A NINE DAYS MEETING OF BIRD MEN BEGAN AT NEW YORK THIS AFTERNOON

27 AVIATORS TO COMPETE PRIZES MAY REACH \$182,000 WILL TRY FOR HIGH RECORD

One of the Prizes for Altitude Reached Being Almost a Dollar a Foot if 10,000 Foot Point Is Reached--Principal Event Is Race Over a Course 67 1-10 Miles Long--This Will Be a Great Contest Between the Countries' Contestants Being Selected by Tryouts.

[UNITED PRESS LEASED WIRE] Belmont Park, N. Y., Oct. 22.—With 27 of the world's best bird men competing, the second international aviation meet started at Belmont today. For the next nine days aviators from all over the world, nearly every one of them a world's record holder, will vie with each other for a share of \$182,000 in cash prizes. It is expected that almost every existing aviation record will be broken. An addition to the amount subscribed the aviators will receive 70 per cent of the first \$100,000 profits of the receipts and 40 per cent of the second \$100,000. The aviation field began filling with manbirds, machines and excited spectators early today and when the aviators began tuning up their aeroplanes for the initial flights shortly after noon, one of the largest crowds in the history of aviation swarmed about the course. At noon the police and guardsmen began clearing the field to make room for the aviators to get a running start. The principal event of the meet will be the international race next Saturday, in which three entrants from each nation will sail over a course 67 1-10 miles long. This is five times further than the course at Rheims. The American team will be chosen by means of a series of elimination contests. The representatives of other nations already have been chosen. Another feature of the meet will be the Ryan contest for a prize of \$10,000. The rules of this event provide that an aviator must fly from the aviation field to the Statue of Liberty and return within one hour without alighting. A prize of \$5,000 has been offered the aviator who will fly to an altitude of more than 10,000 feet. This would break the world's record of 9,186 feet. Hourly distance, altitude and unaided flight prizes aggregating \$9,600 have been offered. Besides these there will be prizes for cross country flights, distance, passenger-carrying and other stunts. All of the Wright machines as well as those of Glenn H. Curtiss and other American aviators are entered. The entrants include Brookings, Hoxsey, Johnson, Willard, Mars, McCurdy, Ely, Turpin, Drexel, Moissant, Harkness, Schreiver, Hamilton, Frisbee, De Lesseps, Latham, Leblanc, Aubrun, Barrier, Garros, Audemars, Simon, White, Ogilvie, McArdle and Radley. In the international race, which is for the James Gordon Bennett cup, besides a cash prize of \$5,000, the Wright brothers have announced that they will produce a new machine nearly twice as fast as any aeroplane ever built. Curtiss says he also has a new machine as yet untried and much is expected of it. The entries with the exception of the Americans, are as follows: (Continued on Page 5.)

Cattle Living Torches. Calhan, Colo., Oct. 22.—Workmen today are clearing away the remains of nearly 300 cattle which were burned to death when a stock train and a freight collided two miles from here on the Rock Island railroad. After the collision an oil car in the freight train was overturned, and the oil was spilled over the cattle cars. A spark from one of the engines ignited the oil, and in a few minutes the cattle were flaming torches of writhing flesh. Only a few cattle were saved.

MISSING BALLOONS ARE SEEN

One, Believed to Be the America, Was Still Flying This Morning and Headed Toward Hudson Bay.

ONE DESCENDED IN NIGHT

Hudson Bay Company Has Notified Its Officials to Keep a Watch for It, and Indian Runners Will Attempt to Locate It—It Is Thought the America Will Break All Records, and Make Practically 2000 Miles.

