REVOLUTION BREAKS OUT IN SPAIN RUMORED KING WAS ASSASSINATED

ROYAL FAMILY HAS FLED ACCORDING TO ONE RUMOR MONARCHY SEEMS DOOMED

Captain-General Weyler, the Cuban Butcher, Orders All Rebels Executed--Arrest of President Ovejero, of the University of Madrid, Precipitated Disorders--None of the Rumors Can Be Confirmed, But London's Inability to Get in Touch With Spanish Government Causes Great Apprehension.

[UNITED PRESS LEASED WIRE.] London, Nov. 3.—The Spanish cauldron of revolt is seething today to the very brim and in spite of the official denials of the government detailed to censor news despatches, telegrams and even private letters, a revolutionary movement of the greatest magnitude in the history of the peninsula is sweeping the Bourbon monarchy.

A force of 20,000 soldiers has been added to the garrison at Madrid alone; ostensibly to celebrate a memorial to the victims of the battle of Melilla, in reality to reinforce the government troops, weakened by the plottings of the revolutionists and the desertions of scores of non-commissioned officers and privates. The garrisons at Barcelona and at Sabadel also have been augmented by the pick of the loyalist troops. The military police, recruited from the prisons of Spain, from the dregs of the large cities, have been supplied with loyalist officers of the reg-

ular army and have been provided with rapid fire guns and a plentiful supply of ammunition.

Telegrams Are Censored. The long predicted general strike is in effect and the movement among the workers of the nation, starting at Barcelona, the hotbed of Republicanism, is sweeping throughout Spain. Workingmen of the leading cities are idle, causing prostration of commerce and inflicting added hardships upon the people at large.

Every telegram and letter that leaves Saragossa and Sabadel is censored and the portions adverse to the loyalists cause or favorable to the revolutionists is expunged. Particular attention is paid to news despatches, and nothing indicating the turmoil that exists in Spain is permitted to pass over the wires. Meager reports and rumors of chaotic conditions in the kingdom are brought by couriers and by Portuguese refugees who passed through Spain from their own country en-

Fear Trouble in China.

London, Nov. 3.—Private advices from Peking, in the Straits Settlements, declare today that European colonies in South China have become greatly alarmed at the increasing probability of a Chinese uprising soon. The dispatch declares that an original uprising scheduled for February has been postponed, owing to lack of ammunition and other supplies by the insurrectionists. It is asserted that a majority of the Chinese army and navy will join the revolt.

Route to places of safety in France and Belgium.

Among the reports reaching the French frontier during the night was that of the assassination of King Alfonso, and the flight of members of the royal family from Madrid. The London newspapers this morning declare that the rumor cannot be confirmed at the present time. This alone indicates the disturbed condition of Alfonso's realm.

Butcher Weyler Is There. A despatch from Madrid is authority for the statement that the revolutionists tampered with the garrison at Badajoz, that high Spanish officials are implicated in an insurrectionist plot and that Mayor Santos is under arrest, charged with treason.

From other sources comes a report that Captain General Weyler

Are Against Rooseveltism.

New York, Nov. 3.—That Republicans are contributing to the Democratic campaign fund, hoping to defeat "Rooseveltism" in New York, is the assertion today of State Chairman Huppuch. As proof of his statement he published a letter from H. W. Bartol, of Philadelphia, a Republican, enclosing a contribution for the Democratic fund. "The safeguard standing between civilized society and anarchy is respect for law," Bartol's letter says. "When a former president of the United States attacks the supreme tribunal, he shows he is dangerous and not fit to be trusted with authority."

RANCHERS HARASSED SETTLERS

Trampled Down Their Crops and Broke Up Their Tools While Others Held Them Covered With Their Guns.

THEY MADE AN ARMED RAID

Conspired With Insanity Board and Railroaded One Settler Into the Insane Asylum—Nine Indictments Are Returned Against the Western Nebraska Ranchers Who Took Part in Trying to Run the Homesteaders Off Their Claims.

Omaha, Neb., Nov. 3.—Nine indictments charging Western Nebraska ranchers with having entered into a conspiracy to defraud homesteaders out of their land were returned today. It is alleged that the ranchers persecuted the homesteaders, their efforts to drive them out of the country ended in an armed raid and the "railroading" of one of the land seekers to an insane asylum.

Perry S. Yeast, his son, Frank Yeast; Leslie Ballinger, M. C. Hubbard, Emil Anderson, Henry Sutton, C. Emerson, B. Thorne, and Dr. Harry Huff are the men against whom the indictments were returned.

Made An Armed Raid. The disturbances, it is alleged, took place in Banner, Cherry and Garden counties. In these counties

THE STRIKE SITUATION IS UNCHANGED

REPRESENTATIVES OF COMPANIES AND STRIKERS MEET THIS AFTERNOON AND AGREEMENT MAY BE REACHED BEFORE NIGHT.

[UNITED PRESS LEASED WIRE.] New York, Nov. 3.—Prospects for a settlement of the express wagon drivers' strike are bright today. Representatives of the strikers and the express companies will meet this afternoon to outline a proposed agreement to be submitted to the general manager of the local unions tomorrow.

Vice-President Hoffman, of the International Brotherhood of Teamsters, believes that today's meeting will agree on a plan of settlement. If it fails, Mayor Gaynor probably will endeavor to bring about arbitration. The strikers are insisting upon recognition of the unions. It is on this point that it is feared a disagreement will arise if the negotiations today are not successful.

It is estimated that the express companies are losing nearly \$100,000 daily because of the strike.

J. E. ROBERTS MURDERED LAST NIGHT BODY FOUND ON MILL CREEK BRIDGE

A Drastic Measure.

