TROUBLE IS BREWING IN HONDURAS

AMERICAN ADVENTURERS ENLIST WITH THE REBELS AND WILL ATTEMPT TO OVERTHROW THE GOVERNMENT — REVOLUTION IS RIPE.

PUERTO CORTES, Honduras, Dec. 28.—Two thousand rebel soldiers who have been gathered during the last few months have been reported ready for an attack on Tegucigalpa. According to federal officials, the revolution, which has been threatened for months, is about to break out, and the first battle is expected early in January. Preparations to repel an attack on the city are being made and federal troops are being mobilized at Tegucigalpa.

The revolutionary army has been drilling at a point about 20 miles from Cape Gracia. Lee Christmas, an American adventurer, who has played an important part in the revolutionary movement and has led armies in Honduras and Nicaragua, will share the command of the revolutionists with former President Bonilla. A number of American adventurers are enlisted in the ranks of the rebel army. Most of the recruits, however, are Central Americans, many of whom have been exiled from Honduras by order of President Davila and who have rallied to Bonilla's standard.

11,474 feet. In view of the fact that this is Long Beach day at the meet and the Long Beach Chamber of Commerce offered a handsome bold and silver cup for the best altitude flight of the day, in addition to the usual prize, it was predicted that Ely would make his attempt at sundown, when the upper air currents usually are the most favorable.

LITTLE STATES MUST MAINTAIN NEUTRALITY

MANAGUA, Nicaragua, Dec. 28.—President Juan J. Estrada, who became chief executive of Nicaragua after a long and bitterly fought revolution, has been warned in a note from the state department at Washington to observe strict neutrality in the coming revolution in Honduras. The note demands that steps be taken to prevent the organization in neutral territory of revolutionary expeditions into Honduras. Similar notes, it is said, have been sent to Guatemala, Salvador and Costa Rica.

Estrada has replied indicating that he intends to enforce the neutrality provisions of the Washington convention.

During the revolution here former President Bonilla, of Honduras, who is now heading the revolutionary movement against Davila, was friendly to Estrada. It has been rumored that Estrada would lend his aid to Bonilla in the revolution he has planned.

OFFICERS THINK IT SERIOUS

WHILE RETICENT, MILITARY OFFICERS AT MANILA THINK THERE IS REAL GROUND FOR SUSPECTING JAPAN OF HAVING EYES ON THE ISLANDS.

[UNITED PRESS LEASED WIRE.]
Manila, Dec. 28.—The particulars of the alleged planting of mines in Philippine harbors, so far as they can be learned, indicate that the plot contemplated the placing of mines near the naval anchorage. The mines were to be placed at the bottom of the harbor and connected with shore batteries, where they could be exploded.

It is admitted privately in army circles here that the situation is serious. It is reported that an unlighted ship, manned by three Japanese, was noticed on a dark night, moving about the harbor. This ship, it is said, was sent out to take soundings in order to determine the best places for laying mines.

At army headquarters it is admitted that a Japanese spy was captured yesterday. When searched it was found he had practically complete plans of the fortifications here and data regarding the guns and their mountings.

A bundle of private papers was found and in these it is alleged the maps and data were discovered.

The spy was not held, it is reported, because there is no law under which he could be arrested. He is being closely watched, however.

The search of the Japanese quarters is said to have resulted in the discovery of metal casings and heavily insulated wire, such as might withstand the action of tide water.

accident occurred shortly before noon and according to the reports received soon afterwards, the plant was badly damaged. The victims are reported to have been buried under tons of debris.

There will be no congressional proceedings to bother people for more than a week now.

Merger mines in the Blue River district are reported as showing up well.

UNION LABOR WANTS TO ELECT OHIO SENATOR

[UNITED PRESS LEASED WIRE.]
Washington, Dec. 28.—Organized labor is endeavoring to force the election of a United States senator. The labor unions, backed by the American Federation of Labor, will try to elect Congressman Carl Anderson, of Ohio, to fill the vacancy caused by the retirement of Senator Charles Dick.

President Gompers, of the American Federation of Labor, commenting upon the plan today, said: "We will do all we can to secure Anderson's election. We need that kind of men in the upper house."

The American Federation is urging Ohio unions to take an active part in the campaign for Anderson.

The Scio News tells about sweet peas and grass 12 inches tall.

