The Century Forty Years Old.
Forty years ago there were not, comparatively speaking, many magazines—and it was forty years ago that The Century issued its initial number. Many popular periodicals have risen and disappeared, while some have continued within that period and even trace their origin to an earlier date. As a rule, each of these magazines address itself to supply some particular need in the world of current literature. In commenting editorially, in the October number, on the close of its fortieth year, The Century finds that its "range has been little changed" since the date of its birth. Today it emphasizes its desire to exercise "the conservative function of a family magazine" and indicates as its aim "to be of use to its readers, to minister to their enjoyment, by fiction, poetry, art and miscellany, that shall take them out of their cares through wholesome humor, or absorbing pictures of the imagination, and through the rarest of qualities—that of charm."

The Call of the Blood.
for purification, finds voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them. 25c at J. C. Perry's.

About the only difference between investing \$25 in a meerschaum pipe and sinking a similar sum in a willow plume is that smoking hurts you.

A Generous and Charitable Wish.
"I wish all might know of the benefit I received from your Foley's Kidney Remedy," says I. N. Regan, Farmer, Mo. His kidneys and bladder gave him so much pain, misery and annoyance, he could not work nor sleep. Foley's Kidney Remedy relieved him almost immediately and he says it effected a complete cure. Model "T" Ford Climbs Hills, Fords Streams Travels 4000 Miles Without a Breakdown Not an Engine or Tire Trouble Not an Accident

IN the recent political campaign, Colonel E. Hofer crossed the Coast range eight times in a Model "T" Ford. He traveled all kinds of roads, climbed all kinds of hills and made a record trip in a record breaking car.

This trip fittingly illustrates the kind of treatment that and Ford will stand up under, at all times and under all conditions.

The Ford Model "T" is just the car you have been looking for. Because it is light, its tire wear is always at the minimum. It will travel 10,000 miles without a change.

Its low up-keep cost is remarkable. 1 gallon of gasoline will be sufficient to cover 25 miles. When you buy a Ford you are investing all of your automobile expense in the first cost of the car. No monthly repair bills—no tire expense.

The Model "T" Ford is a high grade family car carrying 5 passengers. Fully equipped, at the price quoted it represents the best automobile buy on the market today.

Hollywood

THE GEM OF OREGON

There have been subdivisions before and there will probably be subdivisions after Hollywood is sold, but there never has been a better one, and there never will be one quite as good as Hollywood, for the reason that no land in the state is as fine as we are offering for sale.

The place is close to town and is divided into convenient sizes, and is cheap. None of these points, however compare with its chief characteristics, which is the richness of the soil.

Oregon in all its richness and productiveness would not amount to much had not some of the big ranches been cut up into small holdings. It is the number of families that count, not the number of acres that make a country.

Hollywood

Offers homes to a large number of families, just at the outskirts of Salem, just a mile east of the Fair Grounds, and at a price per acre far less than a cheap lot would cost.

For fruit, berries or garden truck Hollywood has no equal in this or any other part of Oregon. You don't have to take our word for this; ask any old-timer if he knows the George Savage farm; that's Hollywood—and he will tell you that you make no mistake buying there.

It won't be long the way things are going that way before a carline will pass Hollywood and then the land there will sell readily at two and three times what you can buy it for now.

Hollywood is divided into 5 and 10-acre tracts, and is being offered on easy terms at \$1/5 per acre and up. It costs nothing to see Hollywood, and you miss the best opportunity yet presented to the people of Salem if you overlook this tract. We have autos and rigs ready to go out at any hour. Phone and we will call. Do it now.
