This will be good roads week, and some of the bills will not have an easy road to travel.

Do not forget that election to build the much-needed addition to the Salem High School, January 31.

Greatest thing for Salem this year—building the Oregon Electric south to Eugene and up the West Side.

If any of the aldermen are afraid to use a good pavement ask those who have the best and most expensive what they think about it? Besides, Mr. Alderman, have you tried any pavement in front of your own property, and do you want a cheap pavement with no guaranty?

Oh, yes, it's all right to put off getting mountain water a few years, and in the meantime lose half a million of appropriations and several state institutions and the state capitol the first time an epidemic hits the town.

Marion county members should not engage in the squabbles over spoils that divide the factions of the house. They have plenty of important matters to engage their time without getting into fights that are individual enterprises.

Governor West takes a broad view of getting in a supply of mountain water for the state institutions, and he should be heartily supported in his undertaking by all members of the legislature who drink water.

BUILD THE BUTTEVILLE BRIDGE.

For over a year the people of the Butteville neighborhood have carried on a campaign to have a bridge across the river at that point.

It is to be located where three counties come together, and the proposition to have it built by the three counties is one that has merit.

It would not only be the cheapest for the three counties to construct and maintain the bridge, but it would serve the most people of the state.

There would result a permanent highway across the country east and west and a crossing on a direct line to Portland from all this part of the valley.

The bridge at Butteville would require no expensive approaches, and would be high enough to let all boats go under, and would develop a large area of rich country.

THE PORTLAND JOURNAL AND THE ROSS PARDON.

The Capital Journal owes the Portland Journal an apology and retraction for stating editorially that the latter's paper had charged editorially that if Bowerman was elected governor he would pardon Ross.

Examination of its files shows that the Portland Journal never editorially, or in its news columns, made this charge.

It did make very prominent certain telegrams charging that Bowerman, in the senate, was trying to favor Ross in the passage of a banking bill.

That was played up skillfully and everlastingly to associate Bowerman and Ross in a way that made effective campaign argument against Bowerman, and led people to believe that if Bowerman was elected he would pardon Ross.

Of course, that was not saying that Bowerman, if elected governor, would pardon Ross, but it left that impression.

The Journal may excuse itself on the ground that anything within the news scope was justifiable to beat Bowerman.

CRIMINAL NEGLIGENCE IN GETTING WATER SUPPLY.

The Salem Water Commission, the City Council, the Marion county delegation are all neglecting a golden opportunity to get a decent water supply for this city.

The people of Salem have voted to buy the present plant and issue bonds for public ownership of a water plant that shall give the Capital City first-class water.

The last legislature authorized the creation of the Capital Water Commission and pledged the co-operation of the state with the city of Salem to secure an adequate supply.

The outgoing and the incoming governors recommend that state institutions be provided with mountain water, and ask authority to join the city in the undertaking.

And yet there are official bodies who are apparently indifferent to the whole proposition, and, not only do not act, but some even oppose doing anything at all.

The people of Salem and of the whole state are aroused to a great interest in this matter, and will not deal lightly with those who are indifferent when they find they are suffering.

With a rapidly growing city, with rapidly expanding state institutions, with new railroads coming in, with finer buildings going up, the water supply must be improved and perfected.

The last city administration went out with its hands peacefully folded, and refused to pass the ordinance to authorize the Water Board to go ahead and acquire ownership.

The present city administration has had time to consider this matter, and if it intends to protect this city against further bad advertisement, it should act now.

If this legislature gets the impression that the community has only been faking, and does not mean to improve its water supply, it will mean all appropriations reduced to a minimum.

JUST A FEW SUGGESTIONS FROM MIDNIGHT EXTRA

REPRODUCED FROM SATURDAY'S SPECIAL EDITION AT REQUEST OF THE LEGISLATURE—LAW MAKERS ARE ALL RIGHT, APPRECIATE A GOOD NATURED "HUNCH" IN THE RIGHT DIRECTION, AND INSIST ON MORE.

CLERKS NOT IN THE WAY IF THEY ARE GOOD LOOKING

It is noticed that the men at the press desks do not kick. As long as the committee clerks who work at their tables are young and good looking.

