

# THE VOTE IS VERY CLOSE IN MONTANA

BOTH SIDES CLAIM THE VICTORY, BUT THE DEMOCRATS HAVE THE BETTER OF THE FIGHT TO DATE AS THEY NEED ONLY ONE MORE LEGISLATOR.

[UNITED PRESS LEASED WIRE.] Helena, Mont., Nov. 14.—With the United States senatorship hanging in the balance, the official canvass of the recent election is expected to be completed throughout the state by tonight or tomorrow. Both Democrats and Republicans claim victory.

Never in all of Montana's stormy political history have the election returns been so carefully watched. The result means that either Senator Carter is to be returned to the senate or that the Democrats will send either former Senator Clark, T. J. Walsh or W. G. Conrad back to Washington as Carter's successor. Chairman Davies of the Republican county committee of Silver Bow county, is preparing to contest the election in Butte where he charges wholesale illegal registrations, voting and repeating.

On the other hand, Senator Clark's personal organ charges the Republicans with attempting to steal every close county and with forging Heinze's signature to a circular in which it was stated that Heinze favored the election of the Republican legislative ticket.

Until the official canvass is completed the result must remain in doubt. The chances, however, favor the Democrats as they have the better of the count thus far in Custer county and are in need of only one vote to give them the majority on joint ballot in the legislature.

### A TRAIL OF BLOOD.

floor, and even the ceiling were spattered with blood. Part of Knapp's clothing, the police assert, was smeared with blood.

When arrested the man wore no collar or necktie. These articles were found in the room, the tie knotted and torn in two, and the collar spattered with blood. Knapp's features were scratched, and the police believe that this is evidence that he was fighting with a woman.

Knapp denies knowledge of the murder. "I was standing in front of the stable where I work when the police arrested me," said Knapp. "I know nothing of any murder. I went to work at 6 o'clock."

The police believe that the woman had been dead for at least six hours when the crime was discovered. The detectives found a photograph of Knapp's mother in his room, and they assert that the body found resembled that of the woman in the picture. "My mother is 87," said Knapp. "She has a cripple and cannot walk across the room unaided. She lives in San Jose. I don't know who this dead woman is, as I know nothing of the murder."

Later in the day James Stephens was arrested by the police. He also is employed in the same stable where Knapp works.

### GAGGED WATCHMAN ROBBED THE SAFE

Los Angeles, Cal., Nov. 14.—After overpowering and gagging J. F. Nolan, the night watchman, three masked men early today dynamited the safe of the D. P. Flory Wholesale Grain Company, and escaped with more than \$100 in cash and negotiable paper worth several hundred dollars. Nolan was unable to give the police an adequate description of the robbers.

Nolan was found tightly tied to a post in a rear room. He declared that the robbers worked over the safe for more than an hour before they blew it up. Two charges of dynamite were exploded.

## SURELY BREAKS UP A BAD COLD

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure grippe or break up the most severe cold, either in the head, chest, back stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving after the very first dose. It promptly ends the most miserable headache, neuralgia, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running at the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

### THEY WANT CONTRACT.

(Continued from page one.)

pany, which is being contested or protested against by the Deschutes Water Users' Association, or settlers upon the reclaimed lands, and A. M. Drake, the owner of the townsite of Bend, Crook county and of valuable water power rights affected by the proposed contract, who are demanding protection from loss under the new contract.

The original D. I. & P. Co. contracted with the state several years ago to reclaim, under the provisions of the Carey act, several thousand acres of arid land in the Deschutes valley, appropriating the water therefrom from the Deschutes river, and, a few weeks ago, failed, and made an assignment of its holdings in the federal court in Portland. Then the company reorganized, with practically the same people at its head, with Roscoe Howard as its president, and is making application to the desert board for a new contract. The desert land board is disposed to grant the contract in the interest of the settlers, and the development of the resources of the eastern portion of the state, and will require the new company, among other things, to make a deposit of 50 cents an acre upon the entire project in hand to establish and maintain a fund as a contribution toward the defraying of the expenses of the state engineering department.

