

The Up-Building of This Bank

is due to the fact that we have ample capital and that we have adhered to a policy which has been conservative, yet along progressive lines. We offer to our customers modern facilities for the prompt and proper transaction of their financial affairs; ample vault and safe room for storing and safe-guarding of their money, notes, insurance policies and other valuable papers and such liberality of treatment as is consistent with prudent banking.

We invite checking accounts, small or large, as well as savings accounts, and offer to both the small and large depositor "that personal" attention and "that courteous" service which make banking a pleasure.

MANY OFFICE SEEKERS.

Candidates for State Offices Are Numerous and Active.

Activity of aspirants for state offices, aside from Governor, about which very little has been said, is now more marked, says the Oregonian. There has been a conspicuous absence of candidates for Attorney-General, State Treasurer and Supreme Court Judges. This year the terms of four judges expire. They are: Justices Frank A. Moore, Will R. King, W. T. Slater and Thomas A. McBride. Justice Robert Eakin holds over until January 13, 1913.

Justices King and Slater are Democrats, appointed by Governor Chamberlain when the Legislature increased the number of justices on the supreme bench. Both will be candidates to succeed themselves. They probably will not have any opposition in their own party. Circuit Judge W. N. Gatens, of this city, who also owes his appointment to Senator Chamberlain while Governor, will be a candidate to succeed himself.

Justices Moore and McBride will be candidates for the Republican nominations. In addition, it is understood four circuit judges of the state will seek the higher court toga. They are Judges Lawrence T. Harris, of the second judicial district at Eugene; George H. Burnett, of the third district at Salem; C. U. Gaentenbein, of the fourth district at Portland, and H. J. Bean, of the sixth district at Pendleton.

Attorney-General A. M. Crawford will seek re-election. Political gossipers say he will have opposition in A. C. Hough, of Grants Pass; State Senator J. N. Hart, of Baker City, and W. H. Wilson, of The Dalles. Heretofore only Crawford's name had been mentioned in connection with the office.

George A. Steel, State Treasurer, it is understood, will not be a candidate for re-election. Two names have been mentioned in connection with the post. They are T. J. Mahoney, of Heppner, a member of the lower house of the legislature last session, and T. C. Taylor, of Pendleton, who was president of the State Senate in the session of 1899.

FISH DESTROYED BY THOUSANDS

YOUNG TROUT THROWN OUT TO DIE IN FIELDS BY WATER USED FROM IRRIGATING DITCHES—MANY PICKED UP IN THE COUNTY ROAD.

Monday afternoon Thos. Wood brought into this office several fish which he had picked up in the road near the Hartery ranch. Now in the ordinary course of things fish don't usually choose to travel in the county roads, and these fish got there by reason of a most extraordinary state of things. There are no screens placed over the intakes of the government irrigation ditches and the fish enter the main irrigating canal and are distributed into the laterals and washed out over the fields. Those picked up by Mr. Wood were stranded in the road where the irrigating water had spread across the road from the fields.

Up in Klamath Falls the water coming from the old Ankeny canal is spreading young trout over the city gardens thick enough to make good fertilizer, and throughout the county the main ditch is carrying up to the grain fields and alfalfa fields to their final resting place millions of this splendid game fish. If the reclamation service officials had done nothing else to awaken the ire of Klamath county people, the absence of fish screens and the wholesale sacrifice of one of the county's chief attractions to sportmen, is enough to bring down on their heads the just condemnation of our people.

Oregon annually spends a large sum to protect her game fish, and citizens take out license for the privilege of catching fish in the streams. In the face of this awful destruction of young trout through the carelessness and indifference of government officials the state should take some steps to curb the operations of the reclamation bureau from taking fish along with the water used from lakes and rivers in which they are propagated and protected at state expense.—Merrill Reed.

WHY NOT STOP THAT ITCH?

Indisputable proof has now been found that eczema can be cured—not in one or two cases, but in the worst cases of many years standing.

We would, of course, not think of making such a recommendation to our neighbors and patrons, were it not that years and years of success with D. D. Prescription enable us to speak of this remedy with confidence. It is a gentle, soothing wash with the mild oil of wintergreen as a base. All the cures seem to be permanent; at any rate, a trial bottle at 25 cents will take away the itch at once—instantly. We are sure of this. J. C. Perry.

FOREST RESERVES INVESTIGATED

President Hill of the Great Northern sends the Salem Board of Trade a copy of the senate resolution providing a special committee to investigate the amount of land in the forest reserves that is suitable for agricultural purposes, with a view to making it available for settlement. This is a matter of the greatest importance to the development of this state, and will be a good thing for Oregon in the opinion of Mr. Hill. The resolution is as follows:

Resolution.

"Resolved, That there shall be appointed by the President of the Senate a select committee of five Senators, with authority to sit during the session of the Senate or during the recess of Congress, either as a committee or by a sub-committee, with instructions to make an exhaustive investigation of the lands now within forest reservations with a view of ascertaining how much and what part can be restored to the use of the people under the present laws.

"The committee is hereby authorized for the purpose of securing this information to hold such hearings as may be necessary; to have such printing and binding done as may be necessary; to employ a stenographer and other clerical assistance; and that the expenses to carry out the provisions of this resolution shall be paid from the contingent fund of the Senate."

HEALTHY PLANTS.

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you remove the effect.

You cannot cure dandruff and baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Saved From Awful Death.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetite and all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. It's the best medicine I ever saw or heard of."

For coughs, colds, grippe, asthma, croup, hemorrhage—all bronchial troubles, it has no equal, 50c, \$1.00. Trial bottle free. Guaranteed by J. C. Perry.

Wants To Help Some One.

For 30 years J. F. Boyer, of Fertile, Mo., needed his lip and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from backache, nervousness, loss of appetite, lassitude and kidney disorder. He shows that Electric Bitters work wonders for such troubles. "First bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for Liver Trouble, dyspepsia, blood disorders, female complaints and malaria. AN UP-TO-DATE DRUGGIST

It is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy, nothing equals our grandmothers' "age tea" as it has ever been discovered. Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer. Nowadays when our hair comes out or gets faded or gray, instead of going to the garden or parter for herbs and making the "tea", ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur. This preparation is sold by all leading druggists for 50 cents and \$1 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Corlandt St., New York City, upon receipt of price.
