## Willamette Valley Day At Fair Is Howling Success

### IMMENSE CROWD POURS IN FROM ALL POINTS OF COMPASS

### GREAT ENTHUSIASM SHOWN IN ALL CHERRY FAIR FEATURES

Thousands of Visitors View and Delight in the "Loud Voiced," Yet Silent and Sumptuous Display of the World's Choicest Fruits and Flowers and Revel in the Gay Festival Spirit Which Pervades the Very Atmosphere of the Streets, the Homes, Places of Amusement and Business Houses—Elaborate Programs of Entertainment in Store for Tomorrow, Closing Day, and the Evening.

Like yesterday morning the day broke in the east with a bright sky, and the second day of the Cherry Fair was favored with ideal weather conditions—even better than those of the first day—as a slight breeze blew throughout the day, and there was absent the sultry and oppressive heat that prevailed during both the forenoon and afternoon of yesterday. Today was Willamette Valley day, and the almost perfect weather brought the people from the adjacent country, and many cities in the valley at an early hour and by 10 o'clock the streets were black again with people. The coming of the crowds brought the bands out, and revived the spellers of the dozen or more attractions and shows scattered throughout the city, and like

yesterday, their songs proclaiming the many virtues of their respective entertainments and shows could be heard throughout the day above the din and the noise of the street, and the second day of the fair was on again in full blast.

**Crowds Admire Cherry Exhibit.**  
From an early hour yesterday morning until a late one last night the cherry pavilion in High street west of the court house was crowded to overflowing with people, and today in this respect has been a repetition of yesterday. Despite the fact that the cherry crop is lighter this year than usual, the committee in charge of this department was successful in securing a splendid exhibit of the Willamette Valley's most favored and famous fruit—an

nounced by those witnessing it as one of the best they had ever seen. Sports afford entertainment. After the balloon ascension the crowd assembled on State street, where the races were held between Liberty and High streets. There was an abundance of contestants for each of the events and they afforded a huge entertainment for the crowd which was so great that it almost blocked the street.

The first race on the program was the sack race and Carl Summer was awarded the first prize—\$1 and Archie Smith the second, fifty cents. The wheelbarrow race came next and the first prize, \$2, went to Merrill Pen and the second, \$1, to Logan Stinson. The first prize for the three-legged race, \$2, was awarded to Eugene Gill and Earl Dimlek, and the second, \$1, to George Means and Archie Smith. Willie Rinehart won the first prize, \$2, which was offered in the slow bicycle race, and the second, \$1, was awarded to Claud Stensloff. The first prize for the free-for-all was \$5 and it went to Earl DeLashmutt, and the second, \$2.50, went to O. B. Hudson. Grace Townsend carried away the first prize for the girls' race, and Marjory Minto, the second. The first prize was \$1 and the second a half-dollar. The boys' race—all boys under 14 years, was won by Allan Bynon and Raymond Ruggles secured the second prize. Earl Anderson proved himself to be the fastest backward racer and Bennie Minton came second. The last race was the keg race and Vestor Bones and Beryl Dan won and the second prize went to Troy Woods and L. D. Sperber. The first prize in the last three events was \$1 and the second fifty cents.

**Apple Growers Meet.**  
This afternoon at 2 o'clock the Apple Growers association held its annual meeting at the Salem Fruit Union building, and the session, in addition to being enthusiastic and instructive, was well attended.

The members of the association were welcomed on behalf of the city by Mayor George F. Rodgers and a happy response was made to the welcome address by M. O. Lowndale.

The members of the association then listened to an interesting address by Prof. C. J. Lewis, of the Oregon Agricultural College on the subject of "Organization." Upon its conclusion Professor A. B. Cordley, also of the Oregon Agricultural College, was to have delivered an instructive address on "Pests, What to Do to Combat Them." This is a problem which has been baffling orchardists in the valley for some time, and the address was awaited with pleasure, but Prof. Cordley was unexpectedly detained and could not be present at today's meeting. W. K. Newell, state horticultural commissioner H. C. Atwell, president of the State Board of Horticulture, and H. M. Williamson, secretary of the same board, were also on the program for addresses.

