PULL LEASED WIRE TELEGRAPH REPORT

LET US HAVE A NEW STATE CAPITOL.

The present state house is outgrown and is no longer adequate for the public business.

It is crammed from cellar to garret, and many departments, like the adjutant-general's office and others, are elsewhere.

The state printing office should have half the lower floor, if the printing business keeps on expanding as it has.

A new Capitol, to cost about three million dollars, should be provided for by the coming session of the legislature.

The cost should be distributed over about four or five years, as it would take that long to plan and construct it.

PORTLAND POPULATION SHOWN AT LAST.

The tardy census department has at last announced the population of Portland at 207,214.

It gives Seattle 237,197, or nearly 30,000 more than Portland, an increase of 194 against 129 per cent for Portland in 10 years.

In the Portland count 15,745 names were struck off, and in Seattle 11,186 were eliminated as fraudulent.

The Salem count has not yet been made public, but will be in the neighborhood of 15,000.

The Oregonian gives Census Enumerator Beach great credit for falling behind Seattle only 30,000.

The census department of the United States has become a big, permanent incubus on the taxpayers.

It has thousands of clerks, and is adding more, and its publication costs millions.

It is the rankest example of the weakness of our government for multiplying and extending the functions of an official aristocracy.

OREGON NEEDS IMMIGRATION THAT WILL LABOR.

A government expert is coming all the way from Washington to tell the farmers how to clear land of stumps.

The great need of Oregon is not more officials, but laborers to grub land and take out the stumps.

Of the million immigrants that arrive in New York each year, fifty thousand could be employed in Oregon.

Oregon has plenty of immigration of the capitalistic class, and people who want soft jobs in banks and stores.

Oregon should have a bureau of immigration that will get us some laboring people who will clear land, milk cows, raise crops, and help gather our fruit crops.

We do not want Chinese and Japs or Hindoos, but the better class of European immigration ought to be made welcome here, and have information about Oregon.

Several of the present state bureaus and costly commissions should be consolidated or abolished, and give us something that will help save the industries we have, and keep our state from growing up to brush.

REPUBLICAN PARTY DOES NOT GOVERN.

While there is a Republican state administration and a legislature strongly Republican, the Republican party does not govern Oregon.

An amendment has just been fastened on the constitution that changes the whole machinery of the courts and jury trials.

Another amendment changes the whole system of levying county taxes, and comes near making the single tax an actuality.

Grange leaders are trying to deny responsibility for this change that will heap more taxes on land and improvements.

Two years ago the people rejected a single tax amendment, but now it has been fastened on them in another form.

Until the dominant party can be made to assume some responsibility for the government of the state, what use to complain?

No one knows what will be sprung next, and we might as well all get ready to join the Socialist party and be done with it.

A rapidly extending paternalism with double elections, with a double system of legislation, is being established.

The eight measures adopted by the people cost about twice as much as the average session of the legislature.

CHEMEKETA CELEBRATES ANNIVERSARY

Chemeketa Lodge, No. 1, Independent Order of Odd Fellows, of Salem, will on Tuesday evening, celebrate the 58th anniversary of its birth and the permanent establishment of the organization on the Pacific Coast. It will have rounded out a period in the history of the order and the lodge—the parent body of the society in the Pacific Northwest—with a record of which the members are especially proud; a record that includes the holding of a regular weekly session, with officers and a full quorum of members present throughout its life.

and those of its offspring throughout the Northwest are inscribed the names of men famous in its history—statesmen, jurists, soldiers, educators and business men. Artisans and laborers have there rubbed elbows with men high in the councils of the nation, and have succeeded each other in the control of the lodge with scarce a ripple attending the change and, as it was in the early history of the lodge, so it is today.

GERMAN AMERICAN SOCIETY

COLUMBIA RIVER WILL GET \$1- SHOWS A STRONG MEMBERSHIP—WILL HOLD NEW YEARS CELEBRATION.

