

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and stimulates them. Its exhilarating, stimulating and invigorating properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."
Another from New York, N. Y.:
"I have been using Danderine regularly. When first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other hair preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

THE SECT WILL FIRE APOSTLE

"TONGUES OF FIRE" ARE HOT ALL OVER ON ACCOUNT OF APOSTLE LUPTON'S LAPSE FROM "SIMPLE VIRTUE'S UN- SEDUCTIVE WAY."

Alliance, O., Dec. 15.—Although Mamie Corlette refuses to proceed against Apostle Levi Lupton, saying the "outcomes of the mysterious manipulations of the powers of evil" are responsible for the birth of their child, the leader of the "Gift of Tongues" sect faces explanation by his congregation today. Municipal authorities say they can do nothing since the girl refuses to sign a warrant against the father of her son, but the congregation of the Alliance Mission are bitter against the apostle and are planning to call a mass meeting to turn him out.

Lupton today signed a bond guaranteeing to support the child. No charge can be brought against him, the prosecuting attorney says, unless the girl changes her mind and legal action is highly improbable. The girl, when questioned by the prosecutor, defended Lupton. A single sin, she said, should not be made to blacken a man's career. Supernatural powers had forced the apostle to fall, and she believed it would be adding to her share of the guilt if she forced Lupton to earthly punishment through the courts. She absolutely refused to sign a warrant against the leader of the Mission.

Mrs. Lupton, wife of the Apostle, has fully forgiven her husband and Miss Corlette. She wants to keep both the girl and the child as members of her household. Miss Corlette has not yet consented to this arrangement.

Members of the congregation, however, feel that they must take action against Lupton. They say that he misrepresented their attitude in his public statement and that therefore they will be forced to act so that the public may understand their real feeling.

It is believed that if Lupton is deposed, civil action by the congregation to get possession of the mission building, which was built from donations, but which stands in the apostle's name, will be undertaken.

DESTROY THE CAUSE.

You Cannot Cure Dandruff Without Destroying the Cause of It.

Many people wash their scalp Saturday night or Sunday to try to keep the dandruff down for the week, but on Monday night the scalp has begun to itch, and Tuesday morning will find a good supply of dandruff when the hair is brushed. There is but one real scientific way of curing dandruff; and that is to kill the germ that causes it, and falling hair, and finally baldness. There is only one preparation that will destroy the germ, and that is Newbro's Herpicide. It is an entirely new discovery and the only hair preparation that is based on the new scientific principle. In addition, Herpicide is a very refreshing hair dressing for regular toilet use. Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. J. C. Perry, special agent.

A Simple Safeguard for Mothers.

Mrs. D. Gilkeson, 26 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle, her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house as I know it is a sure cure for coughs and colds." Red Cross Pharmacy.

IT IS VERGING ON THE DRY IN SOME PLACES

The drought appears to have been even more pronounced in Missouri than in Iowa and Minnesota. Here is what an editor in the first named state says concerning conditions there:

"It is so dry here that wagons are going around with their tongues out. Ice has to be soaked in water all night before it is wet enough to make lemonade. The catfish kick up such a dust in the bed of the Gasconade river that the river has to be sprinkled before you can go fishing. A spark from an engine set fire to a pond and burned up a lot of bull frogs before the fire could be extinguished and the ground is so dry and hard that crawfish holes in the low places are being pulled up and shipped off for gaspines."

Missouri apparently produces some romancers who can "show" considerable speed when it comes to stretching the imagination all it will stand.—Waterloo Reporter.
