The Alumni of the State Normal ask your support for that school. You know we must have teachers. We must educate the boys and girls; a trained teacher is the best agency for this. NOW FOR THE CHERRY FAIR.

The people of Salem should enter upon the next great local event with more spirit and enthusiasm than ever before. The three-day Cherry Fair should be made a festival for all Western Oregon.

It should be made a home-coming day for all true Salemites to invite their relatives and friends from far and near.

If every family would invite one family of friends or relatives to be here on that day, what a reunion it would be!

Preparations should be made to have the city blooming with flowers and bunting lawns in Perfect order, houses painted and old fences torn down.

Let us make Salem worthy of the honor of being the Capital City of Oregon, and the second city in the state.

The Cherry Fair is our institution, and we should prove ourselves equal to the occasion.

Sustain the work of the committees in whatever they undertake that is reasonable and right, and everybody do their part.

A LIBERATED SUPREME COURT.

The time has come to liberate the supreme court from selfish interests, political or capitalistic or socialistic.

The way to do this is to take the supreme court out of politics, and retain the services of clean, honest and able men on the court.

The two Republicans and two Democrats whose terms expire this year should be re-elected.

A non-partisan judiciary should now be established and the way to do that is to not throw these positions open to political manipulation.

With all respect for those who take a different view, there should be a general determination among the citizens to uphold the present supreme court by re-electing its members without opposition.

Let those who want to traffic in partisan politics on the supreme bench go their way, but let honest, decent American citizens not go astray in this matter.

The present supreme court has upheld the progressive policies inaugurated by the people, and they should be sustained.

POSTMASTER YOUNG IS DEAD.

Poor John C. Young, postmaster of Portland, is dead. He had some ailment, underwent a complicated operation, and went upon the long journey to peace.

He was a Populist in his day; that is he was a man of ideas and convictions, not a mere trailer and camp-follower.

He was a bell-weather, an agitator, a man who led the common herd of political sheep into newer, higher and better pastures.

As postmaster he made a grand record for progress, for a more efficient public service.

He proved himself an organizer, a master of details, a man with a grasp of the public service such as is given but few.

He was above all else pure of heart, elevated in soul and died with clean hands.

John C. Young was one of the greatest men ever produced in Oregon.

The good investment is for the A girl is awful smart to be cross fellow who lets you have it for some with a man so as to make him think of your money. He is the one.

OREGON CENTRAL RAILROAD BOISE TO COOS BAY

Work Will Begin Soon—Coos Bay-Boise Line Means Business Says Clarke—Completion to Roseburg Promised by July 1, 1912—Money Declared to Be Provided.

The work done last year by men like Wm. Grimes, of Coos Bay; Wm. Hanley, of Burns; Col. C. E. S. Wood, of Portland; Reilly Atkinson and Judge Schellenburger, of Boise, is beginning to bear fruit. Their campaign was directed to organizing and constructing a railroad through Central Oregon from Boise to Coos Bay, and a great deal more was accomplished than the public generally was aware of.

That construction on the Coos Bay & Oregon Central Railroad, the road from Coos Bay to Boise via Roseburg, will begin before September 1, was a statement made last night, at Portland, by Francis H. Clarke, president of the road.

Mr. Clarke said that work would be begun not later than that date, but he believed himself that gangs would be on the job considerably earlier. He said that the road would be constructed as far as Roseburg before July 1, 1912.

Despite the opinion the promoters intended to build an electric line, Mr. Clarke declared this to be impossible. Unless there were to be large passenger traffic, he said, a steam road would be required, as the cost of building a power plant would be prohibitive.

"The surveys are already completed," said Mr. Clarke, "and all the money pledged that will be required in the construction of the road."

"I never enter a project when money has to be raised. So you can understand there will be no trouble about the financial arrangements."

USEFUL DISCOVERIES.

Are Not Always Startling, Neither Do They Create the Most Talk.

It is not always the greatest, most startling discoveries of science that are most useful to the human race.

Comparatively few people were directly interested in Herschel's finding of the new planet Uranus, but many thousands have been benefited by Prof. Unna's experiments, which proved beyond a question that dandruff and baldness are the results of the inroads of a parasitic germ which invades the roots of the hair.

The discovery of the true cause of baldness made Newbro's Herpicide possible. Herpicide effectually kills this germ. Destroy the cause you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed.—J. C. Perry, Druggist.

Whooping Cough.

This is a more dangerous disease than is generally presumed. It will be a surprise to many to learn that more deaths result from it than from scarlet fever. Pneumonia often results from it. Chamberlain's Cough Remedy has been used in many epidemics of whooping cough, and always with the best results. Delbert McKelg of Harlan, Iowa, says of it: "My boy took whooping cough when nine months old. He had it in the winter. I got a 'ottle of Chamberlain's Cough Remedy which proved good. I cannot recommend it too highly." For sale by all good druggists.

There will be no booze served at the graduating banquet at Dean Kimball's theological seminary. Bishop Smith has cut it out.

CARPENTERS' UNION MADE FINE SHOWING

Sixty members out of the 86 of the Salem Carpenters' Union were in the Memorial Day parade, and made a fine showing for organized labor. They are the largest body of men who stand for trade unionism in the Capital city. One of their members carried a Union Jack that was on one of Admiral Dewey's warships at the battle of Manila bay, and, besides the banner of the brotherhood, they carried the Stars and Stripes. This was the first Memorial Day parade the carpenters have ever taken part in, but they made such a fine showing that they will be in great demand for civic occasions, and may be seen at least once a year publicly standing for the principles of their order. It will be recalled that a few years ago, when the people felt the need of a better music stand at Marion square, the carpenters' union, then but 40 strong, volunteered their services and performed over \$200 worth of labor and donated it to the city. That kind of an organization is not only patriotic, but public spirited, and is worthy of support and encouragement by the people generally.

It is positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50c at J. C. Perry.

DR. KING'S NEW DISCOVERY FOR COUGHS AND COLDS CURES ALL THROAT AND LUNG DISEASES. KING OF THROAT AND LUNG REMEDIES. My son Rex was taken down a year ago with lung trouble.
