MARSHAL McMILLAN EXONERATED.

After a strenuous hearing Marshal McMillan, of Silverton, has been exonerated as a public official. He was charged with various misdemeanors and his star was taken away from him for official misconduct. Now, after a full hearing before the mayor and city council, he has been vindicated and his star restored to him. It is so seldom that any public official gets justice in this world that we take pleasure in his victory. There are still mean people in the world who put the worst construction on the acts of every official. Now McMillan can walk erect, stick his chest out and wink the other eye, and say I am entitled to live. So far as The Capital Journal has ever heard McMillan is a good peace officer and well liked. He is a man who makes enemies, but an official who does not make some enemies is not worth a fig.

WANTED—A PEOPLE'S WATER BOARD.

The city council should go slow in selecting a Water Board for this city. It has the power to fix water rates and issue bonds and expend a million dollars. Perhaps two million dollars will be forced on the credit of the city for water. This is all possible, and mountain water is possible, but let it be done right. In the first place the people should have the first right to buy the water bonds. Denominations as small as fifty dollars should be issued and let the people subscribe. It sounds very nice to deal with bonding syndicates, but the bill must be paid. What sense is there in sending all the interest out of the city—keep it at home. A million of bonds at five per cents means fifty thousand a year sent to New York or Europe. Men on the Water Board who do not stand for the popular loan will cost the people dearly. As fast as money is needed it can be secured on the popular home loan plan. Make the people stockholders in this great enterprise for which the water consumers must pay. Next there must be men on the Water Board who represent the small home owners. The man with a little home, a small lot, a family to raise, ought to be considered. Water rates that will protect the small property owner and his family must be had. Men of that class and who sympathize with that class should be put on the water board. Let us have a People's Water Board, as the people must pay the bill, and water is a universal necessity.

BOOSTING ALL THE VALLEY TOWNS.

The Capital Journal is receiving commendation for generous treatment of all the valley towns. Salem, as the second city in the state, can well afford to treat all Oregon towns and cities fairly. The development of Western Oregon, and the uplift of Western Oregon cities means much to Salem. The Albany Herald has a very generous notice of the work of The Capital Journal in this direction: That Albany is fast being recognized as the "Apple City of the Willamette Valley" is apparent from the well edited article under that head which appears in the Daily Capital Journal of Salem Thursday. The article is a genuine booster for Albany and vicinity and was written by Col. E. Hofer, the versatile editor of the Capital Journal, who visited the Albany Apple Show in person, and knows what we had here. The railroads, the productiveness of the land, the size, color and flavor of Albany apples and the splendid growth of this city are all given much space and mention in the article, each receiving its share of comment. The healthy growth of Albany is given much attention, and the new armory, the proposed Carnegie library, the telephone building, the high school, the Curl building, the Hotel Van Dran, the Presbyterian church and the bitulithic pavements are well written up, and much credit is due the writer for the splendid spirit in which he speaks of Albany. Col. Hofer also compliments the citizens of Albany in having an architect who has left his mark on the public buildings of Albany, C. H. Burggraf, and gives considerable mention to the fine new drug store of Fred Dawson.

BIG PROGRAM FOR SALEM IN 1910.

Starting off with a three-day Development Congress, Salem has big things in sight for 1911. There will be a contract let to bring mountain water that will cost one to two millions. There will be a quarter million spent on sewers, and as much more on pavements.

Ayer's Hair Vigor
 Performs

There will be plans completed for a new armory to cost at least one hundred thousand dollars. There will be a new city library building erected to cost not less than fifty thousand dollars. The Methodists will raise \$100,000 endowment for Willamette, build a parsonage to cost \$10,000, rebuild Leslie church, South Salem, and the \$15,000 Jason Lee Memorial church on Fair Grounds road. One million dollars will be spent on new state buildings, and two millions on residences and business buildings. Salem should put men of courage and business ability to the front in city affairs, and all push. The best type of business men who will serve should be sent to the city council and elected mayor. Men of progressive, go-ahead stripe, men of nerve, courage and grit, should be put in all public places.

WILLIAM HASSING SHOTS HIS WIFE ON STREETS OF PORTLAND LAST NIGHT AND TURNS GUN ON HIMSELF.

[UNITED PRESS LEASED WIRE.]
 Portland, Ore., Nov. 23.—William Hassing, an electrical worker who shot and killed his wife last night at 14th and Columbia streets after which he fired two bullets into his head, has a fighting chance for life, according to physicians at St. Vincent's hospital today. Insane jealousy inspired the deed. A postal card addressed to the couple's 15 months' old baby which was found in the man's pocket indicated that the act was premeditated. The note on the postal reads: "I tried to take you away from your mama, but I can't. So I am going to end everything when she comes home tonight. Keep this card until you grow and then read. You will understand. PAPA." The shooting was the sequence of a recent separation of the couple which had been caused by Hassing's jealousy. The couple were married in Denver two years ago and soon afterward moved West to Milwaukie, Oregon, where Hassing had built a home. Since the birth of their baby their married life was not happy and they separated recently. Mrs. Hassing took up her residence with her brother, Emil Hedman, who is employed as a janitor at the Keeler apartments which are near the scene of the shooting. Hassing visited her several times and attempted to persuade her to return with him. Finally, it is alleged, he threatened to kill her and as a result he was arrested. Evidence however, was not strong enough to hold him and he was released. Since then, his neighbors say, Hassing constantly annoyed his wife up to last night, when he met her on the street and shot her down. Little is known of Hassing, whose parents are reported to reside in Colorado.

