

KLAMATH FALLS EXCURSION STILL UPPERMOST TOPIC

Committee of Board Is Working Hard to Get the Seventy-Five Names Signed Up for the Trip.

The committee of the Salem Board of Trade composed of R. Catlin, R. C. Bishop, F. G. Deckbach and Secretary A. F. Hofer put in a big forenoon's work getting signatures to pledges to go on the Southern Pacific excursion of Salem business men to Klamath Falls. Following were signed up who are willing to go on the trip leaving Salem Monday, May 24, and return on the night of the 27th:

H. S. Gile & Co.
Wm. McGilchrist, Jr.
E. Hofer.
J. L. Stockton.
H. O. White.
J. C. Thompson.
E. C. Patton.
Salem Brewery Association.
John H. Scott.
G. G. Brown.
U. S. National Bank.
Thelison & Roland.
Wm. Brown.
Hal. D. Patton.
R. Catlin.
Paul B. Wallace.
Frank M. Brown.
G. Stolz.
Donald S. Rabb.
Warren Construction Company.
A. G. Magers.

W. A. Moores.
Geo. C. Will.
W. C. Hubbard.
S. A. Manning.
F. E. Shafer.
Geo. E. Waters.
J. A. Bishop.
T. B. Key.
P. C. Lavey.
R. P. Boise.
C. S. Hamilton.
Oswald West.
H. Pohle.
John Farrar.
Homer H. Smith.
Fletcher Homan.
John F. Stevens, Rep.

Hard work will be done until Monday night to get the 75 names for the excursion, and the committee want to hear from all in and around Salem who are willing to go. This is the only chance there will be to have this excursion, as the train cannot be assembled again for this purpose until very late in the fall, and the advertising Salem will get from this excursion would be a great factor in the future development of the city. A whirlwind campaign for the balance of the signatures will be made this afternoon and they will all probably be signed up by the time this goes to press.

WILL SELECT THE TEACHERS

SCHOOL BOARD TO MEET TONIGHT—TEACHERS FOR THE NEXT YEAR ARE TO BE SELECTED AND BUT FEW CHANGES WILL BE MADE.

The school board of the city public schools will hold a meeting this evening for the purpose of electing a staff of teachers for the coming school year. Members of the board have assembled at two previous occasions for this purpose, but owing to the absence of Dr. Epley, chairman of the board, who is ill and under-going treatment at Portland, the election each time was postponed. It is doubtful whether Dr. Epley will be in attendance tonight, but he has sent word that in the event that he is not, for the board to proceed with the election, and it will do so.

Should Dr. Epley return and attend, the board will also take up the matter of awarding contracts for heating plants at the Ingwood and East Salem schools. Bids for installing the plants have already been opened and considered by the board, and it is ready to take action with relation to them.

Be Few Changes.
According to Clerk Johnson the board had received no resignation from teachers on the present staff today, but there will probably be some presented this evening. There will be, however, but few changes in the regular staff, if any is made at all. Superintendent Powers was re-elected at a meeting held some time ago and so was Principal Kirk.

The completion of the new Ingwood school will create a demand for eight new teachers and these will be elected tonight. The board is in possession of a large number of applications and will experience no trouble in securing good teachers for this school.

ANOTHER SCALP AT INDIAN'S BELT

CHEMAWA WON A HOTLY CONTESTED GAME YESTERDAY FROM WILLAMETTE IN THE TENTH INNING BY A SCORE OF 5 TO 4.

Yesterday afternoon Willamette, after her signal defeat by the High School last Wednesday, came back with a rush, and played Chemawa a ten-inning game, the final score being 5 to 4 in favor of the Indians. The game was fast, and, barring a few instances of poor playing on the part of both teams, was a good exhibition of the national game.

Willamette did not seem to be able to score till the eighth inning, when Chemawa sent in a new pitcher, and by getting "walks" and hitting sacrifices Willamette ran in four runs, making the score 4 to 3 in her favor. This should have been the final score but that by poor playing which has caused her former defeats, she allowed Chemawa to score a run in the ninth, which tied the score, and then another in the tenth, which decided the game.

