## MOISSANT CROSSED CHANNEL

HE FLEW FROM CALAIS TO DEAL THIS MORNING, MAKING THE FLIGHT ACROSS ENGLISH CHANNEL IN 42 MINUTES.

[UNITED PRESS LEASED WIRE.]

London, Aug. 17.—John Moissant, flying from Paris to London, landed at 12:30 this afternoon at Tillmanstone, near Deal, after having crossed the English channel. Moissant was so numb with the cold when his aeroplane landed that he was unable to leave the machine and had to be assisted from the saddle. He said that he was forced to descend because of the frightful cold in the upper air.

Moissant left Calais at 7 o'clock this morning but was compelled to descend on French soil to await the passage of a gale.

Hubert Latham started from Paris with Moissant. Latham abandoned the race owing to the pleadings of

his mother, who became alarmed because of an accident to Latham's machine just before it started. She telegraphed Latham that a continuation of his flight would kill her.

Latham started to fly back to Paris and on the way his biplane struck a tree and was badly damaged. The aviator, however, escaped injury.

Moissant reached Tillmanstone at 11:27 a. m. He flew from Calais to Tillmanstone in 42 minutes. During the channel flight a tug steamed at top speed from Calais to Dover to offer assistance in case of accident.

## THE LEAGUE FILES AN ARGUMENT

NON-POLITICAL JUDICIARY LEAGUE POINTS OUT NECESSITY OF TAKING JUDICIARY OUT OF POLITICS, OBJECTS TO BURNETT AND McCAMMANT.

Alleging that Justices Slater and King show by "their decisions a clear grasp of the spirit of progressive legislation and popular government and that Judge Burnett and Wallace McCamnant are not in accord with this idea as is manifested by the fact that the people interested in popular government and progressive legislation had no part in their selection," the Non-political Judiciary League late yesterday afternoon filed an argument against the candidacy of Burnett and McCamnant, who were recommended by the assembly for the supreme court, and in favor of Justices Slater and King who are candidates for reelection.

The argument is filed by W. C. Woodcock, and N. J. Sinnott, chairman and secretary, respectively, of the league. It states that Justices Slater and King were the choice of a gathering of lawyers held in Portland, June 19, 1910, the object of which gathering was to take the judiciary out of politics. It points out at length the necessity of taking the judiciary out of politics, and the league says that at the next legislature it will present a bill to that body asking that a law be enacted that a candidate for judge be not allowed to print on the ballot the name of a political party after his name, and that in the event that the legislature turns it down, that it will seek to have such a law enacted through the initiative.

The argument says that Justices Slater and King are eminently qualified for the places they seek, and urge the voters to cast their ballots for them and against McCamnant and Burnett, the assembly nominees.

## DEMAND FOR CARS EXCEEDS THE SUPPLY

RAILROADS PLEAD POVERTY AND DULL BUSINESS BUT TRAFFIC IS SO HEAVY THAT CAR SUPPLY IS INADEQUATE.

[United Press Lease Wire.]

Chicago, Aug. 17.—While many railroad officials individually are pleading poverty as an excuse for advancing freight rates, the volume of traffic throughout the country, as indicated by the demand for freight cars, is increasing so rapidly that the American Railway association has issued a warning urging the roads to do everything in their power to prevent a car scarcity this fall.

The warning is being circulated through the medium of the fortnightly bulletin of the committee on relations between railroads of the association, sent out by Arthur Hale, chairman. This shows a decrease of 25,000 in the number of surplus freight cars in the United States since the previous report, reducing the total to 105,564, the lowest point reached since March and nearly 100,000 below the figures for a year ago.

The beginning of the grain movement is said to be largely responsible for the quickened demand for box cars. With traffic equal to that of August, 1909, it is said that the present surplus of cars should practically disappear by September 1.

## OBJECTS TO PICTURES IN PAMPHLET

LAFFERTY WANTS REED SHUT OUT AND McDEVITT WANTS EVERYBODY ELSE WHO FAILED TO FILE BY AUGUST 14, BARRED.

