

# TERRIFIC WINDS STOP THE FLYERS

ARE NOT WILLING TO RISK THEIR MACHINES IN THE STORM—EVEN LE BLANC, THE "STORM KING" IS FORCED TO QUIT.

[UNITED PRESS LEASED WIRE.]  
Mezieres, France, Aug. 13.—Battered by terrific winds, Le Gagneux and Mamet, who left Mezieres early today on the fourth leg of the 488-mile cross country aeroplane race, were forced to seek shelter on the ground, the former at Chilly, the latter at Hirson, more than half-way from Mezieres to Douai, the destination. Le Gagneux alighted with ease; Mamet was less fortunate, his machine being badly damaged on the trees against which the air currents east him.

Rains and cyclonic gale deterred the other aviators from ascending at all. Le Blanc, who leads the racers so far, and Aubrun, his nearest competitor, after testing the velocity of the wind, announced that they were unwilling to risk their machines in the 87-mile flight to Douai. They are in hopes that the storm will abate before evening but they state they will ascend later today despite the weather. Great crowds are traveling to Douai to await the arrival of the aviators.

# FUNERAL OF JOE GANS TO BE HELD TODAY

Baltimore, Md., Aug. 13.—Lying in state at Whatcoat Methodist

church, the body of Joe Gans, former lightweight champion pugilist, was viewed today by 35,000 persons. Hour after hour they filed silently by the flower covered coffin.

Early today the final services in the Argyle street home of the "old master" were held, Rev. Carroll Gibbs officiating. The ceremony was brief, and attended only by the immediate members of the family.

After the last prayer had been said, the bier was carried from the house to the waiting hearse. Carriages, automobiles, people on foot, young and old, were waiting in the street. When the procession started for the church the mourners formed themselves into orderly ranks that stretched back through three miles. Eight carriages, banked and smothered in a wealth of flowers, followed the hearse. Behind these came the closed carriages of Mrs. Gans and the foster mother of the deceased. Burial takes place this afternoon.

# POLICEMEN ARE DISCHARGED FOR DISOBEDIENCE

THEY CLAIM THEY FEARED BUTCHERS AND GROCERS WOULD BOYCOTT THEM, AND THAT THEY COULD GET NO PROVISIONS.

Columbus, Ohio, Aug. 13.—For refusing to protect the cars of the traction company from the strikers, 32 policemen were suspended today by Chief of Police Carter. The vacancies on the force were filled at once, over 100 civilians volunteering to be sworn in as patrolmen.

The policemen went before Mayor Marshall yesterday and announced that they would refuse to ride on the cars as protectors. The reasons they gave were that grocers and butchers had threatened to boycott them and that they would be unable to get provisions.

# BALLINGER ON ROAD TO KLAMATH FALLS TODAY

FINNEY, WHO IS WITH HIM GETS A NEW JOB—SECRETARY WILL REMAIN AT KLAMATH FALLS FOR TWO DAYS LOOKING INTO IRRIGATION AND OTHER MATTERS AND WILL THEN MAKE VISIT TO CRATER LAKE.

[UNITED PRESS LEASED WIRE.]  
Portland, Ore., Aug. 13.—Richard A. Ballinger, secretary of the interior, who has been spending several days in Portland, left last night for Klamath Falls, Oregon, where he will devote two days to inspecting work being done in that vicinity by the reclamation service. Besides members of his party, the secretary was accompanied by E. G. Hopson, chief engineer of the work and Oliver P. Morton.

While in Portland, E. C. Finney, assistant to the secretary, received notice of his appointment as chief law officer of the reclamation service, a promotion which came from the hands of the president. Finney will have charge of all the legal business of the service as well as the policies to be carried out. Many of the duties now devolving upon Director Newell, of the reclamation service, will be taken over by Finney.

# CANADIAN TOWN OF PHOENIX HAS DISASTROUS FIRE

BLAZE STARTED IN OIL HOUSE OF GRANBY SMELTING COMPANY—MAIN TOWN SAVED ONLY BY HEROIC WORK.

[UNITED PRESS LEASED WIRE.]  
Phoenix, B. C., Aug. 13.—The largest and most disastrous fire which ever visited Phoenix started Friday at 3:15 p. m. in the number three oil house of the Granby Consolidated Mining and Smelting Company here. It took but an instant for the flames to travel along the covered approach between North of the tunnel and the No. 3 crusher building.

The sparks of the crusher building fanned by a breeze began falling on the lower streets and the sparks caught and destroyed the Methodist and Presbyterian churches, the palace livery, public school house, pio-

neer publishing office and plant, Superintendent Smith's residence and the Hodges cottage.

The new machine and the blacksmith shops of the Granby, only erected last winter, shared the same fate. That the part of Phoenix known as "upper town," was not completely leveled is due to the excellent work rendered by the city fire department and Granby employees. It looked several times that the town must go, and there was many an empty house, as furniture was removed to the street to places of safety.

On communication with the officials of the Canadian Pacific railroad, orders were given the train crew just arriving with the passenger train to wait and be in readiness to offer any assistance in conveying people out of the city, but fortunately it was not required.

The fire is under control. So far as is known no one was killed and only one person hurt though many are exhausted. All buildings burned carry insurance but in spite of this there will be heavy losses.

Charles D. Norton, secretary to the president. That Taft practically snubbed Senator Aldrich yesterday when the senate leader called on him in the report finding credence here, and it is said that Norton's influence was responsible for the reception tendered the Rhode Islander.

It is reported that Senator Aldrich planned a long stay at the summer capital but the formality of the visit, which amounted to real chilliness, caused him to change his plans and leave speedily.

A report that is being circulated in political quarters here is that Postmaster-General Hitchcock was directed some time ago to get rid of Secretary Ballinger.

Norton has been exceedingly friendly with Senator Crane since he became the president's secretary. Norton also has been present at most of the important political pow-wows the president has had since he succeeded Fred W. Carpenter. Norton and Senator Lodge were present when Roosevelt visited Taft, and Norton has been at the conferences between Crane and the president.

# REGISTRATION BOOKS WILL BE OPEN TONIGHT

The registration books will be kept open tonight until 9 o'clock by County Clerk Allen so that every one desiring to register may do so, and the clerk is anxious that every one avail themselves of the opportunity.

Prior to Mr. Allen's inauguration of the policy of keeping the books open Saturday evenings there was some complaint to the effect that the laboring class was not given a chance to register. With the view of accommodating them Mr. Allen kept the books open last Saturday night until 9 o'clock, but during the evening but four people registered, and unless there is more of a demand than that in the future the office will probably not be kept open during the evenings.
