COMPANY STARTED ON JUST WIND

BORROWED \$121,000 FROM BANK IN SHASTA COUNTY WITHOUT EVEN GIVING A NOTE--AND SPENT THE MONEY.

[UNITED PRESS LEARNED WIRE.] St. Louis, Mo., Nov. 2.--That the Afterthought Copper Company had been floated solely on promises of a sale was the testimony of Vice-President Thomas S. Henderson before Commissioner Wright, in the company's bankruptcy hearing today.

The Afterthought Copper Company was capitalized at \$10,000,000 with its investments in California mines. It is an offshoot of the Western Gold Company.

RE-SEEDING THE BURNED OVER TERRITORIES

[UNITED PRESS LEARNED WIRE.] Medford, Ore., Nov. 2.--The local forestry officials are making arrangements to start work at once reseeded a portion of the area in the Crater national forest, burned over last summer.

The acreage to be seeded consists of the tracts which were formerly covered by brush, and which were burned almost clean by the fire. There are 300 acres to be seeded in the Ashland reserve, and 800 acres on Cat Hill, where the fire swept away the chaparral and snow brush, and left ideal ground for seeding.

Owing to the fact that it is impossible to secure native seed, those of European varieties have been secured, which, by experiment, have proved capable of being grown in this altitude and environment.

Pine from Austria, the principal commercial pine of Europe, European larch and Norway spruce will be sown. All these trees are of rapid growth, and are expected to quickly reforest the burned areas.

Two Marriage Licenses--Marriage licenses were issued by County Clerk Allen this morning to Edward C. Grimm, a prominent young farmer of the Mt. Angel district, aged 29, and Miss Minnie M. Hug, aged 17; the wedding ceremony to be performed November 21, or upon the eve of Thanksgiving, and to William R. King (not Justice of the Supreme Court Will R. King, who is not a candidate for matrimony), a farmer of near Silverton, aged 23, and Miss Ethel Egan, aged 21, and this wedding is scheduled to be solemnized at Silverton this evening.

Court Adjourned--The taking testimony in the case of the Southern Pacific company to restrain the enforcement of the order of the railroad commission, requiring the railroad company to put in and maintain a spur or sidetrack at Eldon, a small station on the line of the Southern Pacific in Douglas county, and to stop freight trains there to receive and discharge freight destined to that point, has been completed and Judge William Galloway has fixed Thursday, December 8, as the date for final argument in the case. No cases were set for hearing by the court and an adjournment was taken until Thursday, November 10.

Good News Indeed--Dr. Harry E. Clay, the attending physician, reports today that Mrs. R. F. Rowland, who was so terribly crushed in the elevator accident in the United States bank building last Friday evening, is holding her own against impending and seemingly almost certain death, and the chances are now two to one in favor of her complete recovery. Not only does Dr. Clay think that his patient will live but he entertains strong hopes of being able to save all of her limbs, the bones of which were so badly broken and the flesh torn from them.

A new engine down for the 14-15 is being "The Early Christmas." It is probably dropped on tight that makes matters of its weeping.

AVIATORS ARE SORE OVER THE LATE MEETING

[UNITED PRESS LEARNED WIRE.] New York, Nov. 2.--Thrusts and counter thrusts in the shape of biting sarcasm were passed today in the merry war that has arisen between a majority of the aviators who participated at Belmont park and the committee that promoted the events.

Clifford B. Hazmon, who was charged by Director Allan Ryan with causing the whole trouble, replied to Ryan's charge.

"It is Ryan's purpose to permit his vaunting ambition to climb at the expense of better men," said Harmon, "then he can have that kind of aviation to himself."

Harmon has followed the lead of J. Armstrong Drexel and Claude Grahame-White in openly declaring himself at odds with the promoters of the Belmont meet. Officials of the aero club of America are involved and the scandal talk may go a long way toward retarding the aviation movement in America if a truce is not soon declared.

EIGHT TEAMS ARE TIED FOR FIRST PLACE

[UNITED PRESS LEARNED WIRE.] Boston, Mass., Nov. 2.--Ten teams were bunched when the third day of the annual six-day bicycle race began at the arena at 1 o'clock this afternoon.

The leaders are setting a terrific pace, now spurring, now slowing down in an effort to gain an advantage. The Kramer-Moran, Folger-Collins and Goettl-H-hir teams were doing the most spectacular riding, but the others were hanging on doggedly.

As the afternoon wore on the riders settled back, evidently saving themselves for a strong spurt later. At the end of the 22d hour eight teams were still tied for first place, with 502 miles, 8 laps each. Walker and Mitten were a lap behind, with Shelter and Jukus three laps in the rear.

