

WHIPPING NO LONGER PERMITTED

WIFE BEATERS WILL GET SOME OTHER PUNISHMENT, PERHAPS—A NUMBER OF OTHER BILLS READY FOR GOVERNOR'S SIGNATURE.

Representative Buchanan's bill regarding the whipping post sailed merrily through the senate yesterday afternoon with a good majority to its credit and unless Governor West should veto it when it comes up to him for his signature it will become a law and husbands in the state of Oregon will then no longer entertain fears that if they beat their wives occasionally, they will be confronted, if convicted, with the whipping post and the lash.

The whipping post law was passed by the legislature two years ago and it had the effect of giving the state considerable notoriety among its sister states. After its passage a regular old fashioned whipping post was erected at the state prison and upon one or two occasions it was called into use. During the session considerable sentiment was found adverse to the law and a bill went through the house and it was passed by the senate yesterday afternoon.

Other House Bills Passed.
Ambrose's bill raising the standard of those desiring to practice optometry in the state was passed and so was Thompson's bill which relates to the disposition of state and county funds.

The bill of Reynolds' providing that the commissioner of labor shall issue no certificates of inspection unless his inspection fee is paid him, and also stating what the fees shall be was passed, and similar action was taken with regard to Miller's bill authorizing the return of the license money of an applicant for a liquor license in the event that his license is not granted.

Veata's bill having for its object the prevention of the transportation of explosives on passenger cars went through with a handsome majority and is now ready for the governor's signature.

Senate Bills Passed.
Senator Albee's bill providing that all railroads must publish their time tables in newspapers in all towns where they maintain a station and an agent was passed by the senate, and so was a bill by Senator Maloney providing for the making of unknown heirs defendants in actions for the clearing up of title to real property.

Senator Nottingham's bill regulating the sale of lime and sulphur for spraying solutions went through and the bill of Senator Carson appropriating \$20,000 for the Oregon Agricultural college for the solution of horticultural problems was given a good vote. The same action was taken with regard to a bill by Senator Von der Helen prohibiting discrimination and rebating by railroads, and a bill by Senator Lock relative to the creation of an irrevocable fund for the preservation of cemeteries.

Other Bills Ready for Governor.
The Brooks bill—the Abott bill and the Buchanan bill, all originating in the house, have passed the senate and are ready for the governor. The first fixes the time for the holding of the supreme court; the second provides for a free ferry at St. Johns upon the purchase of a franchise by the county of a ferry now operated there. And the last provides that an old soldier may make application for admission to the old soldiers' home in the county in which he resides.

HE PUT A HEAD ON LITTLE EDGAR

[UNITED PRESS LEASED WIRE.]
New York, Feb. 3.—Edgar Theobald is resolved today never to speak to a strange woman again, no matter how pretty she may be.

A simple "good evening," addressed to Mrs. John Mayham, who was awaiting her husband, caused Theobald to get the worst beating of his life.

"Oh, yes, you know me?" insisted Theobald, as Mrs. Mayham turned away.

But then Mayham appeared. What he did to Theobald was plenty.

"You had a right to knock his head off," said Magistrate Stoenert, in dismissing Mayham.

Stagers Skeptic.
That a clean, nice fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove its a wonderful healer of the worst burns, ulcers, boils, felons, eczema skin eruptions, as also chapped hands, sprains and corns. Try it. See at J. C. Perry's Drug Store.

There are tricks in all trades.

Nature's Gift from the Sunny South

Shortens your food—Lengthens your life

The source and making of Cottolene insure its purity. From the white, tufty tops of The Sunny Southland's cotton the seed is removed, the oil extracted and refined by our exclusive process. **From Cottonfield to Kitchen**—human hands never touch the oil from which Cottolene is made.

Compare the source of Cottolene with the source of lard, and draw your own conclusions as to the comparative cleanliness, purity and healthfulness of the two products.

CALIFORNIA SYMPATHIZES WITH CHINA

[UNITED PRESS LEASED WIRE.]
Sacramento, Cal., Feb. 3.—Expressing sympathy for China in connection with plague conditions existing Northern China and Manchuria, Senator Marshall Black today urged the California legislature to vote \$5000 for the relief of the sufferers. A bill was prepared for introduction when the senate convened.

THE CORVALLIS EXCURSION IS A GREAT SUCCESS

About 200 legislators, state officials, clerks and Salem people went on the legislative excursion to the State Agricultural College this morning at 9:30, and will return this evening at 8:30. At the college great preparations had been made for the reception of the members of the legislature who arrived on the special train at 11 o'clock a. m. One battalion of cadets and the regimental band were detailed to meet the visitors and escort them to the armory where a regimental dress parade was given by the cadet regiment. The visitors were then given a lunch in the gymnasium. After this they were escorted through the different buildings by the officers. While visiting these buildings they were able to see where every dollar of the money asked for is needed. A banquet will be held in Waldo Hall at 5:30 p. m. and music will be furnished by the College Glee and Mandolin Clubs. Later they will leave for Salem.

McCulloch Comes Back

Senator McCulloch came back at Bowerman in defense of the Calkins-Bean bill. He pronounced the bill of the Gilliam senator cumbersome, and maintained that the Calkins-Bean bill covered the subject in full. An attack had been made on the emergency clause of the latter by Senator Bowerman. He had reminded the senate of the fact that when he attached to a bill having for its purpose the creation of the office of assistant secretary of state that a "holy cry in behalf of the people went up," and that he now intended to raise the same cry as to this bill. McCulloch was about to make a motion to eliminate the

Pennsylvania Stands In.
[UNITED PRESS LEASED WIRE.]
Harrisburg, Pa., Feb. 3.—The Pennsylvania legislature today adopted a joint resolution favoring San Francisco for the Panama exposition.

NEW COLDS

Bad enough, to be sure. But old colds are worse. Better stop your fresh cold at once. Never hesitate to ask your doctor about Ayer's Cherry Pectoral. Use it or not, as he says. He knows.

CONCERNING PURCHASE OF STATE SUPPLIES

THE CALKINS-BEAN BILL AND BOWERMAN BILL WILL BE REDRAWN AND THE SOLID POINTS OF EACH EMBODIED IN NEW BILL.
When President Ben Selling yesterday afternoon moved to have referred to special committee to consist of the authors of the bill, the bill of Senator Calkins and Bean, providing for the creation of a state purchasing board; and also that of Senator Bowerman providing for the same thing, he averted what would have become a long debate and what had already become an acrimonious discussion; and saved the afternoon for the transaction of good solid business in the senate.

GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of its soiling quickly. This objection has been overcome and by asking almost any first-class druggist for Weyth's Sage and Sulphur the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c. and \$1.00 a bottle, or is sent direct by the Weyth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

La Grippe Coughs

Strain and weaken the system and if not checked may develop into pneumonia. No danger of this when Foley's Honey and Tar is taken promptly. It is a reliable family medicine for all coughs and colds, and acts quickly and effectively in cases of croup.