HOSSEY MAKES FLIGHT.

field yesterday springs up before the hour for the first flights, conditions augurs well for a banner day.

Postponed from yesterday, the first special derby ever held was scheduled as the chief attraction this afternoon. Although a speed test between Ely, driving a Curtiss biplane, and Parmalee in the baby Wright racer, was offered late yesterday, the violence of the wind precluded starting the big race. Five of the speediest flyers on the grounds were entered for the derby. Radley, the Britisher who holds the world's speed record, was scheduled to defend his laurels in his Bleriot monoplane. The other entrants were:

Parmalee, (baby Wright).
Curtiss, (Curtiss biplane).
Hossey, (Wright biplane).
Ely, (Curtiss biplane).

Ely and Radley are favored as probable victors by the enthusiasts, who have followed the flights closely—Radley on his previous record, and Ely, upon the strength of his victory yesterday over Parmalee, who drove the speediest craft of the Wright hangers. There is an impression, however, fostered by the knowing smiles of the Wright squad, that Parmalee did not show the true worth of the "baby" yesterday and the little craft and its driver will not lack supporters when they go to the line.

Brookins, Ely and Hossey, according to an announcement today, will try for height records. Ely is the hope of the Curtiss flyers in the height event and it is known that before the end of the meet he will make a determined effort to surpass Hossey's wonderful altitude height of

EXPLOSION WAS OF DYNAMITE AND NOT GAS

[UNITED PRESS LEASED WIRE.]
El Paso, Tex., Dec. 28.—One man was killed and between eight and 15 buried by an explosion in the slag dump of the El Paso smelter today.

At noon three of the victims had been taken from the debris alive and rescuers were working frantically to reach the others who are believed to be living. The dead man was identified as Florentino Navarro.

The explosion occurred while laborers were unloading a car of giant powder to be used in blowing up the slag beds. Twenty-one cases of the explosive are said to have been set off. The detonation broke windows in houses three miles away. The smelter was badly damaged and a car of the El Paso Southwestern railroad in which the dynamite was loaded was destroyed.

The smelter, which is the second largest in the world, belongs to the "Smelter trust."

Will Visit the East—Mr. and Mrs. Chas. McCarter, of N. Commercial street, expects to leave Saturday for Virginia, where they have been called by the illness of their father and brother. Mr. McCarter has been employed by the P. L. & P. company in this city and their many friends wish them a pleasant journey.

Released on Bail—John E. Wilkinson, Bert Parrish and Charles C. Baker, who were arrested yesterday afternoon by Chief-elect Hamilton, on the charge of larceny, alleged to consist in the stealing of some articles from a buggy in the Central feed yard, were released on bonds by Judge Webster this afternoon, and will be given their preliminary examination Friday morning. The three reside across the river in Polk county.

Weather Report

Rain tonight and Thursday.

The Marion County Delegation

Will have a meeting at the Board of Trade Rooms tomorrow at 2 o'clock.

Want Money Judgment

The firm of Evans & Thompson has commenced an action in the circuit court against Napoleon Davis. The purpose of the suit is to recover a judgment for \$145, and \$105 interest, which it is alleged is due the plaintiff from the defendant.

Card of Thanks

We wish to thank the many friends and neighbors who so kindly assisted us in the time of our bereavement in the loss of our father. Also for the beautiful floral offerings.

CORA WEIGEL,
LILLIE WEIGEL.

F. A. Turner Not a Candidate

F. A. Turner is not a candidate for city attorney, and he is not a candidate in great big letters. He was in the Journal office today and he told the chief so. He impressed it on the business manager; he asserted it positively to the reporters. He even went so far as to call on the horse editor and whisper to that benevolent and lovable old fixture the fact that he was not a candidate for that office or any other. The horse editor was so delighted to find a man that wouldn't have an office, that he wept a wet streak a foot wide down the back of Mr. Turner's coat—two streaks in fact, one from each eye.

Jury Returns an Indictment

The grand jury yesterday afternoon reported one indictment to the court—that of larceny against W. J. Laninoster, and he will appear before Judge Burnett and plead to it tomorrow. His offense is alleged to consist of stealing \$15 and a gun of the value of \$20 from M. C. Griffith. Shields & Smith have been appointed to defend him. The jury will continue its deliberations, and will submit another report tomorrow morning.