What Mr. Drake and the Water Users' Association demand, however, is a bonded protection and insurance against loss from the company and their investment in the reclaimed lands, and this matter is being

Look out carefully for the drainage of the bog pen. Where does it go? Surely it must not find its way to the well or into a stream!

threw out before the desert land board this afternoon. The board adjourned at 12 o'clock, noon, today to meet again at 1:30, and, in the meantime, the representatives of the D. I. & J. Co., President Roscoe Howard and Legal Counsel Searns, of Portland, were required to prepare and present their proposition in writing, when a formal hearing of their proposal, together with the objections of Mr. Drake and the water users, if there be any, will be had. Mr. Drake, in person, and represented by Col. C. E. S. Wood, of Portland, and Dr. Dencor, a representative of the Water Users' Association, and Counsel Vincent, of Portland, for the settlers, are in attendance upon the meeting to look after their respective interests.

## RETURNS ON COUNTY OFFICERS

COUNTY VOTES AGAINST STOCK RUNNING AT LARGE AND AGAINST THE COUNTY HIGH SCHOOL SYSTEM—LEWIS IS CONSTABLE.

Complete official returns upon the state and county legislative tickets, as canvassed by the county board of canvassers, as well as those upon the state and district officers were published in The Capital Journal of Saturday. Those upon the county officers and county initiative measures, count upon which has been completed by the board of canvassers, follow:

- |                        |      |

## ELECTION MATTERS ARE QUIET

MOST OF THE CANDIDATES WILL BE CHOSEN WITHOUT OPPOSITION—INTEREST IN THE STREET DEPARTMENT.

There is very little doing in the way of political talk and the indications are that the whole city ticket will be elected without opposition. Most of the nominees are present aldermen but some good new material has been added and the general opinion is that the new council will be strengthened all around. Lachmund for mayor got both the Republican and Democratic nominations, and if there are no contests, they will not be half the vote cast at the election that was out at the primary where there were contests. The general sentiment is that the council did a great deal of work the past year, and that its services are not fully appreciated.

The strong statement published by Alderman Stolz has aroused a great deal of interest and much discussion over matters connected with the street department. One of the charges made is in substance that Inspector Jefferson, who was employed at \$5 per day in connection with the Capital street improvement, rejected a carload of cement as not up to specifications, and that he was then fired off the job or resigned and Al Southwick employed, but the cement was used on some other street. The other members of the street committee with Mr. Stolz are Gus Huckestein and Ed. Sauter and they say they know nothing about it. They say the property owners employed Mr. Jefferson and dismissed him and hired Mr. Southwick, and they do not know where the cement was used.

## A DAUGHTER OF A SOUTHERN SENATOR, NEXT

Columbia Grand Stock Company "A Daughter of a Southern Senator," the play to be presented by the Columbia Stock company at the Grand Opera house, Wednesday, November 16, is a society play, intensely interesting and rich with humorous situations.

Miss Ollie Cooke, the popular leading lady, shows to good advantage in the part of Lucia Stetson, the senator's daughter. Her gowns are very beautiful and are enhanced by handsome stage-settings.

Mr. Jack Branner has scored a decided hit as Lord Henry Beresford, the slow but determined Englishman. He has made a thorough study of English characteristics and reproduces them for the exacting public.

Mr. F. Byron Bogardus gives a vivid portrayal of the French Marquis, in love with the senator's daughter.

The balance of the company are well cast, Miss Carlisle as Mrs. Higgins, Miss Frances Earle as June, Mr. Cobb as the ever witty senator and Mr. Lee as Lige, the proud servant of the Clay's.

The Columbia Grand Stock company is booked for a two nights' engagement and on Thursday, November 17 present the beautiful rural comedy drama, "The Shepherd of the Hills." This is in strong contrast with the preceding play, and not only shows the full strength of the company but their clever versatility, which is so essential in a stock company.

## SITUATION IS BETTER IN MEXICO

El Paso, Tex., Nov. 14.—Reports from the City of Mexico today indicate that the anti-American feeling is gradually quieting down. Sunday passed without any outbreaks of any kind, and even the state of Jalisco, where the feeling against the Americans is particularly bitter, the Sunday crowds made no demonstrations, according to today's advices.

In Mexico City conditions are reported practically normal today, although federal troops still are held within call to stop any outbreak that may occur.

In the American quarters of both Mexico City and Guadalajara, everything is quiet. Americans, for the most part, remained indoors yesterday, and houses were closed and barred. Crowds were not permitted to gather in the streets in the American section, and the district was patrolled by troops.