Phoenix, Ariz., Nov. 3.—The most drastic proposition yet submitted to the Arizona constitutional convention was introduced today by Delegate Cunniff, of Yavapai county. It provides for the impeachment and removal from office of judges without according them a personal hearing. The proposition came up before the convention assembled as a committee of the whole, and was the subject of much debate. Final action upon it was delayed by a close vote.

there is much semi-arid land, and under the Kincaid homestead law many land seekers had taken out claims. This land the ranchers used for grazing purposes they were displeased when fences were put up and the land was divided into smaller tracts.

The homesteaders were, it is alleged, at first subjected to a number of petty annoyances. Then followed more serious efforts on the part of the ranchers to drive them from the country. This feeling resulted in a crisis, the demands charge, when, during the spring months a raid was planned and 30 armed ranchmen and ranch workers descended upon the homesteaders.

Destroyed Machinery. Half a dozen of the raiders leveled rifles at the homesteaders and kept them covered while the rest of the party cut up harness, trampled down crops and destroyed machinery. As they rode away from the lands they had devastated, they threatened bodily injury and death to the homesteaders, it is alleged, unless they left their claims.

C. J. Davasher was one of the men whose homesteads, it is alleged, were visited by the raiders. He threatened to shoot the mob if any of its members ever returned.

It is charged that Perry Yeast swore out a warrant against Davasher and that he was placed under bond to keep the peace.

Railroaded to Asylum. Then, it is alleged, in the indictments, Yeast conspired with the insanity board and Davasher, through his machinations, was sent to an asylum for the insane.

It is asserted that Yeast secured Davasher's presence before the insanity board and Davasher, through his machinations, was sent to an asylum for the insane.

It is asserted that Yeast secured

ROBBERY WAS THE OBJECT ROBBER PROBABLY SCARED LEFT PART OF THE MONEY

Assassin Fired Two Shots--Grip Was Cut Open, But Robber Left \$40 in It, and His Purse, Containing \$193, Was Left in Buggy--\$40 Was Found Under Bridge This Morning--Memoranda Shows He Had \$7500, But Whether With Him or Not Is Not Known.

One of the most atrocious and cold-blooded crimes that has been committed in the history of Marion county was the murder and probable robbery of J. E. Roberts, an old and highly respected citizen of this city, which occurred at the covered bridge which spans Mill creek near the reform school, about 5:29 o'clock last evening, as near as can be ascertained by the meagre evidence at hand. No clue has been obtained as to the identity of the perpetrator of the deed but it is evident that robbery was the object, and it was done by some one who was familiar with his habits and had been shadowing him for some time past and either waylaid him upon his journey to the home of his brother, near Turser, last evening, or may have been riding with him in the buggy.

Stranger Runs from Porch. Professor Dotson thinks that Mr. Roberts had been shadowed by someone for the purpose of robbery for several days and this conclusion is arrived at from the fact that, a few nights ago, Mrs. Dotson heard some one upon the front porch of their home and when she turned on the porch light, a man ran away and disappeared in the darkness. She did not get a glimpse of his face but she describes him generally as a tall young man wearing a light suit of clothes. Nothing further was seen of this mysterious stranger and the incident was forgotten until the murder transpired.

Paid Debts in Cash. It is not definitely known whether or not Mr. Roberts carried a large sum of money with him upon this occasion but one of his eccentricities was that he was never known to pay off an obligation with a check and always paid in cash. A memorandum was found in his grip, which

he was indebted to the United States National and the Capital National banks. He has been in the habit of carrying money with him in amounts varying from \$200 to \$300 and this points to the theory advanced by the officers and his relatives that the crime was committed by some one who was familiar with his habits and had been shadowing him for some time past and either waylaid him upon his journey to the home of his brother, near Turser, last evening, or may have been riding with him in the buggy.

DIX STIRS THEODORE TO WRATH

TEDDY BECOMES VALEROUS AS HE LEAVES NEW YORK AND BECAUSE HE SHOWS HIS TEETH REALLY IMAGINES HE MIGHT BITE.

On Board Roosevelt Special Train, Alliance, O., Nov. 3.—"Mr. Dix becomes exceedingly valorous about me the moment I leave the state of New York," said Colonel Theodore Roosevelt today, aboard his special train, whirling west to take part in the close of the campaign in Iowa.

The colonel referred to statements made by John A. Dix, Democratic candidate for governor of New York, in his first campaign address in New York City, when he charged Roosevelt with wilful falsehood and misrepresentation. "Never," said Dix in his address, "have we had so much occasion to blush for the conduct of a man, who has been the first citizen of our country."

CITIZENS ASK SUBMISSION OF INITIATIVE PETITION

REGARD DELAY OF THE CITY COUNCIL AS OPPOSED TO ALLOWING THE PEOPLE TO HAVE A VOICE IN THE MATTER OF CREATING THE PROPOSED WATER BOARD.

City Attorney Corby has filed an opinion that the city council can, under the laws of the state, and the ordinances of the city, submit the initiative petition filed with the city recorder at the general election December 5, and thus save the expense of a special election.

Want Matter Submitted. The city council adjourned over to next Monday, when it will be two days late to act on the matter, and the city attorney holds that the matter can be submitted at any time within 30 days of the regular election, and save the expense of a special election, as the city recorder is required to submit it to a special election within 90 days, if the council does not act. That is the opinion of counsel for the citizens backing this movement, to take the selection of a water board out of the hands of the city council, and place it in the hands of the mayor, and reducing the number of the board from five to three, and making it non-partisan.
