- \$1.50 Blankets, per pair \$1.29
- \$1.25 Blankets, per pair99
- \$1.00 Blankets, per pair82

STOCKTON

FOREST FIRES ARE DYING.

(Continued from page 1.)

worst has passed—and the big blazes have passed their critical stage.

The Milwaukee railroad today sent bridge repairing gangs into the burned regions to repair the numerous bridges that were damaged and in many cases wiped out by the fires.

According to last reports over 50 square miles of forest in the Gallatin district have been fire swept and the flames were rapidly working toward the boundary of the Yellowstone park.

Troy, Sylvanite and Libby, which were threatened by forest fires, are now safe, according to reports from the district.

LOW TEMPERATURE AND LIGHT RAINS IN MONTANA

Helena, Mont., Aug. 24.—With a slight rain falling over the valleys and snow in the mountains, the forest fire situation in Central Montana is greatly improved today. It is almost certain that the majority of the big fires will be subdued should the downpour continue long.

Sunday the temperature was 93 degrees. Today overcasts are in great demand. The change in the meteorological conditions is most remarkable.

The lower temperature is doing much toward reducing the danger of fires spreading.

Encouraging reports of the fight against the forest conflagrations was received from nearly every corner of Montana today. It is believed that the critical stage has passed, and that normal conditions soon will be restored.

WORST FIRE NOW IS ON MIDDLE FORK ROGUE RIVER

Medford, Ore., Aug. 24.—With the high wind which has been blowing the last few days, dying down and with men at the critical points of the fires which have been sweeping southern Oregon the last week, the fire situation may be said to have greatly improved although several fires are still holding high carnival in southern Oregon forests.

Assistant Forester Buck stated this morning that he believed it to be only a matter of a short time until the fires would all be controlled.

The arrival of the federal troops and their appearance at the front has instilled new heart in the tired rangers and civilians who have been severely handicapped by small numbers, and they have taken up the battle with renewed energy.

Search for civilians who are willing to go to the front continues heavier. Every available man in this city has been secured and a rang-

er has left for the Crater national park to enlist the services of the engineering party surveying roads in the park which numbers 24 men.

Every hardware store in Medford and Ashland has been cleaned out of shovels and other fire fighting tools and Grants Pass has been drawn upon for implements.

The most severe fire ranging at present is in the neighborhood of Prospect on the middle fork of the Rogue River valley. Here is a body of fine timber which is all going down before the destroyer.

One hundred soldiers arrived in that neighborhood this morning and will be put at work immediately.

Supervisor Erickson has the Cat Hill fire so well under control that he has turned the command over to an assistant and is now in the Four Bl country where the flames are sweeping northeast. Here he will have 50 soldiers to help check the fire.

The Ashland fire has burned toward the southwest and will probably be under control within 24 hours.

There is considerable criticism here concerning the apparent apathy of the Southern Pacific. They have 18,000 acres of timber in the neighborhood of the Cat Hill fire but have lent no aid to the foresters.

EIK CITY SAVED BY WOMAN MANY QUARTZ MILLS BURNED

Lewiston, Idaho, Aug. 24.—There is a slight change for the better in the Clearwater district of Northwestern Idaho today where great fires are holding high carnival in the forests.

Last night the wind subsided and the hundreds of fire fighters scattered through the mountains took advantage of the calm and accomplished much toward checking the conflagrations.

Today the wind began to rise again and the army of fire fighters have begun another dogged struggle against the red enemy.

Several crews of men have had narrow escapes. In several instances the fire fighters have been compelled to bury their provisions, cast their shovels and tools into streams and run a gauntlet of flames to save their lives.

Eik City was saved by the heroism of the women who guarded the town and fought a fire which threatened the settlement yesterday. Save a few old men and boys, all male citizens were in the mountains making a stand against the fires.

Forest Supervisor Fenn declared today that the critical stage has passed and he looks for continued improvement in the situation. Many fires have burned themselves out. A big fire is burning on the American river. The fire extends for a distance of 12 miles. Several quartz mills have been consumed.

Occasionally a woman buys a hat that looks like one.

PENDLETON TO HAVE AN OLD TIME ROUND-UP

Northwest Frontier Exhibition Association Is Organized With 500 Stockholders.

INDIANS, COWBOYS, MILITARY

Sports of Pioneer Days Are Scheduled for Three Days of Fun in Oregon Town.

Pendleton, Ore., (Special)—Articles of incorporation for the Northwest Frontier Exhibition association have been filed and all arrangements have been completed for holding the first annual "round-up" in this city which event will be the biggest frontier celebration ever held in the northwest. It is to be an annual event and an effort is to be made to make it rival the big shows at Cheyenne and Denver.

When the plan was started a few days ago the capital stock was placed at \$3,000. The committee was overwhelmed with applications for the stock and the amount was increased to \$5,000 and no man was allowed to subscribe more than \$10.

Events characteristic of frontier days and military spectacles by the U. S. army will have place in the contests which will cover three days, September 29, 30 and October 1.

Pendleton is ideally situated for such a show since it is the trading center for cattlemen and horsemen in practically all of eastern Oregon. Several thousand dollars will be offered in prizes besides each contest in the riding, roping and racing events will be for the championship of the northwest.

Several hundred Umatilla, Walla Walla, Cayuse, Yakima and Nez Perce Indians are to be invited. Bronco busters and owners of outlaw horses from northern Idaho to Oklahoma have already signified their intention of participating, insuring a frontier show well worth going hundreds of miles to see.

A race track is to be constructed and the racing cowboys and Indians in old-fashioned western style will be a feature.

Baby Morphine Fiends.

Are made by all soothing syrup and baby medicines that contain opium and narcotics. McGee's Baby Elixir contains no injurious or narcotic drugs of any kind. A sure and safe cure for disordered stomachs, bowels and fretfulness—splendid for teething infants. Sold by all druggists.

Prescribed by Doctors.

Lydia E. Pinkham's Vegetable Compound, an honest, tried and true remedy for feminine ills, holds the record for the largest number of actual cures of any similar remedy, and is prescribed and recommended by hundreds of fair-minded doctors who do not fear to recommend a worthy medicine even though it is advertised.

No man knows so well where the shoe pinches as he who wears it.—Lincoln.

Active at 87.

This would be unusual news if men and women would keep themselves free from rheumatism and all aches and pains as well as keeping their muscles and joints limber with Ballard's Snow Liniment. Sold by all druggists.

All patent medicines or medicines advertised in this paper are for sale at

DR. STONE'S Drug Store

The only cash drug store in Oregon. owns no one, and no one owes it, carries large stock; its shelves crowded and show cases are loaded with drugs, medicines, notions, toilet articles, wines and liquors of all kinds for medicinal purposes. Dr. Stone is a regular graduate in medicine and has had many years of experience in the practice. Consultations are free. Prescriptions are free, and only regular price for medicine. Dr. Stone can be found at his drug store, Salem, Or., from 7 in the morning until 9 at night.