Last evening at the pavilion little Miss McMinn entertained the crowd with the sailor's hornpipe dance, and she was liberally applauded. Professor Hull rendered a pleasing baritone solo and Mrs. W. C. Smith was on the program for a solo, but was unable to be present because of illness. A feature of the entertainment which caused much merriment was a vaudeville act by an Irish comedian.

**OPPOSES AMERICA'S OFFICES**

Buenos Ayres, July 8.—The U. S. is expected to come in for some lively criticism at the hands of the Nicaraguan delegates to the fourth international conference of the Pan-American union, which will convene here tomorrow. It is reported that the Nicaraguan delegates will attempt an agitation against the U. S. The followers of President Madrid already are circulating protests against the interference of the U. S. in Central America. They are said to be secretly canvassing the delegates to the conference in an effort to secure a resolution criticizing American tactics in Central America.

Delegates representing 21 republics are here to attend the conference. The American delegation consists of Henry White, Colonel Crowder, Louis Nixon, John Bassett Moore, Bernard Moses, Lamar Quintero, Paul Reinsch and David Kinley.

### ABOLISH THE UNSANITARY, VULGAR "TICKLING BRUSH"

Innocent Plaything Is Converted Into Iniquitous Instrument of Torture and Breeder of Undue Familiarity Between Classes and Direct Medium for the Spreading of Contagious Diseases—City Authorities Take Action—Offenders to Be Arrested.

Direct measures are to be taken by Mayor Rodgers and Chief of Police Gibson and staff officers to put a stop to, or at least to curtail the use of the vulgar instrument known and used as the "tickling brush" during the remaining days of the Cherry Fair. This article, if used rightly and within the bounds of decency and respectability, is the promoter of much innocent and wholesome fun and sport but when it is wielded and brandished indiscriminately in the faces of all, it immediately becomes the innocent medium of disgust, promoter of fights and disorder, and spreader of contagious diseases among the masses. It becomes the promoter of too much vulgar familiarity toward respectable young girls and ladies on the

### CANADA TO BUILD DR. DOCK FOR NAVY

Vancouver, B. C., July 8.—It is generally believed here today that actual operations toward the erection of either a huge drydock or a shipyard capable of building vessels for the new Canadian navy, will be started at Vancouver within the near future. The latest report is that Roach Point, on the mainland, and near the city, will soon be the site of a second dry dock large enough to accommodate vessels of 15,000 tons. Ottawa has granted the subvention for the dock. The enterprise is to be undertaken by the Imperial Car and Shipbuilding and Drydock Company, in conjunction with Messrs Nicola Thompson and Bullock, of this city.

John D. 71 Years Old.  
Cleveland, O., July 8.—John D. Rockefeller today celebrated his 71st birthday at Forest Hill, his summer home. The celebration was confined to the simple offer of congratulations by immediate members of the family.

### GRAND JURY REPORTS TWO INDICTMENTS

The grand jury this afternoon reported to Judge Burnett, and returned two true bills—one against Theodore Larson, and the other against Glen L. Burton. During all of the afternoon, after making the report, it has been deliberating over other matters, and it will probably submit another report at 4 o'clock. Larson is charged by the grand jury with grand larceny, and the offense is alleged to consist in the stealing of a horse on April 28, of this year. The charge against Burton is that of obtaining money under false pretenses, and the offense is alleged to consist in obtaining \$10 on a type writer, which he represented to belong to him, from R. A. Crossan.

### TWO HUNDRED POUND, TWELVE-YEAR-OLD BOY LEAPS FOR LIFE

Seattle, Wash., July 8.—Mrs. J. Fuller picked up her helpless husband from his sick bed and carried him to safety from their burning home at Sanders street and Rainier boulevard early today, after the house had been set on fire by the explosion of an oil lamp. Dashing back into the burning building, she hurried up stairs to awaken her 12-year-old son, William, who weighs 200 pounds. She aroused the boy, but the flames had cut off their escape by the stairs. Mrs. Fuller picked up her helpless husband from his sick bed and carried him to safety from their burning home at Sanders street and Rainier boulevard early today, after the house had been set on fire by the explosion of an oil lamp.
