SPEAKER RUSK PUTS THROUGH SECOND CHOICE DIRECT PRIMARY LAW

BILL RECEIVED WITH APPLAUSE FROM THE CROWDED LOBBY AND FLOWERS SENT TO THE DESK OF THE SPEAKER—FIRST PEOPLE'S PROGRESSIVE MEASURE THAT EVER EMANATED FROM A REPUBLICAN LEGISLATURE—YOUNG REPUBLICAN LEADERS CHAMPION POPULAR CAUSE.

Aiming at a new and honest leadership of the Republican party, Speaker Rusk put through the house last night the second choice primary election bill, which was framed by Senator Sinnott and Representative Gill, both of whom had prepared second choice bills.

They failed to agree on the terms of this bill, which was carefully compared with the amendment to the constitution providing that the legislature may enact a second choice provision for the primary law, and is believed to meet all tests of this Oregon constitution.

For the first time in the history of Oregon a people's measure that is to give the people additional power at the polls comes from a Republican presiding officer, and is put through by a strongly Republican house. It will now go to the senate and it is almost too much to expect that the upper house will have the superhuman political intelligence to pass the bill. It will probably be rejected, and, as usual, the labor organizations and People's Power League will have to enact the law to give the people of Oregon what other strong Republican states already have.

Provisions of Bill. Hereafter at all primary elections a majority shall be required to nominate a party candidate. Where there are three or more candidates for nomination for any office the voter shall indicate a first and second choice for such offices.

In such case where no candidate receives a majority of all votes cast for that office, the second choice votes cast for such candidate shall be added to the first choice, and the one receiving the highest total of first and second choice votes shall be declared the party nominee.

Where there are several nominations to be made in one division on the ballot, and no one has a major-

ity of total first and second choice votes, those receiving the highest votes in the group shall be the candidates, as a legislative group in Marion county.

Discussing the Bill.

Peterson, of Umatilla, said he lived within ten miles of Walla Walla, and had observed the working of the system of giving the voters a second choice in candidates. The business and professional men of Walla Walla approved of this system as a good one. Huntington said this law would work the greatest reform in politics, and bring out better men by exercising the second choice. It required a majority to nominate a man for any office, and where there were three or more candidates for one office the second choice must be exercised.

Gill said he was a supporter of Bourne, and might be again, unless the Republican party put up better men he would vote for him again. The constitution was amended to give the people the right of a second choice, and he favored giving it to them. Let us have that kind of a law in Oregon—the same as they had in Washington and Idaho.

Brooke, of Malheur, discussed the matter from the constitutional standpoint. This section was enacted to give the people this law and proportional constitution. A second choice does not mean to cast a vote for two men for the same office, but he exercises several choices for the same office, and to arrive at a majority selections. The constitution also provided for majority choice.

This law would give us more nearly the expressed will of the people. It was working well in Idaho, where he was familiar with political conditions. Mr. Bonebrake and Mr. Abram spoke for the bill. On roll call the bill went through by a big majority, and there was loud applause.

TRYING TO STOP PELAGIC SEALING INDEFINITELY

[UNITED PRESS LEASED WIRE.] Victoria, B. C., Feb. 17.—The sealing treaty between Canada and the United States, providing for a suspension of pelagic sealing for an indefinite term of years has been signed, and as soon as the consent of Japan to enter into a similar treaty is secured, the schooners will be ordered from the seas, according to official information reaching here today. The difficulty in providing for bringing the treaty into effect lies in obtaining the inclusion of Japan to the arrangement. Owing to the fact that Japan is not a party to the Paris agreement of 1894, the Japanese sailing vessels are not bound by the regulations which govern other sealers, and the industry provides for a fleet of nearly 5 Japanese sealers, of which 35 vessels went to Debring Sea last year.

[UNITED PRESS LEASED WIRE.] London, Feb. 17.—King George's refusal to take the witness stand in the case of George Mylius, who was imprisoned for criminally libelling his majesty, today threatens to bring to a head trouble which has been brewing in England for some time. It is said numerous miscarriages of justice have resulted because "big men" have refused to testify.

[UNITED PRESS LEASED WIRE.] Victoria, B. C., Feb. 17.—"That the Liberals of Victoria, in public meeting assembled, endorse the proposed tariff agreement between Canada and the United States," was the resolution submitted to the gathering at the Broad street hall, under the auspices of the local Liberal association. It was carried unanimously. Previous to this there were three addresses on the question of reciprocity by local Liberal leaders.

PORTLAND HOLD-UP IS CAPTURED

WILLIAM JOHNSON AND H. S. DUPLAISSE ARRESTED FOR ROBBING JEWELRY STORE AND PART OF PLUNDER IS FOUND ON THEM.

