In the death of Captain M. F. Eggleston the state loses a valuable member of the lower house.

The passage of some bill to help Oregon get some immigration that will help settle up the farm lands of the state is very important.

The house committee on ways and means will report favorably on the bill for the Astoria Centennial celebration, and will approve the senate bill for \$50,000.

The bill by Mr. Gill, of Wasco, for support of college extension work deserves support, from the fact that the old-fashioned farmers' institute, where a lot of politicians went out and jolied the farmers is being done away with.

THE RAILROAD HAS CLUTCHES ON CANADA

London, Feb. 4.—Judgment was given out today by the privy council in the important case of Minister of Public Works of the Province of Alberta against the Canadian Pacific Railroad.

Their lordships held that unoccupied lands were not taxable until 20 years after the actual grant of letters of patent to the settler, even should there be a delay of many years on his part in taking out those letters of patent.

Victoria, B. C., Feb. 4.—The failure of the test case of the province of Alberta before the privy council regarding the taxation of C. P. R. lands will prove expensive in the prairie provinces, as practically every municipality and school district is affected.

OBJECT TO EDUCATING CORPORATION LAWYERS

San Francisco, Feb. 4.—Demand that the state university of California cease to train lawyers who lead the assaults of privileged capital and corporations generally upon the masses is voiced today in a resolution adopted by the labor council.

The resolution was sent to Sacramento and its matter referred to the law and legislative committee for further expression.

CHARGED WITH FORGERY OF WILLIAMS' WILL

Seattle, Feb. 4.—Mrs. Minnie Williams is here today, charged with perjury, forgery and subornation of perjury. She was locked up after a jury in a civil action had decided that the will offered as that of Jack Williams, an Alaskan, was forged.

CANADIAN RAILROADS ARE ALL TIED UP HARD

Winnipeg, Man., Feb. 4.—Few trains are moving today on any of the three great railway systems in Western Canada, hundreds of passenger and freight trains being buried in the snow drifts or are stalled with dead locomotives.

HAS TO PAY ALIMONY TO HEINZ'S WIFE

New York, Feb. 4.—Charles A. Henderson, former husband of Bernice Golden, the actress bride of F. Augustus Heinz, hates to pay alimony, especially when the money is to go to the wife of a millionaire.

SPAIN WANTS TO KNOW ALL ABOUT THE MAINE

Madrid, Feb. 4.—That the Spanish government insist on official copies of all reports made of the investigation into the blowing up of the United States battleship Maine in Havana harbor, is the demand today of the government's official newspaper.

"This," the paper adds, "would be a slight reparation for the injury suffered by Spain in her war with the United States."

GOVERNOR FILES HIS FIRST VETO

KNOCKS OUT NOTTINGHAM'S BILL EXEMPTING HOMESTEADS FROM THE OPERATION OF MECHANICS' LIENS.

Believing that the material men of the state have a sufficient protection of law now relative to the extension of credit to contractors, without the enactment of another law which would make homesteads available to their liens, Governor West yesterday afternoon vetoed the bill of Senator Nottingham, which had that end in view.

Under the present law a material man can look to both the contractor and the owner of a building for his pay. Should the former skip without paying the bill for the materials furnished the material man can file a lien on the building erected, and make the property owner pay for the materials entering into it, even though he has already paid the contractor.

SEATTLE HAS GONE CRAZY OVER RECALL

Seattle, Wash., Feb. 4.—With the recall election only three days away, and partisans of Mayor Hiram C. Gill and George W. Dilling, the candidate of the Welfare league, hurling defiance at each other, Seattle is stirred today by the action taken by District Attorney John F. Murphy who has issued warrants for the arrest of 235 alleged "floaters" for having registered several times, according to detectives, who have been collecting evidence in the downtown wards.

BECAUSE HE SET BACK THE FAMILY CLOCK

New York, Feb. 4.—John Morrow has a wife today because she never appreciated his astuteness until he turned back the clock two and one-half hours to prevent her from attending a divorce suit she had brought.

When the case was called before the Domestic Relations Court at 11 a. m., the complainant did not appear. When Mrs. Morrow arrived at 1:30 p. m. the case had been dismissed.

Corvallis Has Made Progress.

The principal streets are paved with bituminous pavement, and Jefferson street that runs out past Waldo Hall is contracted for as are several other streets leading to the college. Occasionally you see mud six inches deep piled on a crosswalk where a dirty alley embouches on a street that has been paved, reminding you of the old Corvallis.

Fine New Hotel.

The new Corvallis under the management of Mr. and Mrs. Chas. Baker has one hundred rooms, with 20 baths, steam heat, telephones, a beautiful dining room and grill room, and modern finish and service in every department, including electric elevator. It was rebuilt by the owner, Julian McPadden, and is a monument to his enterprise and business foresight.

The small man is smaller than the smallest midget.

A FIERCE BLIZZARD IN THE NOME COUNTRY

Nome, Alaska, Feb. 4.—With the coming of dawn today indications were that the blizzard which has been raging here for two days, and which caused much suffering on the trail, has subsided.