SAN DIEGO DECLARES FOR THE "OPEN SHOP"

San Diego, Cal., Nov. 21--The San Diego Builders' Exchange, which, it is said, represents 135 local building contractors, held a meeting last night, and it was announced today that the organization had declared for the "open shop."

The action came as a surprise to local unions, and it is believed that a labor war may result from the decision of the contractors. A number of local contractors have been pursuing the open shop policy for some time, but many have hired only union men. There has been no industrial trouble here.

Prominent labor leaders declined to be quoted in regard to the matter today.

EVANGELIST TAYLOR SPEAKS IN TABERNACLE

If the number of people who have asked me whether Evangelist George W. Taylor was going to speak here during the campaign is any criterion, the crowd that will be at the tabernacle this evening to hear Mr. Taylor speak on the subject "The Rights of a Great Wrong; or the Boose Business in Civil Government" will be a record-breaker. Mr. Taylor is well known here, having conducted a very successful five-weeks' meeting here last winter, and is one of the most popular speakers that has ever visited Salem.

Mr. Taylor is a very interesting and effective speaker. While he is fair, he never temporizes with anything which he thinks is wrong, and is at his best in this subject. It is but fair to say that a good bit of the sentiment in this city in favor of "Oregon Dry" is due to his meetings and to Mr. Taylor.

The tabernacle at Twelfth and Ferry streets has been provided with stoves, and has been made comfortable. A splendid male chorus, under the leadership of Dr. H. C. Epley, and the Minister's quartet will furnish good music. It is planned to make this the rally of the campaign. A cordial invitation is extended to everybody. O. A. STILLMAN.

PERSONALS

Justices W. R. King and T. A. McBride were passengers on the Oregon Electric last evening, the former bound for Portland and the latter for his home in Oregon City.

William H. Sules, an old newspaper reporter and now acting as advance agent for the speakers against state wide prohibition for the Home Rule association, was in the city yesterday as advance agent for Rev. Wm. A. Wasson who spoke at the opera house last evening, and departed for Portland on the Oregon Electric yesterday afternoon.

William H. Holmes, of the city, was a passenger on the Oregon Electric for Portland last evening.

Mrs. W. J. Davis, who has been ill in Portland the past three weeks, suffering of nervousness, returned to her home in this city yesterday morning and is well on the road to complete recovery.

MONEY TO LOAN THOS. K. FORD Over Ladd and Bush Bank, Salem, Or

Norwich Union Fire Insurance Society. Frank Meredith, Resident Agent. Room 13 Bush Bank Bldg, Salem, Or.

SACRIFICE SALE--We have a farm that has to be sold, and sold right away; 120 acres of first-class land, only 2 miles from Capital Boulevard and 3 1/2 miles of business center. There is a good house and barn, fine water, place well fenced and cross-fenced, has about 5 acres of apples, three years old, in good condition. The main features about this place are the character of soil, price and location. The soil is as fine as can be found in the valley, being a rich, black loam; the price only \$197.50 per acre is cheaper by far than anything in the neighborhood. Nearby lands have sold from \$150 to \$200 per acre. In this case the owner has to sell and he has put the price down to where it will sell quick. Just think of getting 120 acres so close to Salem and on good roads for such a price. This is the bargain of the year. See Bechtel & Bynon, 347 State street. 11-1-1f

The Trial Postponed--The hearing of the case of Kenneth Doerfer, charged with assault and battery upon August Mizner, at Marion station in this county, October 13, which was set for 9:30 this morning in Justice of the Peace Webster's court, has been continued until two weeks from this date in order to ascertain what will be the result of the injuries said to have been inflicted upon Mr. Mizner, and Doerfer is out upon \$2500 bonds, pending his hearing.

To Improve Alleys--August Kohrborg, who has the contract for the laying of concrete pavement in the alleys of six blocks in the business district of the city, began work this morning upon the improvement of the alleyway in the three blocks from Perry to Chemeketa streets and between Commercial and Liberty streets. This is the first move toward the permanent improvement of all of the alleyways in the business blocks of the city with concrete pavement.

Here as Witness--H. E. Lounsbury, formerly general freight agent for the Southern Pacific Company, of Portland, and L. Gurlinger, Jr., of Dallas, of the Salem, Falls City & Western railroad, were witnesses before Judge Galloway yesterday afternoon in the Southern Pacific injunction suit against the enforcement of the railroad commission's order for a sidetrack at Eldon.
