

MEXICAN TROUBLES DYING OUT

A GENERAL BOYCOTTING OF AMERICAN MADE GOODS IS RESOLVED UPON AS BEING LESS DANGEROUS THAN GOING TO WAR.

[UNITED PRESS LEASED WIRE.] El Paso, Tex., Nov. 16.—El Paso was thrown into a state of terror early today and hastily gathered protectors garrisoned the town against threatened invasion when intermittent firing was heard in the direction of the border line, only to learn later that the disturbance was caused by drunken Mexicans.

Bands of scouts sent out found the Mexicans indulging in an orgy with apparently no intent of harming anyone.

Reports from across the border today indicate that everything is quiet and officials here assert that the Rodriguez incident is closed. Jaures, across the border, however, is a hotbed of revolution and it is believed that anti-Diaz interests may seize the opportunity to further embarrass the Mexican government by stirring up more anti-American riots.

A general boycott of American goods in Mexico is threatened as the result of the recent bitter feeling. A sweeping declaration against their use is being agitated and many prominent Mexican officials are said to be supporting the movement.

Governor Campbell is constantly conferring with Adjutant General Newton and keeping in close communication with the rangers at Rock Springs to nip in the bud any movement that looks like a clash between Mexicans and cowboys along the border.

THE INVASION OF TEXAS IS POSTPONED

[UNITED PRESS LEASED WIRE.] Rock Springs, Tex., Nov. 16.—Fears of an armed invasion by Mexicans thirsting for vengeance and a return to border warfare of pioneer days went up in smoke when members of the "flying squadron" that left here yesterday to intercept a band of 300 reported to be hurrying from Del Rio, returned today, and reported nothing seen of a single "invader."

Armed men, with which the town is filled, received the news without any outward demonstration of joy, as they refuse to be convinced that a brush with the Mexicans is not imminent. They profess to believe that the invaders gave the cowboys the slip, and returned across the border to await reinforcements before marching on Rock Springs, and, accordingly, are "resting on their arms."

Rock Springs is virtually an armed camp. Fifty armed rangers arrive today.

Officials of Edwards county believe that the community has been needlessly alarmed.

THREE MEN DROWN IN NEHALEM RIVER

While L. Neiderberger, Mr. Bantler and Aug. Davidson were crossing the Nehalem river with a load of milk for the Zwiffles factory on Monday morning, November 7, they accidentally drove into a place in the river that had washed away, and before they could save themselves their wagon was submerged and they were swept away by the current and drowned. Only one body, that of Mr. Neiderberger, has so far been recovered. All three men were ranchers. Mr. Davidson was the only man with a family.

A peculiar circumstance in connection with the sad affair is in the fact that Mrs. Davidson's first husband, Mr. Grant Scovell, was drowned a few years ago while crossing the river about two miles below the place where her second husband was drowned.—Tillamook Herald.

BASEBALL ASSOCIATION ELECTS OFFICERS

[UNITED PRESS LEASED WIRE.] Chicago, Nov. 16.—H. H. Sexton was re-elected president of the National Association of Professional Baseball clubs at the session of the association here this afternoon. Sexton's term will be for five years.

J. H. Farrell, of Auburn, N. Y., was re-elected secretary of the association for a term of 10 years at a salary of \$5,000 per annum. Both elections were by acclamation.

Little business of importance outside of the election of officers was transacted at today's meeting. It is generally believed here now that the re-classification of various leagues in the association will be put over to next year.

GRAND OPENING MARION HOTEL BANQUET TONIGHT

The grand opening banquet of the new Hotel Marion will be pulled off tonight with a splendid feast, music and toasts to the Salem hotel facilities of the past and the glory of the future. Seats are already engaged for about 200 at \$5 per, and the indications are that 250 will sit down to the festive board. The menu will be something elaborate and music by a full orchestra. It will be a full dress affair, and Mayor Rodgers will act as toastmaster for the occasion. A flashlight picture will be taken, and the occasion will be one of general rejoicing. Following are the toasts to be responded to:

Governor-elect Oswald West, "Salem, the Capital."

Louis Lachmund, "Salem, the City."

R. J. Hendricks, "The Old and New Salem."

Phil Metschan, "Hotels as a Help to a City."

