STORAGE KNOCKING GAMBLERS

Speculators in food stuffs are getting theirs, are caught with 1,500 tons of dehorned butter on which they will lose splendidly.

[UNITED PRESS LEASED WIRE.]
Philadelphia, Pa., Feb. 3.—Three million pounds of second grade butter which has been held in cold storage by food speculators at Philadelphia and Chicago will be shipped to Europe for sale because no market can be found for their frozen holdings in the United States, according to C. M. Drake, president of the Philadelphia Produce Exchange, today. And then the speculators will lose heavily and will barely save themselves from absolute loss.

One Chicago speculator stands to lose in the neighborhood of \$350,000 on 50,000 tubs of butter which he purchased last year at 32 cents and which today is wholesaling at 25 1/2 c.

A number of other big speculators will lose in like ratio, Drake declares.

WOULD NOT TAKE THE OLD LADY OUT OF SOAK

[UNITED PRESS LEASED WIRE.]
Los Angeles, Calif., Feb. 3.—Because her son-in-law would not pay the fine imposed upon her for peddling goods without a license, Mrs. Sarah Thom, aged 90, is in jail today. The woman was arrested in company with her daughter, Mrs. Emma Davey. The court levied a fine of \$3 against Mrs. Thom and \$20 against Mrs. Davey. The latter informed the court that her husband would not support her, and Davey was summoned and asked to pay the fines. He paid that of his wife but refused to save his mother-in-law from jail.

The Doctor's Question

Much Sickness Due to Bowel Disorders.

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rehall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Rehall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes 25c and 10c. Sold only at our store—The Rexall Store. J. C. Perry Drug Store.

If troubled with indigestion, constipation, no appetite or feel bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by all dealers.

MEXICANS CROSS OVER THE LINE

A HUNDRED ARMED REBELS WITH WAGON LOADS OF ARMS AND AMMUNITION MARCHING TO TIA JUANA.

[UNITED PRESS LEASED WIRE.]
San Diego, Cal., Feb. 3.—Sheriff Jennings of San Diego county, received word this morning that 100 armed Mexican rebels, with four large wagons, containing arms and ammunition, were marching from Mexicali in the Imperial Valley, to Tia Juana, just across the Mexican line from this county.

Part of the way, it is said, the detachment will be in American territory. Mexicans at Tia Juana are badly scared.

ANOTHER RESULT OF CONDITIONS

ABSENCE OF SECRETARY BENSON FROM THE STATE MAKES A MUDDLE IN APPOINTMENT OF NOTARIES THAT MAY CAUSE TROUBLE.

Should the contention of Frederick R. Behrends, of Portland, be correct—and it looks reasonable upon the face of it—every notarial commission issued by Jay Bowerman while acting in the capacity of acting governor of the state is invalid. As a natural consequence it would follow that every transaction of such notaries—and there were scores of them issued—would be illegal and that would make invalid hundreds of proceedings relating to the conveyance of real property involving thousands upon thousands of dollars and also proceedings of other character which require the seal of a notary public to make them of legal effect.

Upon the commission issued to Behrends there is the signature of both Bowerman as acting governor and Benson as secretary of state and their respective seals. The law requires that the signatures of both, together with their seals, shall appear upon such documents. Behrends takes the position that if Benson was present to sign the document and place his seal upon it that he should have also signed it as governor and that the name of Acting Governor Bowerman upon it makes it irregular and illegal. If he was not present then the document is regular so far as Bowerman is concerned but irregular and illegal so far as Benson is concerned, because his name must of a necessity have been signed by Corey, a mere clerk in the office of the secretary of state, and who is without authority by law to sign such documents as it provides they must be signed by the secretary of state in person.

A Curing Act Needed.

This is but one instance of hundreds of other where acts performed by Clerk Corey during the absence of Benson have been made illegal by the lack of any law authorizing them. Senator McCulloch called attention to this condition of affairs in the senate the other day when Senator Bowerman's bill creating the office of assistant secretary of state was up for consideration and passed. Senator Bowerman in a speech admitted that the past acts of the office of secretary of state were illegal and stated that the purpose of his bill was to create the office of assistant secretary of state so that there would be no further illegality in the proceedings of that office. Senator McCulloch maintained that the bill should contain a clause curing past transactions but the senate did not see fit to insert one. There is a bill by Derby in the house which authorizes the chief clerk in the absence of the secretary to perform his duties and which carries such a clause and pressure will be brought to bear by those interested in making the past transactions of the office of secretary of state legal to have it passed and made a law.

Behrends asks Governor West to issue him a new commission and his request will probably be granted.

Pneumonia Follows a Cold.

But never follows the use of Foley's Honey and Tar, which checks the cough and expels the cold. M. Stockwell, Hannibal, Mo., says, "It beats all the remedies I ever used. I contracted a bad cold and cough and was threatened with pneumonia. One bottle of Foley's Honey and Tar completely cured me." No opiates, just a reliable household medicine. Red Cross Pharmacy, H. TACOMA IS CRAZY OVER THE RECALL

THOUSANDS SIGN THE PETITION AND IT LOOKS AS THOUGH THE MAYOR WOULD BE "RECALLED" TO PRIVATE LIFE.

