SPECIAL MEETING BOARD OF TRADE

MATTERS OF GENERAL INTEREST, ESPECIALLY THE CHERRY FAIR WERE DISCUSSED—ARRANGEMENTS FOR BIG FAIR ABOUT COMPLETED.

Both the president and the vice president of the board of trade were absent last evening and Judge P. H. D'Arey presided over the meeting. The usual amount of routine business was transacted, but intermingled with it there were a number of matters of general interest to the public, and at the close of the meeting talks of a booster character were made by members of the board.

Factories Seek Locations. Secretary Hofer reported that he had three communications from factories seeking locations. Two of these are concrete brick factories and the third is a farm implement manufacturing company. The executive committee has been in communication with the concerns for some time and will continue to exert its influence upon them to select Salem as their site of operation.

Preparing for Cherry Fair. The finance committee reported that \$1,820 had been collected to defray the expense of holding the Cherry Fair. This amount is almost sufficient to cover the total appropriation necessary—which is \$2,000.

The committee also reported that a contract had been entered into with Arnold Carnival company to furnish attractions during the fair. The company pays \$300 for the privileges.

The publicity committee stated that invitations had been sent out to all the commercial bodies in the state to attend the fair, and Mayor Rodgers has dispatched invitations to all of the mayors and councilmen of cities near the capitol city, requesting them to attend and also to prepare exhibits and have them on exhibition.

The committee on exhibits stated that it had been laboring hard to secure exhibits from the various counties and the hope was expressed that there would be at least 10,000 boxes of cherries on exhibition.

The committee on music stated it had \$150 to spend on band music and that it hoped to have four bands on in evidence during the fair.

Secretary Hofer reported that the board had appropriated \$100 for the Cherry City Improvement League which is to be used in the beautifying of Twelfth street near the southern Pacific depot. The appropriation is on condition that the property owners residing near the scene of improvement will donate a like amount, and this amount has been guaranteed by Hon. Tom Kay.

C. L. Dick delivered an interesting talk on the fruit conditions in the Willamette, and expressed the opinion that more fruit inspectors should be employed. He stated he believed that money should be raised by the fruit growers to employ competent men to fight the various pests until the time came when the legislature would make appropriations. He further stated that during the fair able men would deliver lectures on fruit culture.

Judge John Scott, Mr. Albin, general agent of the Oregon Electric, and J. L. Stockton made talks. Their talks were along the booster line and were both interesting and instructive.

WILLAMETTE BEAT CHEMAWA

In a hard fought game of baseball the team from Willamette University won from the Chemawa Indians by a score of 6 to 3. For the first four innings neither team was able to secure one of the counters. The Indians were the first to be successful in sending a man around the bases. Then Willamette loosened up in the next inning and secured two runs. From this point on the Varsity held the large end of the score, although they had some pretty difficult holes to pull out of before the game was finished.

The Chemawa team put up a game fight until the last man was called out in the ninth inning. The game was a fast one, both teams being in to win. Errors were few, each team making only four of these mistakes, none of which were very expensive. Nothing but praise is due either team for the exhibition that was given the spectators of the national sport.

The Willamette team backed their pitcher as well as at any other time this season. The team shows a marked improvement over the beginning of the season.

This is the third game that these two teams have played this spring, Chemawa winning two of them.

Another game, which promises to be an interesting exhibition, will be played on the Willamette Field next Tuesday, between Willamette and Chemawa.

Battery for Chemawa: Haight and Teabo; for Willamette: McIntyre and McMechan. Umpire, Smoker.

BREWER ROASTED PROHIBITIONISTS

[UNITED PRESS LEARNED WIRE.] Washington, June 9.—The brewers, in convention here today, elected Louis Hemphill, of Seattle, trustee, to serve for three years. In the course of the day, Percy Andrews, of Cincinnati, addressing the convention, called prohibitionists "hypocrites and quasi-criminals." Quoting a statement that 38,000,000 persons are now living in prohibition states, he said:

"Thanks to prohibition, 38,000,000 are now drinking illegally half as much again as they formerly drank legally."