The secretary of state today received a protest from A. W. Lafferty, candidate for congress on Republican ticket against allowing C. J. Reed, candidate for congress on Republican same office to have his cut and arguments appear in the pamphlet to be issued by state printer as he failed

to have his nominating petition filed August 14, as required by law.

A protest was also received from T. B. McDevitt, a Portland lawyer, who as a taxpayer asks the secretary to not allow any candidate who did not have his nominating petition filed by August 14, to have his cut or argument appear in the pamphlet. He bases his protest on the ground that the taxpayers must pay for the issuance of the pamphlet and contends that a candidate should not be allowed in view of this to take advantage of the pamphlet, especially when he has failed to comply with the law as to the time of filing.

Chief Clerk Corey had announced that, though the latest time for candidates filing their nominating petitions and having their cuts and arguments appear in the pamphlets was August 14, that he would extend the time to August 22, unless protest was made. In view of the two protests he has now reversed himself, and any candidate who filed or will file petitions after August 14, will not be allowed to avail himself of pamphlet as advertising medium.

### HIRAM JOHNSON INSURGENT.

(Continued from page 1.)

In the county fights many of the machine's smaller cogs slipped and new men jumped on the ticket.

Counting Votes Slowly. —San Francisco, Aug. 17.—Counting of the votes in yesterday's primary election has been very slow in San Francisco. At 9 a. m. but a single district gave complete returns. The vote as counted at that time indicated a plurality for Curry in the city of about 3,000.

Incomplete returns in San Francisco give A. G. Spalding 5,121; Edwin A. Meserve 298 and John D. Works 4,522 for United States Senator endorsement. The count is very slow. Nothing decisive on the senatorial endorsement vote has been received at the state headquarters here.

Kent in Lead for Congress. —Sacramento, Cal., Aug. 17.—Complete returns from 17 city precincts and incomplete returns from eight precincts give William Kent 1,005 majority over Duncan McKinley for the congressional nomination in the second district. Marysville reports 137 majority for Kent.

The San Francisco Returns. —San Francisco, Aug. 17.—The total vote for the county of San Francisco, estimated on the basis of returns from 181 out of 215 precincts received up to noon, shows the total vote cast for all Republican gubernatorial candidates, 38,154.

Figured on this basis, the vote for governor gives the candidates an estimated total in San Francisco as follows: —Johnson 13,596; Curry 17,390; Anderson 7,168.

For lieutenant governor: Keesling, 11,861; Wallace, 6,750; Ferris, 4,808; Farmer, 4,113.

Endorsement for United States senator: Meserve, 6,997; Spalding, 9,214; Works, 6,105.

Congress: Julius Kahn, stand-patter, unopposed, 22,560.

Christ's power is equal to any human need, and his willingness to help is as great as his power.—R. R. Meredith.

## B. P. O. E. TO GIVE B. P. O. E. TO B. P. O. E.

WHICH MEANS THE BEST PEOPLE ON EARTH WILL GIVE THE BEST PLAY ON EXHIBITION TO BOYS, "PEAKES" OLD-FOLKS AND EVERYBODY.

"Topsy Turvey" up-side-down or any old way the Elks present it, you can rest assured that it will be the "best on earth." The big open air show to which everybody is looking forward will be presented the first time tomorrow night and repeated Friday night. The seat sale opened at Patton's book store this morning and will continue over Thursday and Friday. The big pavilion on the corner of Court and Cottage is completed and has seats for 1,030. The very best talent in Salem is on the program and the strenuous rehearsals have made each one letter perfect in the parts. You will have something pleasant to put down on the tablets of your memory when you have seen and heard "Topsy Turvey."

After the presentation here Albany and then Newport will also be "shown", the former Monday and Newport Tuesday evening next.