*** X-RAYS AND SMILES.**

Turkey that has been going up for some time, went down yesterday. Salem's Thanksgiving turkey weighed about five tons—dressed. One of the cleverest bits of poetry in rhythm and sentiment, written in Oregon for some time is that of Charley L. Gant in the Medford Mail Tribune, entitled "When Ella Comes," and written in honor of the visit of Ella Wheeler Wilcox. It is "catchy" and metrical, and far above the general run of newspaper poetry. The Kissing Girl will be here Monday, but then she is here Tuesday and Wednesday, Thursday, Friday, Saturday, Sunday, holidays, Christmas, moonlight night, foggy nights, in fact all the time when the sun is either shining or not, and she is a kissable girl too, and born twins. Lame back comes on suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all dealers. Ella Wheeler Wilcox spent Thanksgiving in Medford.

**IT CANNOT
 DECLARE
 A BOYCOTT**

LOCAL UNIONS MUST GET CONSENT OF FEDERATION EXECUTIVE COUNCIL BEFORE DECLARING A BOYCOTT.

[UNITED PRESS LEASED WIRE.]
 St. Louis, Mo., Nov. 23.—The executive council of the American Federation of Labor today countermanded the rights of local unions and labor councils of cities to declare boycotts, thereby ending an attempt of the Newspaper Solicitors' union of San Francisco to boycott the San Francisco Call. The executive council ordered that the locals first must obtain permission of the federation executive council. Delegate Andrew J. Gallagher, of San Francisco defended the solicitors and intimated that President Gompers of the federation and President Lynch of the International Typographical union played into the hands of the publishers. The solicitors' union of San Francisco, newly organized and small in numbers, started the boycott when the San Francisco Daily Paper refused to treat with it. The labor council of San Francisco backed up the solicitors. Four big international organizations that had contracts with the Call were involved to an extent that jeopardized their interests. The representatives of these unions fought the proposition of allowing a single union to declare a boycott, and won out. Union is to build a \$50,000 high school.

**SURE TO BREAK
 A SEVERE COLD**

The most severe cold will be broken, and all gripe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken. You will distinctly feel all the disagreeable symptoms leaving after the very first dose. The most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distresses vanishes. Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe. Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end Grippes misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

**THANKSGIVING
 CELEBRATED
 BY GERMANS**

The German Society of Salem and vicinity held a fine Thanksgiving celebration at Union hall, last night, from 7 to 10 o'clock. There were two roast pigs and large cakes baked especially for the occasion by the German bakery, and other refreshments were served by the ladies. John Stellman, as chairman of the program committee, carried out a fine musical and literary program, including a number of fine choruses by the Swiss national song. Director Fred Heysler sang a Tyrolean solo, and was given a recall. The same courtesy of appreciation was given Miss Andregg's solo, and Mr. Haar, who showed himself a very talented pianist. August Maurer rendered a selection in the dialect of the Rhine, which created a great deal of merriment. The formal address of the occasion was delivered by Rev. Hopf, of the State street Lutheran church, an historical discourse on Thanksgiving day customs, and the duty of gratitude to God as the giver of all good things. About 200 partook of the substantial refreshments, and the regular meeting of the society occurs next Sunday afternoon at the same hall.

THE TRUE TEST.
 Tried in Salem, It Has Stood the Test.
 The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Salem. Kidney sufferers can hardly ask for stronger proof than the following:
 W. C. Johnston, 1021 Mills street, Salem, Oregon, says: "About a year ago I had an attack of La Grippe and upon recovering, I found that my kidneys were disordered. I suffered from pains in the small of my back, especially severe at night, and when I arose in the morning I was very lame and sore. I became tired easily, felt languid nearly all the time and was also subject to headaches and dizzy spells. The kidney secretions were irregular in passage and otherwise unnatural. Doan's Kidney Pills were finally brought to my attention and I began their use. The contents of the first box gave me great relief and I am now in excellent health." (Statement given March 30, 1906.)
 Three Years' Later.
 On November 20, 1909, Mr. Johnston said: "The statement I gave for publication three years ago recommending Doan's Kidney Pills, was correct in every particular. I still think highly of this remedy."

Notice of Viewer's Report for Widening Fairground Road.
 Notice is hereby given that the viewers appointed to assess the damages and benefits accruing to private property on account of the widening of the Fairground road, have filed their report with the city recorder. That such report contains an assessment of damages accruing to private property owners for a strip of land five feet wide on each side of the Fairground road from Sixth street to the Southern Pacific railway tracks. The amount of such damages together with a description of private property are fully set out in said report, now on file at the office of the city recorder, at the city hall in Salem, Oregon, reference to which is hereby made for a more perfect description of said damages, and the private property appropriated.
 All persons interested in said report are hereby notified that the council will consider the same on and after Monday, the 28th day of November, 1910, at the hour of 7:30 o'clock p. m., at which time all persons having any objections thereto are required to present the same, if any they have, or file the same prior thereto in writing with the city recorder.

 This indicates the action of Foley's Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble, for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains in the sides with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of my troubles. They have my highest recommendation. Red Cross Pharmacy."