## Don't be Bald

Nearly Anyone May Secure a Splendid Growth of Hair.

We have a remedy that has a record of growing hair and curing baldness in 93 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain Rexall "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for it in every instance where it does not give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50 cents and \$1.00. With our guarantee back of it, you certainly take no risk. Sold only at our store—The Rexall Store. The J. C. Perry Drug Store, Salem, Ore.

# ROYAL BAKING POWDER

### ARRESTED ON CHARGE OF FORGING A CHECK

To be ousted out of a warm berth in a Pullman sleeper upon early morning Southern Pacific train and later find himself comfortably (?) ensconced in a cool berth in the city bastle of Salem, was the pleasant (?) experience of Lee Henderson, a former buckaroo of Klamath county, who today languishes in the city jail with the charge of forgery booked against him on the jail register and is awaiting the arrival of Sheriff Barnes, from Klamath county, to take him back to face his accusers.

The forgery is charged to have been committed about a week ago, in Klamath Falls, of a check for \$25, in whose name it is not known here, and Henderson is said to have taken the first train out with his spoils and his destination was Portland. He evidently figured upon having a good time with his ill-gotten gains but he probably did not count upon the modern system of telephones and telegraphy and was comfortably snoozing in his berth in the Pullman car when he was aroused from his slumbers by the local police yesterday morning and forced to alight from the train and repair to the city jail. He was clothed in the "shaps" and all of the other accoutrements and habiliments of the would-be modern cowboy.

Some of the cracks in the stable can be stopped up more cheaply than you can feed oats to keep the horses warm.

### SEARCHING FOR MEXICAN WHO KILLED TEMPLE

[UNITED PRESS LEASED WIRE.] Oklahoma City, Okla., Nov. 14.—Governor C. N. Haskell is keeping in close touch today with the sheriff of Caddo county, where a posse of about 100 men is searching for Oscar Opet, a Mexican, accused of the murder of Chief of Police Temple, at Anadarko. Every precaution to prevent lynching will be taken by the sheriff, the governor has been assured, and he believes there will be no trouble if Opet is caught, despite the fact that the people are greatly aroused over the killing of Temple.