## ALREADY REAPING BENEFITS

COMMENDATION BY OUTSIDE NEWSPAPERS TAKES THE PLACE OF CRITICISM, AND SOME PERHAPS MERITED ROASTS.

Salem is already reaping the benefits of its progressive move in voting to buy the Salem water plant. It is now on record as being an enterprising city, as the following clipping from the Oregonian will show.

"Salem has voted for pure mountain water. There never will be a better time than right now for every city and town in Oregon to follow this example. Perhaps it is too early for some of them to undertake municipal water works, but it will be the part of wisdom to secure at once a source of supply of pure mountain water. Development of it can wait."

This kind of advertising going out before the world is what will build up Salem and make it a city of 50,000 within the next decade. How much better to have the outside press and public commenting on our city in this manner than to have it continuously throwing slurs at us as in the past.

## A KNOWLEDGE COMPETITION

Readers of Capital Journal advertisements are to be given a memory test.

A drill on Salem industrial and commercial institutions and their products.

Who will win the \$40 prize.

This is purely a question of who's who and what is what? Somebody is going to have a chance to win \$40 by properly answering certain questions. It is not to be any sort of a guessing contest. It will be purely a question of knowing. And if you do not know you will be expected to find out. There will be a delineation of certain commercial characteristics, a pointing out of actual facts concerning the manufacturing and commercial institutions of Salem and their products, such as will be capable of reducing to a mathematical certainty the features of unmistakable identity.

The patrons of The Capital Journal expend large sums of money annually to drive the salient points of their commercial existence and superiority into the minds of a busy populace. It will be the aim of The Capital Journal in this unique and impressive feature to see how well the people have learned the lesson. There is going to be conducted in the columns of an early issue a drill, as it were, a sort of recitation, having as a subject the manufacturer-

ing and commercial institutions of Salem.

It has been demonstrated that if you wish to teach the rudiments of arithmetic the principles of grammar or the harmony of music, you must do so by dividing the subject up into lessons and giving them out in small installments to be studied, and then afterward recited, to see how well the lesson has been learned and to crush out the false ideas that may have been erroneously gathered through the cobwebs of the human brain. When this has been done the mind grasps and retains the lesson learned—there is no forgetting it—it has been drilled into the mind, there to take its place on the tablets of the memory as a fixed and certain axiom from which to reason further and deduce other facts of mortal existence.

This is what is going to be done through this advertising school which The Capital Journal will soon place before the people.

There is going to be \$40 in this for somebody, and all readers of The Capital Journal are eligible to win it. More will be said about this later on. Keep an eye on the "Knowledge Competition." For the present, just "think on these things," and when the \$40 is placed within your reach, brush aside the cobwebs from your brain and reach for it ahead of the other fellow—and the money is yours.

### A POPULAR VERDICT.

Based on Evidence of Salem People. Grateful thousands tell it—

How weak backs were made strong—

Weak kidneys made well— Urinary disorders corrected. Salem people add their testimony. They gladly praise Doan's Kidney Pills.

For quick relief and last cures. Salem evidence is now complete. Salem testimony is confirmed: Reports of early relief substantiated. Cures doubly proved by test of time.

Let a Salem citizen speak.

A. J. Wood, 733 N. Front Street, Salem, Oregon, says: "About two months ago I began to suffer from kidney and bladder trouble. The kidney secretions were too frequent and painful in passage, causing me much annoyance. I had often heard Doan's Kidney Pills highly recommended and thinking they might prove of benefit, I procured a box at Dr. Stone's drug store. I can truthfully say that the use of one box freed me of every symptom of kidney complaint. I strongly advise other kidney sufferers to give this remedy a trial.

The above statement was given January 30, 1908, and was confirmed on November 20, 1909, by Mr. Wood. He said: "The statement I gave in 1906, publicly recommending Doan's Kidney Pills still holds good. This remedy cured me of kidney trouble and I have had no return attack."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The first place for co-operation is in the home. There cannot be true co-operation among men who do not in their daily affairs practice the cardinal principle of the square deal.