With 181 members on its rolls, the Salem German Society held its annual meeting yesterday afternoon, and elected officers for the ensuing year. The society is in good circumstances financially, and has a strong building society, with a fine site for a new building that may be erected this coming year on the corner south of the Marion Hotel. Eight new members were taken in yesterday, and Mrs. Kaump, for the ladies' auxiliary reported progress. A committee was appointed to arrange for a New Year's celebration, composed of Messrs. Dekebach, Stellman Heysler, and Mesdames Kehrberger, Koplin and Heysler. There is to be a Weihnachtsbaum for the children, singing and dancing with refreshments in a large hall. Committee on members was appointed as follows: Andrege, Butte and Stellman, and auditing committee, Kaup, Heysler and Jos. Hug. The officers for the year are: E. Hofer, president and delegate; A. Kehrberger, vice-president; Wm. Humburg, secretary; John Stellman, treasurer, and Wm. Butte, alternate.

CORNER STONE CEREMONIES NOT ON THE BILL

THEATRICAL MAN PUTS \$20 PIECE IN BUILDING CORNER AND PRACTICAL MAN REMOVES IT BETWEEN SHIFTS.

To carefully, and apparently securely, tuck away a \$20 gold piece in the corner stone of his new theater building, under process of construction on State street, one day and then the next to learn that the brick covering it had been removed and the money stolen, is the experience of T. G. Bly, proprietor of Bly's theater.

The gold piece was inserted in the corner stone Saturday forenoon. The masons had then just commenced the erection of the front wall of the building, and Mr. Bly celebrated the event in the presence of a few friends and spectators by inserting a \$20 gold piece in the corner stone. The masons did not work during the afternoon and as a result the wall was built up but a few feet, but the bricks were solidly laid and cemented and he felt sure that the money would not be disturbed. Who he made a visit to the place yesterday morning, however, he found that the bricks had been removed and the money stolen.

He is exerting every effort towards ascertaining the identity of the thief, but entertains little hope of apprehending him.

How to Tell If Your Hair Is

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. Ninety-eight per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want every one whose hair requires treatment to try Rexall's "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall's "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store, The I. C. Perry Drug Co., Salem, Ore.

Nervous Prostration Long Endured Before Remedy was Found. Mrs. Minerva Reminger, Upper Bern, Pa., writes: "For several years I had nervous prostration, and was utterly wretched. Am now cured."

JAPANESE EXPEDITION TO SEEK SOUTH POLE

Tokio, Nov. 28.—With the parting admonition of Count Okuma not to bombastically claim the discovery of the south pole, unless they brought back scientific proof, 28 explorers under Lieutenant Shiras, of the Japanese navy, are on their way southward today.

The Japanese Antarctic expedition, financed by public subscription and government aid, sailed Sunday afternoon aboard the Kalaena.

Thousands of residents of Tokio and surrounding towns gave the expedition a big send off, and leading officials made speeches of encouragement.

SHOULD HAVE TAKEN THEIR NURSING BOTTLES

(UNITED PRESS LEASED WIRE.) Everett, Wash., Nov. 28.—Starved and so weak that they could hardly stand, three hunters, Charles Snyder and Charles and Willard Davis were found wandering aimlessly in the forest near Canyon Creek by a searching party headed by Forest Ranger Bruckaroo yesterday and were taken to a logging camp where they are recuperating.

The men became lost while hunting near Hazel last Tuesday. They had sustained life by eating slugs and berries. The trio was going deeper into the forest when found. Over 100 men had searched for four days previously.

ACT QUICKLY.

Delay Has Been Dangerous in Salem. Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this. F. A. Sutton, Hoyt & West streets, Salem, Oregon, says: "For 10 or 12 years, rheumatism and kidney trouble were the plague of my life. I suffered intensely from a pain in the small of my back and was often unable to move. I doctored and tried a number of remedies but to no avail, and I was in a bad way when I procured Doan's Kidney Pills at Dr. Stones Drug Store. They benefited me at once and after I had taken the contents of three boxes, I was free from every symptom of kidney complaint. My health is now of the best. I cannot recommend Doan's Kidney Pills too highly." (Statement given January 31, 1906.)

Re-Endorsement. On November 22, 1909, Mr. Sutton confirmed his former statement, saying: "I willingly reiterate all I have previously said in favor of Doan's Kidney Pills. This remedy cured me three years ago and I have had no return of kidney trouble." For sale by all dealers. Price, 50 cents. Forster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