[UNITED PRESS LEASED WIRE] Montreal, Oct. 22.—The first news in four days of the balloon America II, of the United States, and the Dusseldorf (Germany) that were last seen crossing the Great Lakes, reached here today in a telegram from Pogamasing. The message said that one balloon had been seen landing 50 miles northwest of there, and that another was reported sailing along in the teeth of a gale 300 miles to the west, headed toward Hudson Bay. Relief expeditions that already were being formed were rushed at once to the section where the balloon was reported to have landed, and it is expected that within 24 hours some definite news of the balloons will be received. The gas bag that came down is believed to be the Dusseldorf. Settlers saw the balloon come to the earth at nightfall, but none was able to locate its exact landing place or obtain trace of any of its occupants. The other balloon, presumably the America II, was high in the air and was about to pass over a dense forest that stretches unbroken for 100 miles. The Hudson Bay Company's officials were notified, and Indian runners sent out in the hope of learning where the balloon came down. When last seen the America II was headed due north, and was sailing high in the air at a 55-mile gait. It is believed the America II has already come down almost on the shores of Hudson bay, nearly 2000 miles from the starting point. The America was sighted by Pilot Abercron, of the Germania, just before he landed at Pogamasing. Abercron said at that time that the balloon appeared to be well filled, and capable of staying up many miles further. It was again sighted 300 miles west of there, just as a fierce snow storm broke, and high in the air, and was sailing at a 55-mile an hour gait. Probably Broke Records. St. Louis, Mo., Oct. 22.—That the balloon America II not only has won the international balloon race, but has nearly doubled the previous world's record for distance of any balloon, is the belief of Aero Club officials here today, following the receipt of advices from Montreal, saying an aerostat, believed to be the America II has been sighted 300 miles from Pogamasing, at a point further than any of the landing places of the balloons entered in the race. The America II is piloted by Alton Hawley, with Augustus Post as aide,

CUBS WIN FOURTH GAME OF SERIES SCORE WAS THREE TO THREE IN NINTH

Firemen Injured.

Los Angeles, Cal., Oct. 22.—Four firemen are suffering today from injuries sustained while fighting a fire that threatened to destroy the Newmark building on South Broadway. It is believed all will recover. The fire started on the sixth floor of the building occupied by the salesroom of the Parma Manufacturing Company, and spread through the sixth, fifth and fourth floors before it was checked. The loss will be less than \$100,000.

CUBS SCORED IN THE TENTH FASTEST GAME OF SERIES SOME SPECTACULAR PLAYS

Cubs "Came Back," and, While There Is Little Hope of Their Winning the Series, They Have a Small Fighting Chance ---They Showed Better Form Today Than in Any of the Previous Games, and May Pluck Up Spirit From the Victory ---Result of Game a Surprise.

[UNITED PRESS LEASED WIRE] Chicago, Oct. 22.—After battling gamely for 10 innings in a game in which they solved Pitcher Bender's delivery, the Chicago Cubs won from the Philadelphia Athletics by a score of 4 to 3 this afternoon. It was a superb game and saved the nationals from what appeared to be certain defeat for the championship of the world. The great crowd that attended the game went frantic when the Cubs tied the score and became insane with joy when Archer crossed the plate in the tenth with the winning run. "King" Cole, the young Chicago pitcher, was hit freely but wonderful fielding behind him saved the youngster many times. Bender, who was thought to be invincible, was hit hard toward the end of the game and almost every hit counted. The fifth game will be played here tomorrow. Chicago, Oct. 22.—Although they have every reason to be elated, the Philadelphia Athletics are not frivolous, as Connie Mack, their wily leader, today wore the jovial appearance of a sepulchre, as he conferred with his lieutenants over the outlook. Mack looked as though he were the loser instead of the winner, with a world's championship already within his grasp. The day dawned clear and cold, with every prospect of a game this afternoon. It is predicted that Chance would select "King" Cole, his young pitching wonder, to stop the Athletics' advance with Kling behind the bat. The fans generally selected "Chief" Bender and Thomas as the battery for the Mack men, although Mack's opinion on the subject was as reserved as a seat at West Side Park. The selection of Cole would be a popular one, as it is for him that the fans cried when the Cub pitchers were being slammed in the last battle. The Chicago fans apparently are more optimistic, judging from sentiments expressed, but the town is almost ready to go into the hands of a receiver, following the Cubs' setbacks, and few wagers were recorded. Most of the bets installed the Athletics as 5 to 6 favorites. It is believed that if Bender does not work well in the front atmosphere, Coombs again will shoulder the Mack men's burden. Later in the day the umpire inspected the diamond and found it in excellent condition, and formally announced that the fourth game of the series would be played this afternoon. Brown, with other Cub players supporting him, begged Chance for another opportunity to face the Athletics. When the players were pleading with the Chicago captain he was opening a stack of letters from fans demanding, beseeching, imploring and commanding that Cole be allowed to pitch. Chance's decision was that he must first see how Cole and Brown warmed up. Chicago, Oct. 22.—Shortly before the game it was announced that the

SIXTY ARE DROWNED IN WRECK

STEAMSHIP WALLEY WRECKED IN TERRIFIC STORM ON COAST OF BRAZIL—SHIP WAS DRIVEN ONTO A ROCKY COAST.

