To Build in West Salem—
The Falls City Lumber company has purchased six lots in West Salem, and is making preparations for the construction of lumber sheds and other necessary buildings. The buildings will be of a sufficient size to accommodate the enormous business being transacted by the company, and will be modernly equipped. As soon as they are completed, which will be in a comparative short period of time, the company will open up a yard and branch office at that place. The main office and yards of the branch company are situated on Fourteenth and Oak streets.

A Fine Garage—
J. A. Cooper and W. M. Meehan have about completed their garage on High St., opposite the court house, to be known as the Great Western. The garage will be a credit to the city as it will be the largest and most fully equipped one in Oregon, south of Portland. The automobile public should make this venture their own by assisting with their patronage, to make it a success, as the proprietors have gone to great expense in arranging for the care of automobiles and handling supplies for the trade. Mr. Cooper needs no recommendation as he is a business man of many years' standing in the community. While Mr. Meehan is not as well known in Salem he has been in business in Woodburn, where he is known as a business man of integrity and ability. In an interview Mr. Cooper stated that they would use every effort to please the public who saw fit to help them with their patronage.

She is a direct descendant of the first president.

PORTLAND MAN IS A BIGAMIST

AT LEAST HIS WIFE, THE FIRST ONE, SO CHARGES AND WILL GO TO LOS ANGELES TO TESTIFY AGAINST HIM.

Portland, Ore., May 14.—Mrs. Thomas Hughes, which alleges that she was deserted a year ago by Thomas Hughes, former partner of Patrick Bruin, in the Bruin detective agency, expects to leave for Los Angeles tonight where she will give testimony against her husband who is under arrest in Los Angeles charged with bigamy.

The Hughes were married here by Father O'Hahn, 1908. At that time Hughes was in partnership with Bruin who had resigned as captain of the detective department of Portland to engage in the venture.

Hughes soon afterward left town for Seattle. Later he jumped to Los Angeles where it is reported he worked with the temperance forces.

It is alleged that he contracted a second marriage in Los Angeles in April. Mrs. Hughes, of Portland, swore out a complaint charging bigamy.

Circuit Court Matters.
After granting a decree in a divorce case and listening to the argument of counsel in relation to a motion on the part of the plaintiff to open the case of Charles Elgin against H. S. Snyder, Judge Galloway adjourned the circuit court this forenoon and this afternoon returned to his home. The issue involved in the case is the recovery of a farm traded to the defendant for stock in the Salem Box Factory on the ground that fraudulent representations were made with relation to the value of the stock. Attorneys Kaiser & Pogue sought to open the case on the ground of newly discovered evidence, and the motion was resisted by Attorney John McNary, who appeared for the defendant. Judge Galloway directed counsel for plaintiff to reduce his questions to writing and the case will be further considered Friday when Judge Galloway will return and convene court.

Secures Divorce Decree.
A decree of divorce was granted Mrs. Sadie Rudling from Edward Rudling. The property rights between the parties were settled so that Mrs. Rudling was awarded the sum of \$150. The case was originally filed by the husband, and in his complaint he asked for a decree of divorce on the ground of cruel and inhuman treatment and impotency. Mrs. Rudling filed a cross-bill in which she made the same charge and was awarded the decree prayed for.

Will Award Decisions.
Upon his return Friday Judge Galloway will render a number of decisions. Among others will be a decision in the case of F. R. Durrkett against Inez Miller, et al, the issue involved being a lease to some land; and a decision on the case of E. D. Mossie against Mary Cyrus, in which the point involved is the specific performance of a contract for the conveyance of 30 lots in Brooklyn addition.