The credit for the showing Willamette made in yesterday's game is due largely to young Grobe, who pitched a very ready game for a youngster, pulling himself out of holes that would have discouraged pitchers much more experienced than he. It was through no fault of his that Willamette lost the game.

Tebeau, playing shortstop for Chemawa, pulled off a clever play by jumping straight in the air and pulling down one-handed a drive that would have been a sure hit.

The game was the best that has been played on Willamette field this year, and if Willamette, when she meets the penitentiary aggregation this afternoon puts up the same article of ball as she did yesterday, she will make them hurry to best her.

WOUNDED POLICEMAN WILL RECOVER

WM. T. MAGUIRE SHOT IN THE ABDOMEN BY BURGLAR WHOM HE AFTERWARDS KILLED, HAS CHANCE FOR HIS LIFE.

WOUNDED POLICEMAN WILL RECOVER
WM. T. MAGUIRE SHOT IN THE ABDOMEN BY BURGLAR WHOM HE AFTERWARDS KILLED, HAS CHANCE FOR HIS LIFE.

[UNITED PRESS LEARNED WIRE.]
San Francisco, May 14.—Police-man William T. Maguire probably will recover from the wound in the abdomen received early this morning in a duel with an unknown burglar, whom he succeeded in killing. It is believed the bullet is lodged in the muscles of the back and not the intestines, as at first was thought by the physicians.

The police believe the dead burglar, who was about 55 years old, was an experienced house breaker and contemplated a series of burglaries in this city, as addresses of several wealthy citizens were found in his effects.

Maguire was one of three policemen who responded to the sound of a police whistle on Gough street, blown by George Marlin, who discovered the burglar entering his residence. The officers cornered the man in a back yard and opened fire. The robber emptied his gun, wounding Maguire, before receiving a bullet through the heart.

CONCRETE BRIDGE WORK THAT BEATS THE RECORD

D. D. Barron, engineer and contractor, has broken all records by putting in a 61-foot steel reinforced concrete bridge on Twelfth street, doing the work between Tuesday and Saturday morning, when it was viewed and accepted by the city engineer and street committee.

It was rushed through day and night, a new way of doing things at Salem. The bridge is a square box pattern, the first of the kind ever built at Salem.

AYER'S HAIR VIGOR
Ingredients: Sulphur, Glycerin, Quinine, Sassafras, Castor Oil, Stearin, Alcohol, Water, Perfuming.
Ayer's Hair Vigor promptly destroys the germs that cause falling hair. It nourishes the hair-balls, restores them to health. The hair stops falling out, grows more readily.
Does not Color the Hair

What Is Pure Paint
That is a broad question. There are many kinds of so-called pure paint that will not come up to the standard of quality.

Patton's Sun-Proof Ready For Use

Is one that comes up to the standard. Pure paint must not only be unadulterated, it must be mixed in proper proportions. The component parts must be so blended that the paint stands the test of wear and holds its finish. Patton's Sun Proof, mixed ready for use, in any desired color, is guaranteed to meet these requirements.

So That You May Compare

Before taking up shingle, tin, tar and other roofings, we will explain what Ruberoid is, so that you may be better able to compare it. Ruberoid was the original prepared finished surface roofing, and for several years the only roofing of this character. It consists of a wool fabric which is impregnated and coated with flexible Ruberoid gum.

There is no secret about this fabric. It is the best grade of wool felt. It is as rich in wool fibers as the felt which is used in Derby hats. Wool costs twice as much as cotton, but it lasts three times as long.

When you want roofing drop us a card. Samples and descriptive matter sent gratis.

SOCIAL EVENTS OF THE PAST WEEK.