CLYDE MAKES A BID FOR THE LABOR VOTE

Representative Clyde will introduce his bill this week for an eight-hour law for the convicts in the stove works, and other state employes.

KELLAHER WANTS RIGID INSPECTION OF HOTELS

Senator Kellaher's bill provides an inspector of hotels at \$3000 a year, with jurisdiction over anything from sauer kraut to chambermaids.

SENATOR CHASE DECLARES WAR ON JUVENILE VERMIN

Senator Chase has prepared a bill to supply school houses with baths, Turkish towels, perfumed soaps, antiseptic lotions, etc. He may compromise on a bill providing a fine-tooth comb for each teacher.

HOUSE RESOLUTION NO. ONE HUNDRED AND FOUR

That the office of assistant to the assistant sergeant-at-arms be created with a salary of \$3.00 a day, and that the position be open to any member of the committee on resolutions who has a cast-off relative to provide for.

FARMER SAYS RESOLUTIONS ARE LIKE FLEAS ON A DOG

Ed. Journal: Please let up on the legislature. Resolutions, fighting over clerks and parliamentary squabbles don't hurt, so long as they don't pass any bills. Like the fleas on a dog, it keeps him busy, and doesn't hurt anybody.

BOWERMAN THANKED FOR DITCHING VETOS

Lima Bean Ridge Grange has adopted resolutions of thanks to Jay Bowerman for ditching the 38 vetoed bills handed over from the last legislature. It saved several thousand dollars in printing and oodles of hot air.

CARTER CONSULTS FARMERS AS WELL AS THE BANKERS

Carter, of Clackamas, entertains the absurd notion that farmers are to be considered in drafting good road laws, as well as the bankers, who ride in automobiles. How would it do to let the farmers use the roads at night exclusively, and sleep in the daytime.

BOWERMAN CERTAIN SURE OF ONE THING

You may say in the midnight edition of The Journal that so far as insane asylums are concerned the Oregon system is not perfect—Senator Jay Bowerman.

BROOKE HAS TENDER HEART FOR THE LAMBS

Representative Brooke has a bill to make it a crime to abandon sheep on the range to starve and die of neglect. Many a hard-fisted sheep capitalist will cuss the tender-hearted legislator who ought to include the capitalist in his protective and humane measure.

TWO—JUST A FEW SUGGESTIONS THOMPSON SAYS HE DIDN'T KNOW FULTON

Thompson, of Lake, emphatically denies that ex-Senator Fulton was backing him in the fight for speaker. He says he had enough to contend with without that.

RUSK'S CANNERY FOR DEAD CAUVSES

On the plan of the Linnton cannery for useless horses, it is understood that the resolutions committee has decided to can all propositions emanating from the anti-Rusk faction.

EATON WILL LAY DOWN LIFE TO STOP SMOKING EVIL

I care nothing about the \$175,000 building for the U. of O., but am ready to die on the floor of the house, or as pharmacist of the naval militia, rather than give up my fight on smoking.—Rep. Eaton, of Lane county.

HOUSE CLERKS NOT SO EASILY KILLED

McKinney's intimation that the member from Lane is a bold lady-killer is a libel. The ladies in the

house are a hard-working dignified body. Most of them put in more time at the desks than the members and you couldn't kill one with an earthquake.

BOWERMAN THINKS TIN CUPS WOULD BE GOOD ENOUGH

Senator Bowerman seems to have a low lunch grass conception of what comprises style in official circles. According to his sheepherder ideas, public officials ought to drink champagne out of tin cups and use wool twine instead of silver clasp garters.

SUPERINTENDENT ACKERMAN TO VISIT EASTERN NORMALS

Ed. Journal: As the Monmouth normal school will not open until October 1, it is proper to have ex-State Superintendent Ackerman travel in the east until then to visit other normal schools. It is quite the fad. He might learn something in addition to his 12 years service in which he has covered the United States.

PEANUT RESOLUTION TO GO BEFORE LEGISLATURE

Whereas a child lost its life by choking from getting a peanut in its windpipe, Resolved, That a commission be created to investigate and prohibit the traffic in peanuts and other dangerous explosives, at a salary not to exceed, etc.

