**ENGINEER MAKES FINE SHOWING**

ONE HUNDRED AND TEN THOUSAND ACRES OF IRRIGABLE LAND LOCATED DURING THE YEAR AND MUCH SURVEYING DONE.

The Board of Control yesterday paid over to the state treasurer the sum of 10,224.68. The sum represents fees taken in by F. M. Saxton, as superintendent of water division No. 2, and is just \$224 in excess of the appropriation made for the year for the expense of the Board of Control. The fees from water division No. 1 have not yet been paid, but will be soon, and when they are it will mean another neat lump of money for the state treasurer.

During the first three-quarters of this year the state engineer paid in to the state treasury department the sum of \$11,217, which had been taken in through fees in granting water rights under the new code. This sum was \$1217 in excess of the appropriation for his office during the year.

Much Irrigable Land Located.

The appropriation for the year for the engineer's office is \$10,000, and out of it during the past two seasons surveys were made as a basis for the adjudication of water rights by the Board of Control, and 2445 miles of main canals were actually located. These serve to irrigate 110,396 acres of land, which is scattered over 214 townships. The cost of the work in surveying and locating them was 77-10 cents per acre.

Twenty different streams were involved. On the Umatilla only 15,921 acres of irrigable land was found as against 19,854 acres on Crooked river, in Central Oregon. This was considerably of a surprise, as it was generally expected that the showing would be to the contrary. Another surprise was the location of 19,128 acres of irrigable land along the North Powder river in Baker county.

This is the first accurate information pertaining to the use of water in irrigation ever collected in the state, and it has all been collected without the cost of a single dollar to the taxpayers.

**A PANTHER SCARED THE YOUNGSTERS**

VISITS CHEMAWA AT NIGHT AND CAUSES A SCATTERING OF THE SMALL BOYS, WHO SEEK THEIR BEDS FOR SAFETY.

Tuesday night the little Indian patients in the open-air sanatorium at Chemawa had a touch of "back to the wild." It was caused by a visit of a mountain lion, which one of the little fellows saw lurking near the tent. He screamed like the heroine in a dime novel is supposed to do in like circumstances, or as a pretty co-ed with clock-work stockings would screech at the sight of a mouse—that is if there was any bold, bad boys around to see the display—of fright and stockings. Night watchman John Liphart rushed to the boy's aid, and ran across the animal, which, he says, was six feet long, and had a tail four feet long, which it lashed to the mast, or something, and refused to skidoo. Liphart fired two shots at it from his revolver, which frightened the beast so that it un-lashed its tail and fled. No damage was done, other than it scared several shades of color off some of the kids. This is the second time the animal has been seen, the first time frightening a tramp until his face looked clean.

**MONEY EVEN ON NELSON-MORGAN FIGHT SATURDAY**

[UNITED PRESS LEAD WIRE.]  
San Francisco, Nov. 24.—With but two days more in which to get a line on the probable winner of the Morgan-Nelson fight, San Francisco fans are in a quandary which way to bet their coin. As a result the figures chalked up today were even money, and there is every indication that there will be no change until after the men enter the ring on Saturday afternoon.

Followers of the two men, no matter which way they lean, have been waiting for odds. When it was indicated today that there would be no favorite, betting began in earnest, and Betting Commissioner Tom Corbett reported that more wagers were laid up to noon than had been made since the men were matched.

**Alcohol in Medicine.**

Alcohol is the best known preservative of medical compounds, and the average proprietary medicine contains from 1 per cent to 22 per cent, which is the smallest possible amount to preserve the ingredients, while the average doctor's prescription contains from 25 per cent to 50 per cent.

Such standard preparations as Lydia E. Pinkham's Vegetable Compound contain but 18 per cent, and they even put the Compound up in tablet form, which the over-scrupulous woman, who objects to alcohol in any degree, may use.

**FIGHTING FOR A PROVISIONAL GOVERNMENT**

MEXICANS ARE SWORN TO OVERTHROW DIAZ AND GET THE GOVERNMENT AS PROMISED BY THE LIBERALS IN 1906.

[UNITED PRESS LEAD WIRE.]  
Eagle Pass, Tex., Nov. 24.—The oath taken by members of the Mexican revolutionary junta which first met at St. Louis in 1906, was revealed here today. It reads:

"As Mexican citizens we swear to take up arms to overthrow President Diaz and will not relinquish our purpose until we obtain a provisional government guaranteed the liberal party on July 1, 1906.

"Patriots undertaking leadership must circulate a manifesto inviting the people to overthrow the government. It is prohibited to treat with persons obstructing the revolution and he who does is unpardonably sentenced to capital punishment by the council of war organized for this purpose.

"Chiefs of the revolution are empowered to send expeditions and to make appointments. Every group chief is authorized to raise funds from government officers or from any persons from whom they are able to obtain them, and by any means they may adopt."

**CONTEST ELECTION BECAUSE THE WOMEN VOTED**

Dayton's city election is to be contested because women were allowed to vote. The provision of the city charter granted by the legislature some years since gave women the right to vote. The contest is based on the grounds that the qualification of voters are determined by the constitution, and the legislature has no power to add to, or take from that document anything whatsoever.

**AN APOLOGY**

We sincerely regret that we were unable to handle the extraordinary rush of eager purchasers on the opening day of the Great Administrator's Shoe Sale. Very many prospective customers could not wait their turn to be waited on, and consequently had to leave. When we open again Friday morning we will be in better shape to handle the immense volume of business this great sale brought—we have hired additional clerks who will be ready to take care of the individual wants of the crowd. Every one was delighted with the extraordinary values offered, and many expressions of wonder at the marvelous shoe bargains were heard on all sides.
