DON'T STIMULATE EXHAUSTED NERVES

If You Would Be Cured Feed the Nerves by Using a Tonic That Will Nourish Them Through the Blood.

Every person is endowed with a certain amount of nervous energy which is being constantly drawn upon by the work, worry and responsibilities of our daily life...

Unless these drains upon the nerves are replaced by nourishment from the blood, the nerves become overworked and exhausted...

The value of the tonic treatment with Dr. Williams' Pink Pills lies in the fact that they do not stimulate the already exhausted nerves to keep up their work for a time longer...

"A friend urged me to take Dr. Williams' Pink Pills and upon doing so I felt better from the start...

If you are suffering from any nervous trouble, as neuralgia, sciatica, nervous headache, nervous prostration, nervous dyspepsia, St. Vitus' dance, partial paralysis or locomotor ataxia...

PUBLIC AMAZED AT DEPOT'S GRANDEUR

WORLD'S GREATEST ARCHITECTURAL AND ENGINEERING TRIUMPH DRAWS EXPRESSION OF WONDER FROM WATCHING THOUSANDS.

(Special Correspondence.)

New York, April 8.—Admittedly the greatest engineering and architectural triumph in history is the new Pennsylvania station...

Its architectural grandeur and the engineering skill exerted to make the station monumental in the world's history have proved awe-inspiring to the thousands who have seen the big depot or read about it.

If the Flatiron building, New York, could be laid flat on the third level below the street in the gigantic depot, there would still be room to carry on good-sized businesses in the stores on either side of the immense building.

After the terminal stations is reached the mammoth tubes reach out under East river and across to Long Island, where the Pennsylvania connects with line for points north.

The general public in every corner of America has become so eager for information about the amazing grandeur and awe-inspiring size of the station that the officials have found it necessary to publish a small book on the entire enterprise...