[UNITED PRESS LEASED WIRE.] Portland, Ore., Feb. 17.—Charged with the daylight robbery of the Diamond Palace jewelry store when \$4000 in cash and jewels were stolen after James Gilbert, a clerk was knocked senseless, William Johnson and H. S. Duplaisse, formerly a bartender, are under arrest here today. Part of the stolen jewelry was found on the prisoners, and Andrew McDonald, a hotel porter, who was arrested while trying to dispose of some of the gems, has confessed his part in the matter and told the police that the other prisoners are the ones who did the work. Both of them have repeatedly declined to talk of the matter and the police have not ascertained whether it was Duplaisse or Johnson who slugged Gilbert.

When detectives took Johnson and McDonald in custody at Second and Morrison streets after shadowing them for two days, Johnson pulled a short nickel plated revolver from his pocket. Detective Coleman, however, pressed his own weapon against the man's back and prevented any overt moves by Johnson.

Practically 75 per cent of the jewelry remains unaccounted for. It is believed however, that it all will be recovered. Johnson and Duplaisse are suspected of other robberies that have occurred in Portland recently. The men were preparing to leave for Seattle when arrested.

Lungs Declared Sound—Life Insurance Granted.

If you knew a remedy that really had cured Tuberculosis, that had saved from death quite a number of people, would you try to get Consumptives interested in it and induce them to take it; or would you say nothing about it, for fear of giving offense?

We know the medicine. We know the people cured—ones of them we have the stories of cure of many—and affidavits from some. We advertise Eckman's Alternative to tell those who have lung disease what has been done by its use. Investigate the following:

1618 W. DuPont St. Phila., Pa. Gentlemen:—On the evening of May 12, 1907, I had five hemorrhages from the right lung. My hemorrhages kept up for one week. I had twenty-eight in all. Severe pneumonia developed. My doctor told me I had better go to another climate, as my left lung had also become affected. About that time I met Howard Klotz, 1619 Susquehanna Ave., this city, who had hemorrhages several years ago and who was cured by Eckman's Alternative. I started to take Eckman's about the latter part of August, 1907. My appetite improved at once and in about two weeks I started to gain weight. I improved steadily. Later, a very bad lameness developed in my right leg and I commenced to get a lump on my right hip. My doctor told me I was getting a tubercular abscess and that it was affecting the static nerve. The lameness and lump gradually disappeared. Have not had any trouble of that nature since.

Since my recovery, about a year ago, I was accepted for life insurance, after two examinations by a company that had previously rejected me. I have advised several people to take Eckman's and those who took it faithfully had the same results as myself. Legislative Snapshots. The house adopted a rule that only three persons speak on any one bill, and not over 15 minutes on each side. As there are 400 bills hanging fire this would mean that 200 working hours can be consumed on these moribund measures. At an average of five working hours per day, the legislature will sit for 40 more days. The people can dispense with both bills and the legislature.

It is bad enough to vote for bills that you understand. To vote for bills that you do not understand is inexcusable. Mason, of Hood River, who has enacted more laws than some of the real members, was still alive as this paper went to press.

Major Ely, the venerable and dignified veteran sergeant-at-arms of the house, is quite strict in enforcing the rules against the young men who flock around the tables where the committee clerks most do congregate. But let no one assume that he is indifferent to the charms of the gentler sex. Major Ely has a pair of glasses with especially strong lenses that bring the object of his vision right up close. He uses those glasses exclusively on the ladies.

KAISER'S BROTHER ADMIRERS THE KAISER [UNITED PRESS LEASED WIRE.] Berlin, Feb. 17.—The socialist and the progressive press are showing the keenest resentment today over Prince Henry of Prussia's characterization of socialists as "the enemies of our country."

Addressing the Military Veterans, the Kaiser's brother discussed indirectly the Socialists gains in the last election. "It is the duty of all to rally around our supreme war lord, the Kaiser, and to crush the enemy in our own country," he said. "Of course, we respect political convictions, but as soon as the orderly basis of such conviction is abandoned in favor of revolutionary methods we must uphold the law and authority by all means."

AN OLD-TIME PRESCRIPTION In a modern product. From time immemorial sage and sulphur have been used for the hair and scalp. Almost every one knows of the value of such a combination for darkening the hair and making it grow. In addition there is the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. Such a preparation is Wyeth's Sage and Sulphur, which is sold by all leading druggists for 50c. and \$1.00 a bottle, or which is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Michigan, who writes: "I have used Dr. King's New Discovery for 30 years, and its benefits are too good and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it 40 years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay fever, cough, quinsy or sore lungs. Price 50c, \$1.00. Trial bottle free. Guaranteed by J. C. Perry, Druggist.