There is a great dear doing in musical circles at Salem, and quite a number of musical enthusiasts are preparing to attend the Walter Damrosch symphony concert at Portland Wednesday night. Miss Shelton is preparing to have her annual recital and it will be made up of the work of some of the best talent in the city. The home of Justice and Mrs. Will R. King will be thrown open Tuesday evening of next week for the students of Miss Elma Welton on piano, and Miss Magers' glee club will take place on the program. There was a fine musicale last night at the home of Mr. and Mrs. J. F. Penn, corner Marion and Capital streets, where a reception was given to Mr. and Mrs. Geo. Rosmer of Minneapolis, who are on their wedding trip, having been married about three weeks ago. The bride was Miss Nellie Penn, well known in this city. The groom is the younger son of an Hungarian family of the nobility. Mrs. Elmer assisted Mrs. Penn in receiving the guests and about 50 were entertained with music and refreshments.

Another Earthquake Recorded.
Washington, D. C., May 14.—Seismographs at the weather bureau, Georgetown university and at the Coast and Geodetic Survey Magnetic Observatory at Cheltenham, Md., recorded earthquake shocks of 43 minutes' duration early today. The tremors were unusual because of the alternating directions.

OPENING DAY AT HOLLYWOOD

Tuesday, May 17, will be opening day at Hollywood, the finest subdivision ever laid out in Oregon. Save that afternoon for us and go out and look over the prettiest spot around Salem. We will have plenty of autos and rigs ready to drive you out to Hollywood. Be at our office at 2 p. m. Read what J. J. Hill says about small acreage, and then make up your mind that Hollywood is the place for you.

"The day of the large farm is past. What you want here is the man who will take 10 acres and cultivate it thoroughly. The man who takes 10 acres of your rich land and works it as it should be worked can easily make \$5000 per year. Ten acres in the Willamette Valley should be as valuable, from the standpoint of productivity and earning power as 160 acres in Minnesota, Wisconsin, Illinois and some other states in that section. I do not know of any land anywhere that will compare with your land here."

JIM HILL

Has sent prices skyward all over the state of Oregon, but before his advent to this section, we were fortunate in securing a good list exclusively, and are now able to give our customers the benefit of the low prices.

FOR INSTANCE

\$900 for a good 4-room house, barn, chicken park, plenty of fruit, good well, lot 75x150, on car line.
\$900 for a 6-room house, brand new, good well, cement walk, 2 good lots, close to car line. This is something tony, and will not last long at the price named.
\$4500 for a modern residence, close in on Court, can give terms.
\$1200 takes a choice acre of the best black loam soil, inside city limits, with house, barn, chicken houses and parks. A good garden, house all furnished, garden tools and about 100 thoroughbred chickens go with the place.
We have 5 and 10-acre tracts close in at \$175 an acre and up.
We have choice lots all over the city, ranging in price from \$150 upward. Our list of farms is complete, and whether you buy or not, we take pleasure in showing our property. Be in no hurry to buy, get prices from others, if you like, but before you close a deal see

A Smile

Is a pretty hard thing to accomplish when you're blue, bilious and out of sorts. There is a sure cure for all kinds of stomach and liver complaints—constipation and dyspepsia. Ballard's Horeb is mild, yet absolutely effective in all cases. Price 50 cents per bottle. All dealers.

Kentucky has substituted electrocution for hanging. Lynchings will continue to be pulled off according to old fashioned methods.

Some people think if their sins are not found out they are a virtue.

\$2500 Town Property for \$1250

Are You a Home Builder?

Just the thing for a carpenter to finish in his spare time or leisure season.

A new nine-room house, unfinished, in a good locality (Fairmount Park), house enclosed and partitioned, door and window casings in, and porch finished, on a full lot fine view, top of hill. Can offer this for a short time at \$1250.

This is one of the best buys of improved property in town on our list, and it must be sold; don't forget, it must be sold, and it will be sold.

With an expenditure of about \$700, labor and material combined, it ought to sell for \$2500, certainly within a hundred of it.

Opportunity knocks but seldom at your door.