C. L. McNary, "The Marion, a Need Supplied."

E. Hofer, "Hospitality as a Community Trait."

T. B. Kay, "The Hotel Marion Company."

F. G. Deckebach, "The City Beautiful."

WEST AND BOWERMAN WILL DO IT

WILL BOTH APPEAR ON THE PROGRAM AT THE MEETING OF THE OREGON DEVELOPMENT LEAGUE HERE NOVEMBER 28.

Jay Bowerman and Governor-elect West will open the annual meeting of the Oregon Development League at Salem, November 28. They appear on the program for addresses following each other, and are the principal speakers for the opening day.

The committee in charge of the program arranged this feature to show the world at large that when it came to boosting Oregon, political rivals were in unison.

ETHEL BARRYMORE AND HUBBY ARE TWO

[UNITED PRESS LEASED WIRE.] New Orleans, La., Nov. 16.—When asked today regarding a rumor that she and her husband, Russell G. Colt, had become estranged, Ethel Barrymore, the actress, became hysterical and denied the report. Colt, a son of the millionaire firearms manufacturer, is here, but does not accompany his wife to or from the theatre.

EXPERT SAYS FARMERS ARE BEHIND THE TIMES

[UNITED PRESS LEASED WIRE.] Washington, Nov. 16.—Dr. Wiley, pure food expert of the government, in an address here today said: "The farmer has stood still for 50 years. He ought to distance the suburbanite in years, strength and vitality, but he doesn't, because he is blind to scientific knowledge. The conditions of the city are bad enough, but those of the country are worse."

Wiley declared that the lower prices widely heralded just now were part of a trick of the special interests to hoodwink the people, into believing that the interests had lost their grip.

"They are not unfastening their hold," declared Wiley. "They are simply relinquishing it temporarily in order to get a stronger grip closer up. The so-called meat reductions are fictitious. They are a deliberate manipulation of the market. Prices were fictitious when they reached the top. But they were arbitrarily forced there by the interests. The reduction is not a reduction in fact. The interests are still in control. It is impossible for me to believe that they have suddenly become philanthropists and decided to give the common people a square deal."

HUBBY'S ALLOWANCE WAS CUT DOWN, THAT'S ALL

[UNITED PRESS LEASED WIRE.] New York, Nov. 16.—Ethel Barrymore this afternoon telegraphed from New Orleans to friends here that the reports of an estrangement from her husband were "malicious and ridiculous."

She intimated that the cause of the reports was a reduction in her husband's allowance by his father.

Over Two Million Hoosiers.

[UNITED PRESS LEASED WIRE.] Washington, Nov. 16.—The population of the state of Indiana was announced by the census bureau today as 2,700,876.

You never know whether a man is good until he gets in the game of life.

AMERICAN FLEET IN THE THAMES

BATTLESHIPS GIVEN CONTINUOUS ROUND OF SALUTES AS THEY GO UP THE RIVER—ANCHOR NEAR GRAVESSEND.

[UNITED PRESS LEASED WIRE.] London, Nov. 16.—The third division of the American battleship fleet, consisting of the battleships Georgia, Rhode Island, Nebraska and Virginia, arrived off Gravesend today and east anchor farther up the Thames than an American war vessel ever before had ventured.

Gravesend port fluttered with flags in honor of the occasion, and Londoners hastened down the Thames to get a good look at the visitors.

The run up from the Nore was a veritable triumphal procession, the land batteries and the warships off the big dock yard towns of Shoeburyness, Sheerness and Chatham exchanging a continuous fusillade of salutes with the American vessels.

Official visiting was the order of the day and after the more important American officers had landed to officially announce their arrival, the American marines were kept busy escorting and saluting solemn British "admirals superintendents of dockyards," who came out to see with their own eyes that an American warship really had been able to proceed so far up the Thames.

Among the first visitors was the mayor of Gravesend, who boarded the flagship to extend the welcome of the municipality.

The squadron will remain in port until December 7, when its place will be filled by the fourth division, which is scheduled to come over from Brent and remain here until after Christmas.