[UNITED PRESS LEASED WIRE.]
Tacoma, Wash., Feb. 3.—The recall petitions against Mayor Fawcett, which have been in circulation for two weeks, are being numerously signed today, and indications point to a sufficient number of signers to make the recall effective.

The prevention of the scheduled Lester-Martin prize fight on Wednesday, at the instance of the city commissioners, who, it is claimed, were influenced in their action by the demands of the mass meeting of the mass meeting of church voters, has aroused the sporting fraternity, and hundreds of followers of the sport are signing the recall blanks. Nearly 1000 names were added to the petitions yesterday.

Mayor Fawcett stated today that he is entirely confident that he will defeat any candidate the opposition puts up against him in the coming election.

In the meantime a committee of citizens is framing recall petitions for the other four members of the city commission.

USE INFERNAL MACHINE ON THE COYOTES

[UNITED PRESS LEASED WIRE.]
Wallawa, Ore., Feb. 3.—A practical use for infernal machines has been found. Stockmen in this county have decided to employ bombs to exterminate coyotes now that poison, hunters and traps have proved efficacious.

The machine consists of a charge of dynamite in a lead pipe which is set off by an electric spark when the bait is touched. The citizens of Wallawa are making a concerted effort to rid the district of coyotes before summer on account of the prevalence of rabies among the animals. This winter and last fall a large number of cattle and sheep died from rabies which was contracted from mad coyotes, and several persons, also victims of the animals were compelled to take to the Pasteur treatment.

SAYS KING GEORGE WAS "WHITEWASHED"

Paris, Feb. 3.—Denouncing the vindication of King George, of England as a "whitewash" and the sentencing of Edward Mylius for slander as "disgraceful," Edward H. James, editor of the Liberator, in which Mylius' charges were originally printed, today discussed the case.

"If King George had gone on the stand and sworn that the marriage had not occurred," said James, "I would have been glad to apologize in the Liberator. Mylius refused to submit proof that the marriage took place because the trial was illegal."

DEMOCRATS WILL BACK CANADIAN TREATY

Washington, Feb. 3.—If the Canadian reciprocity treaty survives its journey through the house, it will owe its life to the Democratic party, according to a belief in congressional circles here today. Democrats in the house have called a caucus for Monday to line up the minority, and indications are that the party in a body will support the measure.

ADOPTS FLAG OF THE BEAR REPUBLIC

Sacramento, Calif., Feb. 3.—Governor Johnson signed two bills today. One makes the flag of the California Bear republic the official state flag. The other bill extends the McEnery act until the end of the year 1912. The act is to establish and quiet title to property in San Francisco, where trouble has been caused by the destruction of records by the fire.

Greeley's Centennial.

New York, Feb. 3.—Many gray New Yorkers who remember Horace Greeley, famous editor of the Tribune, made pilgrimages today to the old Greeley farm at Chappaqua, in Chester county, to celebrate the 100th anniversary of his birth. A monument to his memory is in course of erection there.

40 Miles, 32 Minutes.

Paris, Feb. 3.—All biplane records for speed were broken here today when M. Fay did 40 miles in 32 minutes. Fay was flying in competition for the Aerial league prize.

Life Insurance or Death Insurance—Which?

People willingly pay large sums for life insurance, which is really death insurance; but real life insurance frequently consists in taking Eckman's Alternative.

Can any "lung sick" person afford not to take the Alternative? It sharpens the appetite, makes life look different, brings better health with greater earning power. Other persons are so much improved that they can work even before they are finally cured. Investigate it, if you are broad minded enough to believe that there can be a cure for Consumption which has not been sensationally exploited, or which is not based merely on climatic or diet restrictions. Mr. Webb's report follows:

Weldon, Ill.
Gentlemen: "During 1905, my physician sent me to Texas, from there to Colorado. I became worse and was sent home to die. I heard of Eckman's Alternative, began treatment, and was cured. I earnestly recommend Eckman's wonderful cure for Consumption."

(Signed Affidavit) ARTHUR WEBB, Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. Ask for booklet of cured cases and write to the Eckman Laboratory, Philadelphia, Pa. for additional evidence. For Sale by all leading druggists and

F. M. HENLINE EXPIRES SUDDENLY

WAS TALKING TO HIS SON AND FAMILY WHEN SUDDENLY ATTACKED WITH PAIN IN HIS SIDE, AND EXPIRED IN AN HOUR.

While conversing with son, Harvey Henline, and family, at their home at 1395 North Commercial street, last evening, F. M. Henline, of Portland, was suddenly seized with a pain in his side, and before medical aid could be secured, he had expired.

Mr. Henline had come up from Portland for a visit with his son, and until seized with the pain on his side, seemed to be in good health. When it first attacked him it was not regarded as serious, but when it did not cease in a short time Dr. Brewer was summoned. He arrived upon the scene about an hour after the attack, only to find that death had preceded him. The cause of death was assigned to pleurisy.

The deceased was 55 years of age. The remains will be shipped by the Lehman & Clough Undertaking Company tomorrow morning to Stayton, where interment will be made.