[UNITED PRESS LEASED WIRE] Rio de Janeiro, Oct. 22.—Forty-five passengers and fifteen members of the crew of the steamship Walley were drowned off Para in a terrific south Atlantic storm that raged yesterday. Word was received here today that 75 passengers and crew have been rescued. The vessel was a total loss. There is small doubt that at least 60 persons on the ill-fated steamer perished. Every effort to save the victims of the storm was futile. The storm that forced the Walley on the rocky projections near the Arrozales light house off Para was one of the fiercest that has swept the coast here in months. All efforts to reach the doomed craft were unsuccessful.

er and Thomas; Cubs, Cole and Archer. It was agreed that a hit into the crowd would be good for two bases and a hit upon top of the bleachers or against the score board for a home run. First, Philadelphia—Strunk out, Steinfeldt to Chance. Lord died to Sheekard. Collins out, Chance to Cole. No runs. First, Chicago—Sheekard walked and stole second. Schulte fanned. Hofman singled to left, and Sheekard scored. Chance forced Hofman and was himself out on Hofman's interference, Davis getting the Chance putout. One run. Second, Philadelphia—Baker singled to right, Davis fanned. Murphy tied to Schulte. Baker caught stealing. Archer to Tinker. No runs. Second, Chicago—Zimmerman flied to Murphy. Steinfeldt out, Baker to Davis. Tinker walked. Tinker out stealing, Thomas to Collins. No runs. Third, Philadelphia—Barry out, Steinfeldt to Chance. Thomas out, Cole to Chance. Bender walked. Strunk doubled to center, scoring Bender, and in attempting to stretch it into a triple Strunk was thrown out, Sheekard to Steinfeldt. One run. Third, Chicago—Archer and Cole fanned. Thomas dropped Cole's third strike and was thrown out. Thomas to Davis. Sheekard flied to Strunk. No runs. Fourth, Philadelphia—Lord fanned. Collins beat out an infield hit to Zimmerman. Baker hit to left center, reaching third, Collins crossing the plate, but the umpire, under ground rules, called it a double, sending Baker back to second and Collins back to third. Davis fanned. Murphy doubled into the left field crowd, scoring Collins and Baker. Baker fanned. Two runs. Fourth, Chicago—Schulte singled to left. Hofman singled to right, Schulte reaching third. Chance singled to left, scoring Schulte. Crowd became frenzied. Zimmerman hit to Bender, who threw Hofman out to Baker, who doubled Zimmerman out to Davis. Steinfeldt flied to Strunk. One run. Fifth, Philadelphia—Thomas out, Zimmerman to Chance. Bender singled to right. Strunk bunted safely. Lord died to Sheekard. Collins flied to Sheekard. No runs. Fifth, Chicago—Tinker fanned. Archer out, Baker to Davis. Cole fanned. No runs. Sixth, Philadelphia—Baker walked. Davis sacrificed. Cole to Chance. Steinfeldt knocked down Murphy's single, but was unable to field it. Steinfeldt muffed Barry's grounder, recovering in time to retire Baker at the plate to Archer. Thomas singled to infield. Bender flied to Schulte. No runs. Sixth, Chicago—Collins booted Schulte's grounder, Schulte safe at first. Hofman popped to Baker. Schulte out stealing. Thomas to Collins. Sheekard out, Barry to Davis. No runs. Seventh, Philadelphia—Strunk fanned. Lord out, Zimmerman to Chance. Collins flied to Hofman. No runs. Seventh, Chicago—Chance out, Bender to Davis. Zimmerman singled to left. Steinfeldt fanned. Zimmerman out stealing. Thomas to Collins. No runs. Eighth, Philadelphia—Baker hit safe to Chance. Davis walked. Murphy sacrificed. Chance to Zimmerman. Cole hit Barry, filling the bases. Thomas hit into a double play, Cole to Archer to Chance. No runs.
