

# PHILOMATH NEWS NOTES AND SOME PERSONAL ITEMS

(By S. A. De Vanev for the Daily Capital Journal.)

The people are pleased to believe that they have overturned the Assemblies of Oregon. The team of Mr. Switzer ran away yesterday, doing considerable damage to the vehicle and breaking the

owner's arm. Dr. Newth being near the accident at the time, took the sufferer to his residence and thence to his office and is caring for him. The College of Philomath held its entertainment last night beginning

## Real Estate and Business Opportunities

It is the same old story, Too Late, Too Late. We have had to tell at least half a dozen people that they let the other fellow get that 108-acre tract of splendid bottom land that we offered for \$40 per acre. A little woman, full of business, came to our office at once in answer to our advertisement. After receiving full description of the land she caused her husband and sons to look it over. They did so, and purchased the land at once. Since then we have added to our already large list of farm property some splendid bargains.

60 acres, 5 miles from Salem on the Slough road, 20 acres in cultivation, the remainder has nice fir timber sufficient to cut 2500 cords of wood. The Oregon Electric extension to Albany is sure to go near this place. The timber alone is worth more than \$4000, the price asked for the entire tract; on easy terms. This land will surely sell within a few days. Will it be you or the other fellow who will be lucky enough to get it?

We have another timber tract of 40 acres near Salem that has enough timber to make 1000 cords of wood, that we can sell for \$40 per acre.

Don't overlook that well improved 60-acre tract at Hayesville, with farm buildings, running water and two springs for \$125 per acre.

64 acres, 6 miles east of Salem, 20 acres cleared, 10 acres good timber, splendid barn, small house, for \$80 per acre, one-third cash, balance on or before 8 years, at 6 per cent interest.

We have 5, 10, 20 and 40-acre tracts near Salem, on good macadam road, with running water and several springs for \$100 and up, per acre. Small cash payments, balance on long time. These tracts are very desirable for poultry raising. The soil is first-class for fruit and berries.

OWING TO LACK OF SPACE WE WILL BRIEFLY REFER TO THE FOLLOWING:

15 acres, well located, family orchard, good buildings, \$2300.

10 acres on rock road, bearing orchard, good buildings, \$1750.

20 acres bottom land, near good town, \$1200, \$600 cash.

10 acres near Liberty store, all in bearing orchard, \$2500.

400 acres, 100 in cultivation, the remainder fine grub oak timber, well located, house and barn, \$35 per acre.

1000 acres fine improved farm, well located, with four sets of farm buildings, for \$65 per acre.

1500 acres unimproved fine apple land, 4 miles of railroad station, for \$15 per acre.

100 acres, well improved farm, can be subdivided in three farms, situated one mile from Mt. Angel college; located in a German-Catholic community, for \$125 per acre. 80 acres in cultivation, 10 acres in hops. The buildings are worth \$500.

26 acres, one-half in fruit, five years old, running stream, 6 miles from Salem, on good macadam road, good farm buildings, for \$100 per acre; easy terms.

### CITY PROPERTY.

Don't fail to see our large list of houses and vacant lots, some of which we will sell on payments of \$20 and \$25 per month.

### BUSINESS PLACES FOR SALE.

Hotel doing a good business; barber shop well located; a drug business; a general country store; a grist mill and ferry with franchise.

List your property with us, and we will sell it for you.

at 8 o'clock, rendering the program very satisfactorily to the audience and meritoriously to themselves.

On account of the tender age of Miss Elsie Cook she deserves special mention as an expert violinist, her work was exceedingly good, and this enthusiastic encore following each appearance upon the stage manifested the feeling of the friends there gathered.

The audience filled every seat and many had to stand up during the recital.

The public school opened yesterday with an increased attendance over any former year, and the highest hopes are entertained for all the work of the teachers from Principal Cannon, who hales from Indiana, being a man of exceptional accomplishments, coupled with high ideals, all tending to carry weight toward success, aided by the grade teachers, each of whom are well and favorably known. The selection by the school board is shown to be a wise one, and merits the commendation of the entire community. All indications point to a successful school. The attendance indicates at least a 25 per cent increase over the former year.

The past good weather materially aided those who have been crowding their new buildings to completion, of which there are no less than 20 new dwellings in process of construction or just completed.