Several men have reached the city suffering from frozen toes, ears or fingers.

The death of Thomas White, who died of heart disease, is ascribed indirectly to exposure, undergone previous to his illness.

With both feet frozen, Ed Johnson was found on the trail two days ago, and brought into town. He must submit to amputation to save his life.

TAFT WILL MAKE VISIT TO YALE

Washington, Feb. 4.—President Taft will leave his dignity at the White House and again become a rah rah boy tonight, when he will be guest of honor at the annual banquet of the Washington Society of Yale Alumni.

The Yale class of 1878 will hold a reunion in Washington later in the month, and the president will entertain the members at dinner at the White House.

ONE DEAD AND THE OTHER SOUND ASLEEP

Chicago, Feb. 4.—John Mullaney, 57, a saloon keeper, was found dead behind his bar today by a policeman, a bullet hole through his heart. Beside the stove, asleep, was a man who refused to give his name. The man said he had heard no disturbance, and knew nothing of the shooting. He had been asleep for hours, he said. He was taken to jail, pending investigation. The police think robbers entered the place and Mullaney attempted to resist. A search, however, indicated that nothing had been taken.

GREATEST FUTURE OF ANY CITY

SAYS HETTY GREEN'S SON, IN DISCUSSING SAN FRANCISCO AND THE PANAMA FAIR, IS THE DOORWAY OF THE ORIENT.

San Francisco is assured of the Panama exposition, it has the greatest future of any city in the United States," said Colonel Edward H. R. Green, son of Mrs. Hetty Green, who is in New York organizing a trust company to take over his mother's millions. "San Francisco has the only first-class harbor on the Pacific coast, and is admittedly the doorway of the Orient. Eastern people do not realize the possibilities of that wonderful Western city, but now that they have won the big fair, people in this section of the world will see something that will open their eyes when they visit San Francisco in 1915.

"Forget all about the big fire. That is a thing of the past. It is an old saying that 'lightning never strikes twice in the same place.'"

ARIZONA CONSTITUTION

The constitution makers of Arizona have finished their work. It represents the high water mark of democracy in the United States. Here are its main provisions: Initiative and referendum; percentages of 10 and 5 respectively. Anti-child labor provision. Amendment to constitution by a majority vote of the people upon initiative of 15 per cent of voters. Nonpartisan election of the judiciary.

Recall of all elective officers. Anti-lobbying law. Direct primaries. Direct advisory primary for senators. Instructions to the legislature to enact a corrupt practice law. Rigid corporation regulation, with provision to abolish wild-catting. Physical valuation of railroads as a basis for rate regulation. Corporation commission with wide open powers. Employees' liability provision. Mandate for the enactment of a law. Restricting sale of public lands, to prevent land grabbing. Abolition of fee system of all public officers. Giving cities over 3,500 population right to frame their own charters. Prohibiting employment of aliens on public work.

This great instrument now goes to congress and the president for acceptance or rejection. If accepted it will mark a new epoch in the growth of American institutions.

Well done, Arizona! "Time's noblest offspring is the last."—Wichita (Kan.) Beacon.

MARRIED TO A CAYUSE SHE IS SORRY FOR HORSES

Paris, Feb. 4.—The Princess de Sagan, whose tribulations as the wife of Count Boni De Castellane made gossip for two continents, will espouse the cause of the Paris cab horse, which, she thinks, is cruelly treated. A "League for the protection of horses" has the former Miss Anna Gould as one of the principal members.

Nothing is more exasperating when you are having a well substantiated fit of double refined worry than to have your friend come round and speak to you in soothing tones as they advise you not to.

THIRTY INJURED IN STREET CAR WRECK

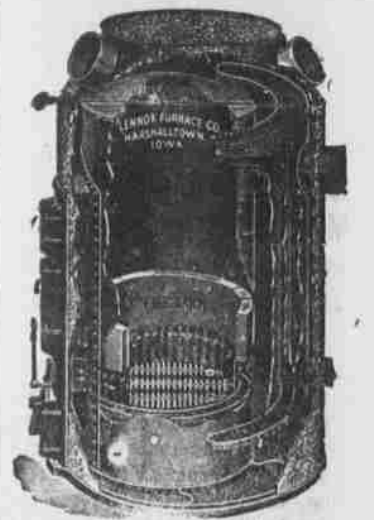

Los Angeles, Calif., Feb. 4.—Investigation was begun today of a rear end collision between two Pacific Interurban cars last night in which 30 persons were injured. A San Pedro car ran into a Whittier bound car at a grade crossing. Wet tracks, on a slight grade, and drizzling rain, which obscured the vision of the motorman, caused the accident.

NO CIGARETTES IN WASHINGTON

Olympia, Wash., Feb. 4.—It is still illegal to sell cigarettes in this state. The bill calling for the repeal of the anti-cigarette law which has been in force two years was recommitted without a hearing. It is a misdemeanor under this law to sell or have in possession cigarettes or the makings.