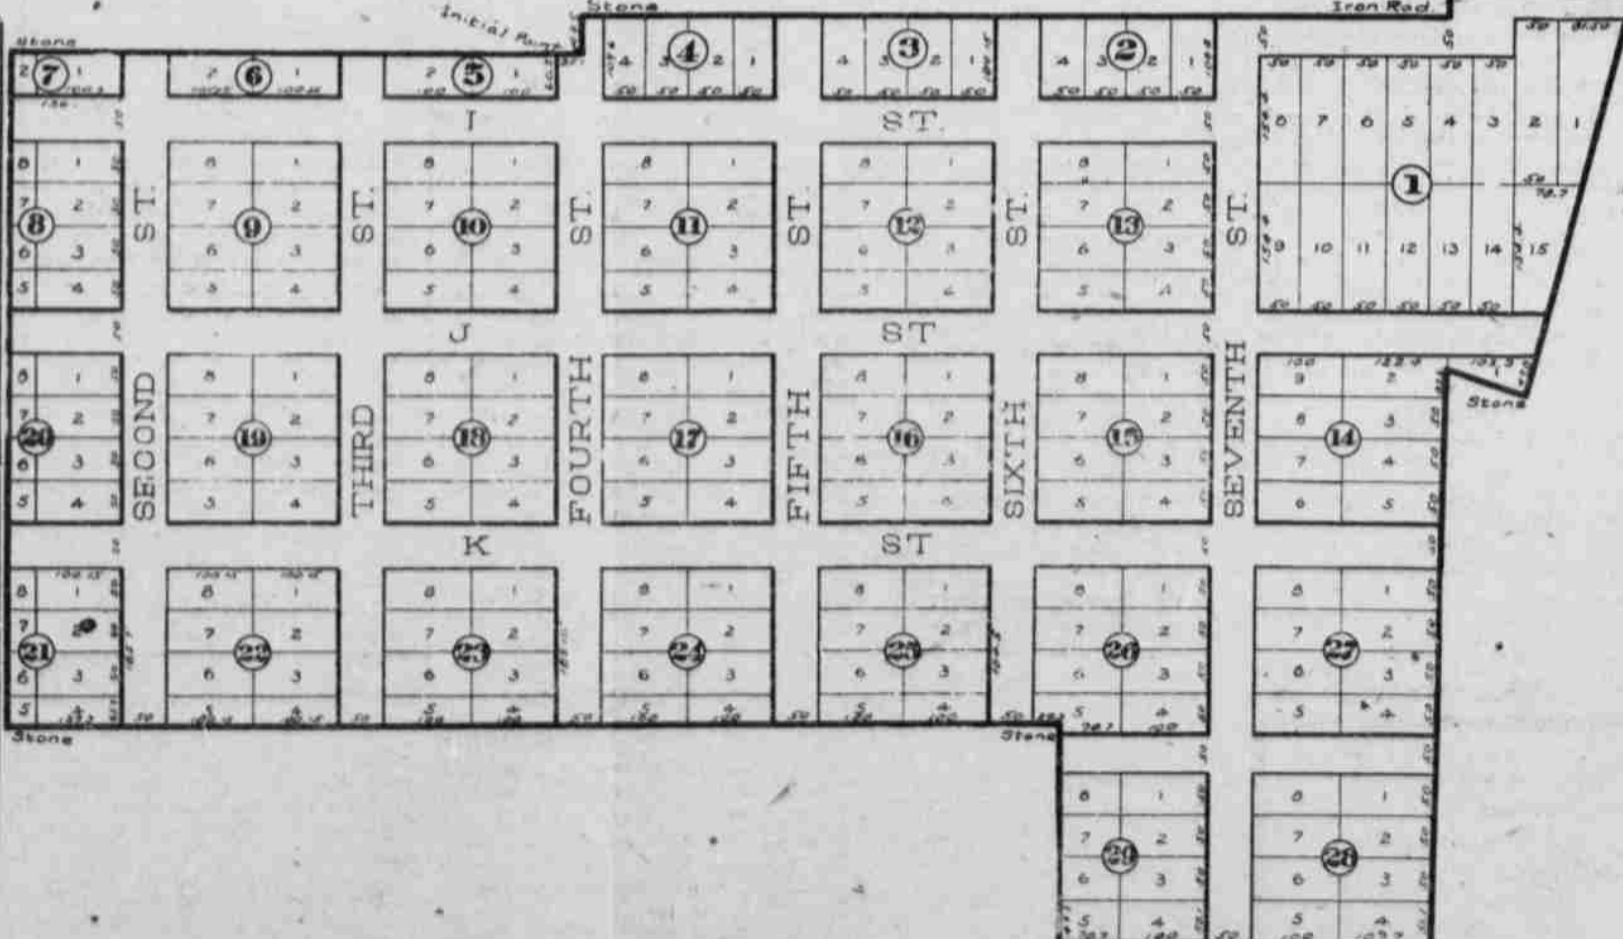

### TAFT HAS A TRUNK FULL OF MESSAGES

[UNITED PRESS LEASED WIRE.] Colon, Nov. 14.—President W. H. Taft, Secretary Charles D. Norton, Charles P. Taft, of Cincinnati, and the other members of the presidential party arrived here today for a brief tour of inspection of the Panama canal. The president, during the voyage to the Isthmus, worked on his forthcoming message to the United States congress, and has two trunks of notes, with which to frame the document.

SPECIAL  
"Uncle Billy" Armstrong has opened a repair shop near Young's grocery store, on Broadway, where he will repair the understandings. Good work, reasonable rates.

# A Beautiful Home Tract The Commanding Spot of the Willamette Valley

The city of Salem has made such progress the past five years that it is talked the state over. And Salem's growth is going not only rapidly, but substantially in this direction. This tract and location should command the attention of all home seekers. First the view can not be better in or near Salem. Second, the soil will grow anything that will grow elsewhere. Third, the easy access to the business district of Salem and over the best and cleanest road in the country. Fourth, all cleared and under cultivation and all ready for you.

**Notice**  
You can purchase one lot or a dozen. You can purchase one block or a dozen blocks. One block will make you a perfect and an ideal home sight. Just suit yourself. Remember only five minutes walk from the car line, and on easy payments. Don't think it over but come in at once. Salem is growing and will continue to grow and specially in this direction.

**Investigate**

WHAT IS KNOWN AS THE HANSEN FARM