The school year will begin at the College of Philomath this forenoon at 9 o'clock, and tomorrow afternoon the Philomath College will open under an able corps of teachers headed by the indefatigable Principal M. R. Drury, D. D., with appropriate exercises at 2:30 p. m. and followed by a banquet at 8 o'clock p. m. S. A. DE VANEV.

## RADICALS SORE OVER PLATFORM

ROOSEVELT TURNS DOWN LA FOLLETTE AS BEING "TOO INSURGENT"—SENATOR HINMAN LEFT CONVENTION IN DISGUST

Saratoga, N. Y., Sept. 28.—The New York Republican platform adopted by the convention today staggered the Roosevelt adherents. The expectation was that the platform would be of the extreme insurgent type and the Taft and tariff endorsements plainly have disgusted the radicals.

It is rumored that President Taft and Colonel Roosevelt have reached an understanding that hereafter the "progressives" and not the "regulars" shall be the big factors in the affairs of the national government.

It is asserted that Roosevelt and Taft will accept insurgents of the type of Senators Cummins, Dooliver and Bristow but not care to meet Senator LaFollette's position. Colonel Roosevelt refused to comment on the rumor.

The "original Roosevelt interests" stood in seething groups and angrily discussed the situation.

Senator Hinman, a strong direct primary advocate, went home disgusted and refused to permit his name to be used in connection with the gubernatorial nomination.

The consensus of opinion was that Roosevelt had secured less than he would if he had stuck to insurgency and radicalism.

### Iowans Are Disgusted.

Des Moines, Ia., Sept. 28.—Followers of Senators Cummins and Dooliver expressed considerable disgust today with the platform adopted by the New York state Republican convention. Personally Cummins and Dooliver could not be reached this afternoon but it is expected that the Iowa leaders will oppose Colonel Roosevelt's action expressed through the New York convention.

Later Cummins was found. He said:

"I have no faith in any platform which unqualifiedly endorses either the Taft administration or the Payne law. I have nothing further to say on the subject at present."

## THE BURNED OVER AREAS ARE TO BE REPLANTED

(UNITED PRESS LEASING WIRE) Portland, Ore., Sept. 28.—With the coming of the rainy season in Oregon the forest service will seed between 5000 and 6000 acres of burned over land at a cost of approximately \$20,000, 700 acres being situated at the Bull Run watershed, as an auxiliary to the Portland water supply.

The largest amount of planting is to be done in the Mount Hebo district, south of Tillamook and adjacent to the dairying industry. The district

was burned over in 1857, and has never been reforested. It is now a mat of ferns and underbrush. On most of the area Eastern hardwoods will be planted, hickory, white oak and chestnut being the favorites. Most of these species are now being grown in the front yards of the ranchers in that section, which gives the federal officers encouragement in the belief that they will thrive. The ferns and underbrush will be cleared away with mattocks, so that seed may be given a chance to grow.

## BOARDS' MISTAKE CAUSED DELAY IN THE COUNT

County Clerk Allen, together with Justices of the Peace Webster, of Salem, and Hayes, of Woodburn, constituting the county election board began the work of canvassing the vote cast in Marion county at the primary election last Saturday, this morning, but on account of the delay occasioned by the necessity of the re-convention of the election boards which served at the Jefferson and Sidney precincts in legal authorization of the breaking of the seals to the ballot boxes of those precincts, in which had been inadvertently and erroneously enclosed the official canvass of the vote in those precincts, the work of the canvassing board has been delayed and will not be completed until tomorrow.

## ARIZONA HAS CASE OF SHAKES

SLIGHT EARTHQUAKE SHOCKS CONTINUING OVER SEVERAL DAYS CAUSES ALARM, AND MANY FAMILIES LEAVE THEIR HOMES.

Flagstaff, Ariz., Sept. 28.—The mysterious rumblings that accompanied the series of slight earthquake shocks felt throughout Northern and Central Arizona early this week, continued today. Several slight tremors were felt, although they were barely noticeable in the open air.

Reports from the country north of here state that a score of families have left their homes, and are journeying here. But one "refugee," J. P. Chavez, had reached Flagstaff at 10 o'clock this morning.

The unusual disturbances are believed to be caused by the settling of a volcanic earth crust between here and the Grand Canyon. Reports that the quakes last night caused a panic here were unfounded. No damage has been done by the constantly recurring shocks.
