foster Avery, to restore order so that the address might continue.

Although the hall was quieted and the president finished his address, the affair has left an unfavorable impression. It is expected that the delegates themselves will take official notice of it and that they will deny the irregularities.

The affair, however, in spite of the statements of Mrs. Shaw, and others connected with the association, that the hissing was the work of outsiders, has reacted against the movement, and given those who oppose the movement here, a chance for criticism, which they have been quick to seize upon. The mark of disfavor to the chief executive is the subject of more discussion than any other feature of the convention.

X-RAYS AND SMILES.

From the way Jack Johnson, the liver-colored hot-air artist is training he must have an idea he is going in to the ring with Gaminus, Bacchus or old Silenus himself.

Cannon—Uncle Joe—says: "Learn to sing, no matter how miserable you are." And yet it is a ten to one shot that if Uncle Joe would take the clear stub out of his countenance and sing he would simply add to the misery of others, and not relieve his own feelings, unless he sung like h—l.

Anyway, Taft's cabinet seems resigned, whether any of them resign or not.

Another of Cannon's rules for a happy life is "sing and laugh and keep on keeping on." And still Uncle Joe evidently forgot it when he issued his 'dell' to congress.

Ajax defying the lightning was a bit of wisdom compared to "Uncle Joe" humping up his shoulders or pulling up his coat tails and daring the insurgents to try to kick him out. He forgets they are professional kickers, and can discount the immortal Sir Roger De Coverly at that game.

INSURGENTS PREPARING TO "INSURGE"

[UNITED PRESS LEASED WIRE.] Washington, April 15.—The insurgents are sharpening up the axe again. They are going to start another fight on the Cannon rules, but it isn't the house rules this time. Instead they are going to attempt revision by the enemies of the rules the speaker has "issued" for those desiring long lives. The rules were promulgated in a letter sent to the Fieran club, of Attleboro, Mass.

Here are the speaker's new rules. If you want to enjoy a long life:

"Take thought for the morrow, and don't worry."

"Learn to sing, no matter how miserable you are."

"Work, work, with hands, feet, legs, brain."

"Honor thy father and thy mother."

"Sing and laugh, and keep on a 'keeping on.'"

It was when the 'insurgents had read clear through the list, and came to the last rule that they decided that a revision was necessary.

Cannon, according to the insurgents, has already "kept on a 'keeping on'" too long. They are going to try strenuous measures to cure him of the habit, and declare his last rule null, void and invalidated at least so far as the speakership is concerned.

Died to Save Baby.

[UNITED PRESS LEASED WIRE.] San Francisco, April 15.—While attempting to save her baby from death, Mrs. Sadie McDougal was probably fatally burned today at her home 1234 Turk street. The woman had arisen to heat milk for the child. In some unknown manner the bed clothing caught fire. Mrs. McDougal seized the child from the blazing bed and while doing so her own clothing became ignited. Before aid came, the mother was able to beat out the flames but soon became unconscious.

She was taken to the Mission hospital, where she probably will die.

LIFE'S TROUBLES TOO MUCH FOR SCHOOL GIRLS

Pittsburg, Pa., April 15.—Two school girls, Mildred Brown, 13 and Naomi Hayslett, 17, lie dead today, suicides. The two girls were almost inseparable. They had a long talk together, and discussed their troubles. Mildred Brown killed herself because she could not keep up in her studies. The Hayslett girl ended her life because of a love affair.

Mildred Brown's body was discovered by her aunt.

The papers printed a story of her death, and published her photograph. Naomi secured a copy of the paper and went to her room. Later her sister heard her groan, and went to the room. The girl was dying. On her breast was a note reading:

"Put my picture in the paper, too."

"Both girls used carbolic acid. It is believed that there was a suicide pact."

WORK OF A GREATTINGER IMMIGRATION BUREAU

Mr. Graettinger, who runs the South Salem meat market, and who came to Salem from Iowa last year, is a regular immigration bureau on a small scale. A friend of his from Iowa, Frank Berndorffer, landed the other day, and has bought the Fox place of seven acres south of the city, for \$2500. His family will arrive next week. With them will come two families from Graettinger, John Grimmels and Wm. Rosenberger. These German people will be made welcome, and efforts will be made to add them to the Salem German colony, which is growing larger all the time. If Graettinger don't let up he will have a whole section of Iowa annexed to Oregon.

Corrupted His Style.

"The late Richard Watson Gilder," said a New York poet, "always opposed the reading of light literature. A poet, he said, could not read such literature without corrupting his literary style."

"He once told me that the poet in this respect was like Brown's parrot. 'Brown bought a parrot for \$29 from a pet stock dealer and a week or two later returned to the shop and insisted that the bird be taken back."

"What's the matter with it?" the dealer asked.

"'W-w-why,' said Brown, 'the darned c-c-critter st-stutters.'"

Rheumatism.

More than ten out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic and muscular rheumatism. For sale by all good druggists.

REFUSED THE ORDER TO STRIP

HAIRPIN, SIDE COMB AND LACE HANDKERCHIEF IS ALL THE SERGEANT HAS TO SHOW FOR A WOULD-BE RECRUIT.

[UNITED PRESS LEASED WIRE.] Walla Walla, Wash., April 15.—A hairpin, sidecomb and dainty handkerchief marked "L. M. B." are the only things left today to remind Sergeant Chamberlain of the United States Marine recruiting office here, of "John Hutchinson," who almost enlisted yesterday.

"John" had reached that stage of the examination where he was told to strip. Then the would-be recruit fled, leaving the above mentioned mementoes. It was almost dark when "Hutchinson" entered, and the sergeant thought the voice a remarkable duet one for a man, but the candidate answered all questions satisfactorily, until it came to the last ordeal.

The woman is thought to be the sweetheart of a boy who enlisted last week and was sent to San Francisco.

ROBBED AND THEN LEFT HER ON CAR TRACK

[UNITED PRESS LEASED WIRE.] San Francisco, April 15.—Police today are looking for three men said to have set upon Miss Gladys Hughes, when she was within a half block of her home, beaten her into unconsciousness, stolen her purse and then laid her body across the rails of the street car tracks. "BOOSTS" FOR SILVERTON.

We don't exactly understand what a "booster" meeting is, but according to the "Silverton Appeal" one was held in Silverton, Ore., U. S. A., recently. From the newspaper report "to boost" appears to be the American equivalent for our expression, "to boom," for evidently the object of the meeting was to arrange means for the booming of Silverton and district by advertising and other means. It was a very enthusiastic meeting, and at the close 1,100 dollars were raised to start work with. "As soon as the invitation was given for voluntary subscriptions of ten dollars per month for the year," says the "Appeal," "James Craig was at his feet and started the wheels of progress in motion." Our old townsman is evidently not one to let the grass grow under his feet, and the commercial instincts which have built up his big business in Silverton promptly showed themselves then. If the spirit which animates Carriek men abroad would let itself loose at home, what a lively spot Carriek would soon become.
