

HARNEY COUNTY NEWS AND COOS BAY TIMES TALK TO ASSEMBLYITES

Pay Especial Attention to Oregonian and Statesman and Incidentally to Those Who Are Doing the Talking and Writing and Who were Responsible for the Defeat of Cake and the Election of His Democratic Opponent Geo. Chamberlain.

"The Times has heretofore referred to the fact that the Assembly divided and disrupted the Republican party, and it was one of the reasons for this paper as a believer in Republican principles, opposing the Assembly. The machine manipulators propose to force factionalism on the party willy-nilly. Now comes the Harney County News, a staunchly Republican paper and advances the same views. The News says.

"The most serious mistake made by the Oregonian and its repeaters in advocacy of and apology for the assembly is the constantly asserted claim that they are the only Republicans who desire party unity and success, and that Republicans who are honestly opposed to a return to convention methods and wish to respect the letter and spirit of the primary law are endeavoring to disrupt the party and invite its defeat.

"Nothing could be farther from the truth. The rank and file of the Republicans who oppose the convention system are jealous, ardent believers in the basic principles and in the grand mission of the Republican party. Many of them have been lifelong in their adherence to it and active in the support of its candidates and its platforms when the Oregonian was knifing both with all its well-known bitter vindictiveness. They were battling for loyalty and harmony within its ranks when the Oregonian and men who are echoing its assembly rot now were sowing the seeds of discord and factionalism which have brought the only defeats suffered by the party in Oregon.

"One of the noticeable advocates of the assembly through the columns of the Oregonian and Salem Statesman is a blatant talker and writer at Salem who a few years ago organized an independent movement in that city and wrested the control of the city for six years from the Republicans by a coalition with the Democrats. This same man and his immediate connections supported Chamberlain for Governor and immediately

afterwards one of them was rewarded by a coveted appointment. He is a pretty sort of critic to undertake to read men out of the Republican party.

"And we could go clear along the line of prominent advocates of the Assembly idea and show that during their entire career in Oregon politics they have been treacherous to the party and its candidates whenever their personal and factional wishes were thwarted, or whenever their own personal interests stood a chance of being subverted by joining with the enemy. This same treachery will appear again in the present year. Neither the Assembly ticket nor the ticket finally made up by the primary will suit the "manipulators" and they will be once again giving encouragement to Democrats and independents and the real loyal support of the Republican ticket will come from the men who are anxious to abide by the primary law and the other laws guaranteeing the people a full and free voice in the choice of candidates and the choice of laws.

"The same men who slaughtered Harry M. Cake at the polls in 1908 and elected Geo. Chamberlain Senator are now in control of Assembly Republicans and they will not hesitate to repeat their revengeful tactics whenever it suits their selfish purpose. The man who insists that his own special brand of Republicanism must be accepted as genuine and that all other brands must get "the knife to the hill" is not very reliable in the hour of battle. Oregon Republicans have had too much "knife to the hill" already and it will take some time to restore the olive branch to its controlling place within the ranks."

EXPERTS TO DRILL FOR OIL NEAR BANDON

Crude Petroleum Believed to Be Had and Exhaustive Search Will Be Made.

Work is now in progress towards making a test for oil on Bear Creek near Bandon. Messrs. Burton and Morris or Bradford, Penn., are erecting a large derrick and will have it ready for the machinery when it arrives, which will be in a few days. These men are expert oil drillers from the oil regions of Pennsylvania, and came prepared to make a thorough test for oil which they believe exist along the coast. Let a Salem citizen speak.
A. J. Wood, 733 N. Front Street, Salem, Oregon, says: "About two months ago I began to suffer from kidney and bladder trouble. The kidney secretions were too frequent and painful in passage, causing me much annoyance. I had often heard Doan's Kidney Pills highly recommended and thinking they might prove of benefit, I procured a box at Dr. Stone's drug store. I can truthfully say that the use of one box freed me of every symptom of kidney complaint. I strongly advise other kidney sufferers to give this remedy a trial.

The above statement was given January 30, 1906, and was confirmed on November 20, 1909, by Mr. Wood. He said: "The statement I gave in 1906, publicly recommending Doan's Kidney Pills still holds good. This remedy cured me of kidney trouble and I have had no return attack."

THE FIGHT PICTURES ARE TAME

EXHIBITED IN SAN FRANCISCO AND PRONOUNCED NOT IMMORAL BUT INTENSELY UNINTERESTING.

San Francisco, Aug. 15.—No arrests were made here today as the result of the first exhibition of the Jeffries-Johnson fight pictures in San Francisco. With Republican gubernatorial candidate Charles F. Curry sat well to the front, the films were "privately" introduced to a crowd of several hundred business and sporting men. Mayor McCarthy was not present, but neither was the interference of police that he threatened should the films be displayed in San Francisco.

Among those who witnessed the exhibition the consensus of opinion was that the reproduction of the fight was tame. Tex Rickard has taken no steps to put on the films in a public theater.
