CONFESS TO INJURING PROPERTY

EMPLOYEES OF MISSOURI PACIFIC CONFESS TO PLACING EMERY DUST IN OIL BOXES OF LOCOMOTIVES DURING A STRIKE.

(UNITED PRESS LEASED WIRE.)

Kansas City, Mo., Nov. 17, Sworn confessions that they maliciously destroyed machinery, at the instigation of high officials of the local machinists' union, were issued today by P. E. Sweeney and W. G. Owens, former employees of the Missouri Pacific railway, in its shops at Sedalia, Mo. The men were convicted of malicious destruction of property, and each sentenced to six months in jail.

According to their confessions, they placed steel filings and emery dust in the bearing of locomotives and other machinery, at the instigation of leaders of the striking machinists. The authorities are withholding the names of the alleged instigators.

Railroad officials here assert that arrests will be made here and at St. Louis as a result of the alleged conspiracy. Railroad detectives charge that a wholesale plot was under way to damage thousands of dollars' worth of railroad property, and claim that some of the biggest union leaders in Missouri are involved.

Sweeney and Owens were apprentices in the shop at Sedalia. They declare that on the night of November 7 they placed capsules containing emery dust and steel filings in the oil boxes of a Missouri Pacific passenger engine, and that the driving rod of the engine was broken before it left the yard.

Railroad officials declared to the courts that had the train been running at a high rate of speed the filings and emery would have caused an accident, and perhaps loss of life.

The railway officials declared that the prisoners confessed to other attempts; one at Argenta, Ark., November 14, where, while working on a cylinder of a locomotive, they were arrested. Capsules filled with filings and emery dust were found in their clothing.

THE JURY ACQUITTED.

(Continued from Page 1.)

several cases of neglect and cruelty to horses in mind for prosecution and it is probable that several other cases of a similar nature will be begun within a few days. In the case against Mr. Murray there was evidence produced tending to show that a horse belonging to the defendant had been abandoned and neglected to the extent that acting upon the complaint of an officer of the humane society, Constable Ira Hamilton went to the defendant's premises in East Salem Monday morning to investigate into the condition of the horse, and he found it such that it was necessary to shoot it in order to put it out of its misery.

A warrant was immediately sworn out for the arrest of Mr. Murray for cruelty to animals and wrongfully and unlawfully depriving an animal of the necessary sustenance, but a demurrer to the original complaint was sustained by Justice of the Peace Webster on the ground that the complaint contained more than one charge, and a new complaint was sworn out, charging Mr. Murray with cruelty to animals. It was upon this complaint that the trial was held and the defendant acquitted yesterday afternoon. The state was represented in the case by Deputy District Attorney Walter Winslow, while Walter L. Keyes defended the interests of Mr. Murray.

Mr. Murray's principal defense was that he had employed a young man to take care of the horse and that he supposed that the horse was receiving the proper care and attention until the charge of cruelty and neglect was brought against him, when he learned that the young man had quit his employ without his knowledge. He also produced evidence to show that he had summoned the services of a veterinary surgeon as soon as he learned of the condition of the animal, which was 25 years of age.

The jury which returned a verdict of acquittal was composed of Frank Ward, Mr. Bechtel, George W. Johnson, Jr., and William Burkhardt, Jr.

McFARLAND DIVORCE ALLOWED

(Continued from Page 1.)

en by Mr. McFarland to Mr. White, who is a local stock dealer, and Mr. White complains that when he went after the cow his right of possession was disputed by Mrs. McFarland and her father, Mr. Edes, who refused to deliver the animal over to him.

Mrs. McFarland's claim to the cow was based upon the right to hold it in ransom for the payment of a claim of \$15 per month alimony, which she charges was due her from her husband, and was unpaid, but it appears that no divorce decree had been granted nor alimony allowance made by the court up to that time. Mr.

White also demands damage against Mr. Edes in the sum of \$100 for depriving him of the possession of the cow at the time of its purchase by him from Mr. McFarland. There is no charge of fraud involved in the case upon either side. Frank Holmes appears as counsel for Mr. White, while William Brown, of the law firm of Carson & Brown, appeared in the interest of Mr. Edes.

PACKERS AFRAID OF LANDIS

ARE MAKING STRENUOUS EFFORTS TO GET A CHANGE OF VENUE—CLAIM HE ACTED AS PROSECUTOR AGAINST SOME OF THEM.

Chicago, Nov. 17.—The plea of the indicted Chicago meat packers for a change of venue from the court of Judge K. M. Landis were heard by Landis today. The government's attorneys opposed the allegations of the attorneys for the packers that Judge Landis should not judge the cases because in 1895 he was engaged as an attorney in prosecuting rebate cases against the packers.

Attorney John Miller, for the packers averred that Judge Landis is now trying the same men he prosecuted in 1895 as a special assistant attorney-general. He declared that the corporations charged before Landis are identical with those Landis prosecuted.

No intimation was given by the court as to when a decision will be forthcoming.

THE SHEPHERD OF THE HILLS TONIGHT

"The Shepherd of the Hills" is the play for tonight and calls for elaborate scenic display, to which the company is equal.

It is in strong contrast to last night's productions, as it is a rural comedy, giving the company an opportunity to display its versatility. Mr. Matthews, as Big Bill, has made a big hit in previous performances, and will meet with approval here. He has a beautiful deep-toned voice and uses it with discretion.

Miss Cookewill again be seen in an emotional role, that of the poor school mistress, who is the target for the village gossips.

Mr. Branner as Bobby Greggs, the country gawk, proves himself a comedian of the first rank, and keeps his audience in convulsions.

Miss Scarth, as Susanna, a duplicate Sis Hopkins, is very funny. The rest of the company are suitably cast, Miss Carlisle as Mrs. Cobb, the village gossip, Mr. Lee as the publisher of the village newspaper, and Mr. Lancaster as deacon of the church.

The Columbia Grand Stock company will be a regular feature at the Grand, playing every Wednesday and Thursday when there are no other attractions conflicting.

Miss Ollie Cooke with Columbia Grand Stock Company.

SCOURING YOUR SCALP

Will Remove the Loose Dandruff Scales But It Won't Cure Dandruff.

If your hair is brittle and thinning, you have dandruff. The mere scouring of the scalp of the loose scales, won't cure dandruff; because dandruff is nothing but scales of scalp being thrown up by a pestiferous little germ in burrowing its way to the root of the hair where it saps the vitality, causing falling hair and, in time, baldness. Now you can't stop dandruff nor falling hair, nor prevent baldness unless you destroy that germ; and the only preparation that can do it is the new scientific discovery, Newbro's Herpicide. In fact no other hair preparation claims to kill the dandruff germ—all of them will clean the scalp; soap and water will do that, but only Newbro's Herpicide gets at the root of the trouble and kills the dandruff germ. Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. J. C. Perry, Special Agent.
