FULL LEASED WIRE TELEGRAPH REPORT

REGISTER, REGISTER, REGISTER.

Before the registration is closed for the general state election, notices are up to register for the city election.

What a farce and a fraud the registration system in Oregon is, anyway!

No one should pay any further attention to it, and all should demand the right to vote on their former registration this year.

The present registration law was the last precious gift to the people from a legislature run by the Machine.

That was fifteen years ago, but the machine is just as ignorant today as it was then, or it would repeal such laws.

REV. WILSON IS HARD UP.

Rev. Clarence True Wilson was advertised at Heppner as having a joint debate with Col. Hofer to help him get a house.

At Pendleton the same thing was done, and shows the waning influence of the Prohibition leader in his campaign.

The last joint debate that Col. Hofer engaged in with that gentleman was at Ashland and that was two months ago.

The editor of this paper went out with Dr. Wilson as a courtesy to him, when he was not able to get crowds to hear him.

Now, on the strength of that, Dr. Wilson is advertising continuously, or being advertised, as having more joint debates.

As a result of his campaigning in Oregon Dr. Wilson has got a position on a big salary in Chicago for his church.

We do not begrudge him, but wish he would not allow any more use of a good man's name to boost a falling cause.

A PLEA FOR MEN AND NOT THINGS.

Take the workingman, and what interest has he in the election that is going to be held?

He labors on the street, in the sawmill, or drives a team, or pushes a smoothing plane.

He is shut out from voting unless he registers; he is put to great trouble to vote, and what for?

He gets nothing but grafts, officials, taxes, trusts and an aristocracy of wealth eats him alive.

Half the laborers are disfranchised in one way and another and the legislature turns down labor bills.

The so-called labor leaders sell their influence and enact new complications in the way of laws.

Manhood suffrage and manhood laws are farther and farther removed by the complicated systems invented by the bosses.

How many laboring men can understand the thirty-one measures that are put up to them to vote for this year?

Are they not mostly measures invented by the predatory class who want more power to use for the spoilation of laborers.

When you tell the truth, is not government a big graft?

ERROR OF THE LABOR PRESS.

The Portland Labor Press is supporting only the Democratic candidates for Governor and State Printer.

This is a strange attitude for a newspaper to take that is supposed to represent laboring men of all parties.

This will react against the cause of labor when it comes before the next legislature with labor bills.

A Republican governor and a Republican state printer will be elected and the legislature will be Republican.

Then what position will this labor newspaper be in to champion measures for the benefit of laboring men?

Some newspapers undertake to shape up the affairs of the Republican party, and the rest of the parties.

In the effort to carry out selfish policies in the interest of a certain combination they abandon principles and endanger policies that are of the highest importance.

This mistaken policy of the Labor Press should be repudiated by honest labor organizations.

THE KIND THAT GO TO THE WALL.

Who are the business men that go to the wall, nine times out of ten?

Are they not the kind that think they can get along without newspaper advertising?

Ask one of that kind if he takes the home paper, or if he advertises at Salem?

He will tell you that he takes a Portland paper, and advertises on the fences.

He will try forty different ways of advertising, except the newspapers of the town.

All the time he is running behind and wondering why he is not building up a trade.

The busy, busy world is forgetting all about him, and is patronizing others.

He squanders his money on all kinds of advertising fakes and gets no results.

He lets the faker work him and write his ads for him, and plays a losing game.

Then the business is sold out, and he is not even referred to as going out of business.

The fact is there was no business to go out of.

BAKER CITY
WELCOMES
BOWERMAN

GREAT AND ENTHUSIASTIC MEETING TESTIFIES TO HIS POPULARITY IN THE COW COUNTIES AND AMONG THE MINERS.

Baker, Or., Oct. 12.—Acting Governor Bowerman addressed a large and enthusiastic meeting at the Baker theater this evening, and, in the opinion of the majority of those present, won many votes. The meeting was presided over by Representative McKinney, and a number of short addresses were made by other speakers, including George Cochran, of La Grande, candidate for water commissioner.