CLYDE WILL BE HEARD FROM SOONER OR LATER

When asked to recommend persons to higher officials, Representative Clyde has a multigrat letter: "I don't know you and never heard of you. Hon. _____ under whom you want a place, don't know me and has never heard of me. But he will."

THOMPSON FAVORS FLAT SALARY FOR ALL JUDGES

Give all the circuit judges \$4,000 a year, or cut them all down to \$3,000. It is laying a poor foundation for administering justice to pay one man \$3,000 and another \$4,000 for the same job.

RESOLUTION FIXING TITLE OF ALL NEW BILL

Resolved, that all bills begin with the words "to amend section so-and-so, of the Code of Oregon, as compiled by Wm. Payne, Lord and Richard Clark Montague from Cotton & Ballinger's Code as compiled from Wm. Lair Hill, all of which cost the taxpayers about \$150,000.

BONBRAKE WANTS LEGISLATOR FACTORY

Rep. Bonebrake has a resolution up his sleeve for a short winter course at the O. A. C. for budding statesmen to learn the art of grafting. He has engaged Prof. Eaton, of the University of Oregon to deliver the first course of lectures.

McKINNEY OUGHT TO GO TO CONGRESS

McKinney, who decided to support the Columbus bill, after making a speech against it, that was as comical as Mark Twain's pleas for Adam, would now poll the entire Italian vote of South Portland. He now proposes to save the country roads for the farmer as against the automobile joy riders.

Doing well is not enough; doing the best one possibly can is none too much.

LAZY LIVER

"I find Cascarets so good that I would not be without them. I was troubled a great deal with torpid liver and headache. Now since taking Cascarets Candy Cathartic I feel very much better. I shall certainly recommend them to my friends as the best medicine I have ever seen."

OTTUMWA WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Ottumwa, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

DEMOCRATS MUST STAND BY PLEDGES

IT IS UP TO THEM IN NEW JERSEY TO ELECT MARTINE EN-DORSED BY THE PEOPLE AT PRIMARIES, OR SHOW THEIR HAND.

Trenton, N. J., Jan. 23.—Democratic legislators gathered here today for a conference regarding the election tomorrow of United States senator.

Friends of James Smith, Jr., the machine candidate, and James Martine, reform candidate, will, it is believed, make an effort to turn the conference into a caucus.

The balloting will start at noon tomorrow. It is expected that Governor Wilson will send a special message to the legislature demanding the election of Martine who was endorsed at the primaries.

Children Cry FOR FLETCHER'S CASTORIA

ASK LONGER HOURS INSTEAD OF MORE PAY

Olympia, Wash., Jan. 23.—A delegation of women employed by the fruit and fish canneries of Bellingham, will arrive here today to urge legislators not to vote for the proposed labor bill limiting a working woman's day of toil to eight hours. These women are employed on piece work and it is their claim that they cannot make a living wage if the law forbids them working more than eight hours out of each 24.

Utterly Wretched

Nervous Prostration Long Endured Before Remedy was Found. Miss Mineva Reminger, Upper Barn, Pa., writes: "For several years I had nervous prostration, and was utterly wretched. I lived on bread and beef tea because my stomach would not retain anything else. I took many remedies, but obtained no relief until I took Hood's Sarsaparilla, when I began to gain at once. Am now cured!"

A SIMPLE QUESTION.

Salem People Are Requested to Honestly Answer This.

Is not the word of a representative citizen of Salem more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

F. A. Sutton, Hoyt & West streets, Salem, Oregon, says: "Fort 10 or 12 years kidney trouble was the plague of my life. I suffered intensely from a pain in the small of my back and was often unable to move. I doctored and tried a number of remedies, but to no avail, and I was in a bad way I procured Doan's Kidney Pills at Dr. Stone's Drug Store. They benefited me at once and after I had taken the contents of three boxes, I was free from every symptom of kidney complaint. My health is now of the best and for that reason I cannot recommend Doan's Kidney Pills too highly." (Statement given January 31, 1906.)

Re-Endorsement.

On November 22, 1909, Mr. Sutton confirmed his former statement saying: "I willingly reiterate all I have previously said in favor of Doan's Kidney Pills. This remedy cured me three years ago and I have had no return attack of kidney trouble."