THE PASSING OF ANOTHER PIONEER

Through the death of "Mother" Stephens, Oregon loses another famous Willamette valley pioneer. She was born in Missouri in 1823, and in 1844 she was married to Adam Stephens. Together they endured the hardships of an overland journey across the plains arriving in Marion county, Oregon, in October, 1849, here they traded a pony and a rifle for a squatter's right to a portion of land now known throughout the

TWO KILLED IN WRECK ON OREGON SHORT LINE

[UNITED PRESS LEASED WIRE.] Boise, Ida., Nov. 16.—James Frye, a freight engine fireman, and William Lynherst, a brakeman, were killed in a collision between two freight trains on the Oregon Short Line this morning four miles west of Payette.

An eastbound freight was taking a siding to allow the westbound freight to pass. The caboose of the eastbound train had not cleared the main track when the train coming from the opposite direction crashed into it. The engine was overturned and 10 cars piled on the track.

It was stated that the traffic would be tied up until this evening.

STRANDED VESSEL MYSTERIOUSLY BURNED

[UNITED PRESS LEASED WIRE.] Santa Barbara, Calif., Nov. 16.—The authorities today are investigating the mysterious burning of the bark Ensign which went ashore 20 miles west of Santa Barbara nearly two years ago. The vessel has lain where it foundered in spite of the efforts of its owners and adjusters of insurance companies to float her.

Another attempt was to have been made in the near future. Word reached here last night that the Ensign had been totally destroyed by fire.

The police believe the fire was incendiary. The Ensign was registered from Everett, Washington. She was the property of George W. White of that city.

SCORES OF DEAD.

panions, who were unable to save them. By heroic effort, the remaining members of the party succeeded in finding the trail and saving their lives.

Ottawa, Ont., Nov. 16.—The government officials this afternoon announced that no attempt would be made to relieve distress in the Porcupine district until confirmation had been received of reports of famine and illness. It is pointed out that most of the men in the district are experienced prospectors and should be able to take care of themselves.

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child, for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by all dealers.

If your salary is \$75 a month, earn \$100; your employer will soon take notice.

Lame back comes on suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all dealers.

THE CAUSE OF COLDS

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguards of the body's general health.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of 30 years of cures gained through the use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody who has need of such a medicine to try Rexall Mucu-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Mucu-Tone, prices 50 cents and \$1.00. Sometimes a 50-cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles. You can obtain Rexall Remedies in Salem only at our store—The Rexall Store. The J. C. Perry Drug Store, Salem, Oregon.

FLOUR

We are making special low prices on flour, both by the sack and in barrel lots. Be sure and see us when in the market. A few of our prices are as follows:

- Wild Rose flour, \$1.30 per sack.
- Independence flour, \$1.25 per sack.
- White Queen flour, fancy hard wheat, \$1.50 per sack.
- Superior flour, fancy blended Blue-stem, \$1.50 per sack.

Remember that we deliver free. Phone us your orders, and they will be promptly taken care of. All the different kinds of flour are guaranteed or money back.

Home of "THE BIG RED APPLE"

NO subject connected with the development of the West is attracting more attention than the great profits Oregon apple growers are making. Other states produce far more apples than Oregon, but Oregon leads the world, according to the largest dealers in apples in this country, in quality of product and high prices received for same. Oregon is a great apple state, and Salem (the Willamette Valley) is the original home of the big red apple that is making a stir throughout the world.

The largest producing apple orchard in Oregon is located near Salem, the vicinity of which is also noted for its prunes, cherries, hops and small fruits.

Salem is the center of Oregon's prune industry, Oregon producing 90 per cent of the "Italian" prunes grown in this country. Salem is the center of Oregon's hop industry, and Oregon produces 40 per cent of the hops grown in the United States. Salem is known as the "Cherry City of the World," the Willamette Valley, of which Salem is the center, originating more commercial varieties of cherries than any other section of this country.

If you are interested in fruit growing, dairying, poultry raising, manufacturing possibilities, or general farming you make a big mistake if you overlook Salem. Salem is the capital city of Oregon—a vigorous, beautiful, progressive community. Write to-day for more information about Salem. Address Secretary, Board of Trade, and mention that you saw this advertisement in SUNSET Magazine.

NOTE—This advertisement was prepared for the Salem Board of Trade by the Sunset Home-seekers Bureau, Portland, Oregon. It will appear in August Sunset. This service is rendered in connection with the Co-operative Community plan of the Oregon Railroad & Navigation Co.