Mr. Bowerman was given a great ovation when he was introduced, and in the beginning of his remarks paid a tribute to Senator Hart and ex-Senator Rand, of this city. His speech was mainly on the supporting of party pledges in the past by himself and associates, and he was frequently interrupted by applause. He said in part:

"I am not here either as an assembly or anti-assembly candidate, but simply as the choice of the Republican primaries, and have no pledges other than those which I have supported in the past and those which I will heartily support in the future, if I am chosen governor at the polls in November. I stand for direct primary and all laws put in operation by the people, whose interests I have always served, and will so continue."

Mr. Bowerman gave Senator Bourne a thrust, saying emphatically that the senator was ignorant of the needs of the people, and that candidates recommended by him were merely named by the senator because they were those who would do his bidding if elected to office. He also said that the aim of some of the senator's office-holders at the present time was to further his interests and to the detriment of their duties in a public capacity.

"I promise that if I am elected governor that in one item alone I will save the taxpayers \$50,000 a year, and that is in the purchase of supplies for the state institutions. When I was called upon to assume the duties of the governor's office the discrepancies in this matter were badly believable."

Some of the public institutions were getting their supplies for just one-half what some of the others were paying, and, being of an inquisitive turn of mind, I have found the leaks and remedied the condition. I promise that if elected I will still further save the taxpayers in these matters."

Mr. Bowerman appealed to the people strongly on the ground that in case of his defeat Eastern Oregon would be without representation. In the state, all other candidates being from coast points or west of the mountains.

Stormy weather did not keep the people away from the meeting. The acting governor arrived in the city at noon today, and was busy all day meeting local politicians and prominent Republicans. He is suffering from a severe cold and a hoarseness as the result of continued speaking, but nevertheless made himself clearly understood, and at the conclusion of his speech was accorded a great ovation.

Falls City Plans Rally.
Prominent Speakers to Address Republican Gathering Saturday.

Falls City, Or., Oct. 12.—A Republican rally will be held at Falls City next Saturday evening. Among the speakers will be Colonel E. Hofer, of Salem; C. N. McArthur and Dan J. Malarkey, of Portland; Willis Dunaway, state printer; T. B. Kay; Attorney-General A. M. Crawford, and Mayor Rodgers, of Salem. They will give short addresses on the political issues of the day.

The committee on arrangements tried to secure Acting Governor Bowerman for this event, but he had an engagement in Ashland. A large crowd from Salem and Dallas is expected.

Some crochety cynic has guessed the age of the girl who does not put on airs as about 10 months.

CITY PRIMARIES NOV. 5
CITY ELECTION DEC. 5

Every Citizen Should Go to the Polls—Let It Be a "People's Election"—Capital Journal Will Take a "Straw Ballot" and Publish Results.

City primaries Saturday afternoon, November 5.

City election Monday, December 5. The officers to be elected are: mayor, recorder, marshal and treasurer, and one alderman from each of the seven wards.

It is claimed that a special registration of voters will have to be made for this election, and no one can vote at the primary who does not register again.

This is denied by some who claim that the general registration for each of the seven wards now completed at the city hall should be taken and that seems reasonable.

Any other construction means that the professional politicians and the official elements alone will take part and the citizens and taxpayers will not be forced to register over again to vote at the city election. The city council can by resolution declare the general registration in the wards as legal and sufficient and allow all who have not done so to register.

Common sense and economy dictate that the registration shall be taken as already made and not yet completed for the general election and not compel all the people in the seven wards to do over again what they have just done.

The Retiring Officials.
Officials whose terms expire at the end of the year are Mayor Rodgers, City Recorder Moores, City Marshal Gibson, City Treasurer Crossan, Alderman Johnson in the first ward.

NOMINATING BALLOT FOR CITY OFFICIALS

I hereby express my choice of candidates for city officials at the coming Primary election, to be held November 5th:

For Mayor

For Recorder

For Marshal

For Treasurer

For Alderman
